Report on the Financial Statements

We were engaged to audit the accompanying financial statements of R. David Heekin, M.D., P.A., 401(k) Plan and Trust which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D which was certified by the Principal Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at the end of the year as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the R. David Heekin, M.D., P.A. 401(k) Plan ("The Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of R. David Heekin, M.D., P.A. (the Employer, Sponsor and Company) who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

For 2013, participants may contribute up to $17,500 of pretax annual compensation, as defined in Section 402(g) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For 2012, the contribution limit was $17,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company contributes 100% of deferrals that do not exceed 6% of Plan compensation. The total matching contribution will not exceed 4% of Plan compensation. The matching Company contribution is invested directly in the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the Company. Contributions are subject to certain limitations.

Investment Options

The Plan is funded with a group annuity contract (the Contract) issued by the Principal Trust Company. The Contract offers a wide spectrum of investment choices for qualified plans including a general account plus various pooled separate accounts from a variety of investment managers. Participants may transfer invested assets between accounts and redirect investment of current and future contributions.

NOTE A - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) The Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The vested percentage is based on a three year graded scale.

Loans

Participants are not allowed to borrow vested amounts from the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant who has a vested account in excess of $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant who has an account balance of less than $5,000 may receive a lump sum distribution of the vested account balance.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $9,650 and $59,109, respectively. These accounts may be used to reduce future employer contributions and pay Plan expenses.

Note B – Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are invested in the Contract with the Principal Trust Company. GAAP require that the Contract be reported at fair value. Principal Trust Company's management believes that the best estimate of fair value is contract value. The contract value does not materially deviate from the fair value. Thus, contract value has been used as the measurement value for financial presentation of the insurance contract. See Note E for further discussion.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to partially benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the partially benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Note B – Summary of Significant Accounting Policies (continued)

Date of Management's Review

Subsequent events were evaluated through November 5, 2015, which is the date the financial statements were available to be issued.

NOTE C – INVESTMENT CONTRACT

The Contract offers pooled separate accounts plus a general account from a variety of investment managers. The pooled separate accounts are valued at contract value, as participants may withdraw separate account assets at contract value without restriction. Separate account assets are market-to-market on a daily basis. The Contract is benefit responsive but not fully benefit responsive. Any liquidation charge applicable to pooled separate accounts should only be considered if contract termination is probable.

Participants withdrawing from the Plan are paid the full vested contract price in the event of participant termination, retirement, death, disability, or contract termination. In the case of a contract termination, a market value adjustment or a liquidation charge may apply.

The Contract is not tradable, nor is it assignable; thus, there is no market value at which it could be exchanged. In the absence of a market value, the discounted cash flows based on current yields are suggested as a method of valuation. However, the contract has no defined maturity, so the timing of future cash flows is unknown. In the case of Contract termination, a market value adjustment and/or liquidation charge may apply to the general account assets. However, the guidelines specifically state that "contract termination (penalty) clauses need not be considered unless it is probable that the plan intends to terminate the contract." Therefore, these termination provisions should not be taken into account when determining fair value, unless contract termination is probable.

When participant-initiated withdrawals are allowed to be made, they are always made at contract value. Given this and the above considerations, Plan management does not believe that a reasonable method exists for determining the fair value at an amount that differs from contract value. Plan management, therefore, believes that contract value is the most reasonable estimate of fair value.

NOTE D – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (continued)

The Plan's pooled separate accounts, including gains and losses on investments bought and sold as well as held during the year, appreciated in value by $565,832 and $236,385 for the years ended December 31, 2013 and 2012, respectively. The Plan's general account earned interest in the amounts of $2,861 and $504 for the years ended December 31, 2013 and 2012, respectively.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits and were certified to as complete and accurate by the Plan's custodian, the Principal Trust Company. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 input consists of significant other inputs and is principally comprised of mutual funds, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs represent the lowest priority to unobservable inputs and were only used when Level 1 or Level 2 inputs were not available.

There have been no changes in valuation methodologies used at December 31, 2013 and 2012. Both the pooled separate accounts and the general account are valued at contract value.

NOTE E—FAIR VALUE MEASUREMENTS (Continued)

The table below represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2012, and the significant unobservable inputs and the ranges of values for those inputs:

Quantitative Information bout Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

Instrument	Fair Value	Principal Valuation Technique	Observable/ Unobservable	Range of Significant Input Values	Range	Impact of Increase in Input on Fair Value
Insurance Company General Account	$99,766	Discounted cash flow	Unobservable	Crediting rate represents the average renewal market rates applied to new funds deposited as well as expected rollover rate and	200 - 200 basis points	Increase

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G – PLAN AMENDMENT

In May 2013, The Plan was amended such that, effective January 1, 2014, the vesting schedule was shortened to three years.

NOTE H – TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – RELATED PARTY TRANSACTIONS

All investments are managed by The Principal Trust Company. The related investment fees are presented net of the appreciation / depreciation in the fair value of investments on the statement of changes in net assets available for benefits. Therefore, these are considered exempt party-in-interest transactions.

NOTE K – DATE OF AUDIT REPORT

The date of the audit report is November 5, 2015. This represents the date that the audit's substantive procedures were complete.

There were substantial delays in completing the audit due to issues with the Employee Census which were addressed by the Plan's Third Party Administrator and were eventually corrected. Additionally, the Plan's audit year fell within the required Peer Review period of the auditor which necessitated the audit work be reviewed by the Peer Reviewer prior to completion.

NOTE L – SUBSEQUENT EVENTS

Effective December 31, 2013, profit sharing employer contributions were discontinued.

On December 31, 2014, Dr. David Heekin separated from R. David Heekin, M.D, P.A. Additionally, on that date the Cash Balance Plan was closed.

Effective January 1, 2015, the safe harbor match of the Plan was changed to a Qualified Automatic Contribution Arrangement (QACA). Also, in March of 2015, the Plan Sponsor changed its name from R. David Heekin, M.D., P.A., to Southeast Orthopedic Specialists, Inc.
