Independent Auditors' Report

To the Plan Administrators and Trustee of the
Fogarty Klein Monroe Profit Sharing Tax Deferred Savings Plan

We were engaged to audit the Statement of Net Assets Available for Benefits as of December 31, 2010 and 2009, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010, and supplemental schedule of Fogarty Klein Monroe Profit Sharing/Tax Deferred Savings Plan (the "Plan"), as of December 31, 2010, and for the year then ended as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-12(d) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by AAAA Benefits, Inc. (the "Trustee" of the Plan) except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan's investments are held by a 103-12 Investment Entity. The Trustee reports information directly to the Department of Labor in accordance with section 2520.103-12(b). The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Fogarty Klein Monroe Profit Sharing/Tax Deferred Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Fogarty Klein Monroe (the "Company") who have three months of service. The Plan was originally established on January 1, 1982, and most recently restated effective January 1, 2010. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). There have been no significant amendments to the plan since January 1, 2010

Contributions

Each year, participants may contribute up to the maximum allowed by law of pretax and after tax annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Company matching contributions are discretionary at the option of the Company's board of directors. During 2010, the company matched 50% of participant after-tax (Roth) elective and pretax elective deferral contributions up to a maximum company match of 3% of eligible compensation. Contributions are subject to certain limitations. The Company may also make discretionary contributions based on profits of the Company. The Company elected to make no discretionary contribution for the Plan year ended December 31, 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the participants' contributions credited to their account plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The current vesting schedule is as follows:

Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1 - Description of the Plan (Continued)

Withdrawals
Participants who have reached the age of 59½ may request a withdrawal of up to 100% of their elected deferrals. Hardship withdrawals are allowed for financial hardships, as defined by the Plan. Normal retirement age is 65.

Promissory Notes from Participants
Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans bear interest at the prime rate in effect when the loan is made. Repayment terms for loans are not to exceed five years, except that a loan used to buy a participant's principal residence can be repaid over more than five years.

Benefit Claims Payable
Distributions provided for by the Plan shall be made as soon as practicable after the valuation date immediately following the period in which a participant's employment is terminated and the participant elects to withdraw or the participant's hardship withdrawal is approved. At December 31, 2010, there were no such benefit claims payable to retired or terminated participants.

Payment of Benefits
On termination of service due to death, disability, retirement, hardship or termination of employment, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Participant accounts that have never been more than $1,000 are paid in a single sum. If a participant's vested account is between $1,000 and $5,000 upon termination, the third-party administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the third-party administrator. If a participant's vested account has been more than $5,000, he or she may choose to either leave the account under the Plan or have all or part of the vested account paid to them. If the participant chooses to leave his or her account under the Plan, it will continue to participate in the Plan investments and provide benefits upon retirement or death.

Disposition of Forfeitures
For any plan year, forfeitures will be added to any employer discretionary contribution for the Plan year in which such forfeitures occur and allocated among the participants' accounts in the same manner as employer discretionary contributions. Forfeitures of $52,010 were available as of December 31, 2010, to be used in accordance with Plan provisions.

Note 2 - Summary of Significant Accounting Policies

New Accounting Pronouncement
In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The Company adopted ASU 2010-25 for the year ended December 31, 2010. Participant loans have been reclassified to promissory notes receivable from participants as of December 31, 2010, and December 31, 2009. Interest income related to promissory notes has been reclassified to interest income promissory notes receivable.

The following are the significant accounting policies followed by the Plan:

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Use of Estimates
The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in AAAA Retirement Fund (a 103-12 entity) ("AAAA") are stated at fair value, as described in Note 8.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

The AAAA Retirement Fund invests in fully benefit-responsive investment contracts. The Statement of Net Assets Available for Benefits presents the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the Plan's share of the 103-12 entity's investment in the Stable Value Fund ("SVF"), a fully benefit-responsive stable value fund. The fair value is calculated by determining the fund's respective share of their entire collective trust from the fair value of the trust's audited financial statements annually as of December 31, 2010 and 2009. The collective trust investment is also stated at contract value, which is equal to principal balance plus accrued interest. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the Plan's share of the investment in the SVF.

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Expenses
The Company may pay all expenses incurred in the administration of the Plan, including expenses and fees of the trustee, but it shall not be obligated to do so. Any such expenses not so paid by the Company shall be paid from the trust fund. The Company paid administrative expenses during 2010, except for expenses described in Note 3 that were paid by the Plan.

Note 3 - Agreement with American Association of Advertising Agencies

The American Association of Advertising Agencies Retirement Fund for Member Agencies (the "Fund") was organized in 1966 by the American Association of Advertising Agencies (the "AAAA Sponsor") to administer retirement plans (profit sharing and 401(k) plans) for member agencies. The Fund is managed and administered on behalf of the Trustees by American Association of Advertising Agencies Benefits, Inc. ("AAAA Benefits, Inc."), a wholly-owned subsidiary of the AAAA Sponsor.

Fogarty Klein Monroe is one of 92 member agencies participating in profit sharing and/or 401(k) plans as of December 31, 2010. Fogarty Klein Monroe entered into a joint agreement and operates the Plan through the Fund's master plan. The Fund is organized as a 103-12 Investment Entity as defined by 29 CFR 2520.103-12. The investments of the Plan are maintained by the Fund.

The partners of Fogarty Klein Monroe entered into an agreement with AAAA Benefits, Inc., to provide plan administrative services for the Plan. The Plan paid $11,907 for the administrative services of AAAA Benefits, Inc. during the year ended December 31, 2010.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the administrator by a letter dated March 31, 2008, that the prototype plan is designed to be in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, the Plan is tax-exempt. The letter also states that an employer who adopts the prototype plan may rely on the letter in respect to qualification of its plan under Internal Revenue Code section 401(a). The Company has not requested an individual determination letter on the Plan.

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 - Investments (Unaudited)

Department of Labor (DOL) Regulation 2520.103-12(d) states that the examination and report of an independent qualified public accountant required by section 2520.103-12 for a plan utilizing the method of reporting under section 2520.103-12 need not extend to any investment information concerning an entity which is reported directly to the Department of Labor. AAAA Benefits, Inc. (Trustee), which handles the investments for Member Agencies including the Plan, is a 103-12 investment entity.

The supplemental schedule of assets held at year-end, as well as the following investment information included in the Plan's financial statements and supplemental schedules, was prepared by AAAA Benefits, Inc., the Trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Trustee that such information is complete and accurate.

The contract value of the Stable Value Fund was $3,213,210 and $2,851,466 as of December 31, 2010 and 2009, respectively.

Note 6 - Investments (Unaudited) (Continued)

Certified investment income is as follows:

	December 31, 2010
Investment income:	
Net investment gain from AAAA Retirement Fund	$ 1,618,749
Net appreciation of insurance company funds	9,269
	$ 1,628,018

The Plan's investments in the AAAA Retirement Fund, a 103-12 entity and third-party administrator of the Plan, are considered party-in-interest transactions.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 8 - Fair Value Measurements

Financial Accounting Standards Board Statement ASC 820, Fair Value Measurements (FASB ASC 820), formerly FAS 157, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Mutual funds and money markets: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Collective Trust - Stable value fund: Valued by determining the fund's respective share of the entire collective trust from the trust's audited financial statements as of December 31, 2010 and 2009.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value for the years ended December 31, 2010 and 2009:
