NOTE A - DESCRIPTION OF THE PLAN

The following description of the B & B Manufacturing Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan established by B & B Manufacturing Company, Inc. (the "Employer") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"). The Plan provides for a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Employer. The Plan is administered by the management of the Employer and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Great-West Life & Annuity Insurance Company (the "Custodian") is responsible for the custody and management of the Plan's assets.

2. Eligibility

All nonunion, nonleased, and non-resident aliens are eligible for participation in the Plan upon completion of one year of employment (defined as 1,000 hours of service or more) and attainment of age 21, prior to the entry dates of January 1 or July 1.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, up to 100% of their eligible compensation, subject to certain limitations under the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may direct contributions, as desired, in any of several investments offered by the Custodian and may change their investment options daily. In addition, the Employer may make a discretionary matching contribution, in an amount subject to determination on an annual basis by the Board of Directors of the Employer, for eligible participants who are employed on the last day of the Plan year.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum of 50% of their vested account balance (not to exceed $50,000 less the highest outstanding loan balance during the prior twelve month period). All loans shall bear interest at prime plus 2%. Loans must be paid back within five years of the date of issuance in accordance with terms established by the plan administrator. Loans for the purchase of a principal residence may be paid back over twenty years. Loans are due and payable upon termination of employment with the Employer.

6. Vesting

Employee contributions, rollovers, and actual earnings on all such contributions are fully vested at all times. Vesting of Employer contributions and actual earnings thereon is based upon the participant's years of service with the Employer as follows:

Years of Service	Vesting
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

7. Benefit Payments

Upon termination of employment with the Employer, a participant will receive a lump sum disbursement if his or her vested account balance is less than $1,000. If the vested account balance is between $1,000 and $5,000, a lump sum will be distributed directly to an individual retirement account designated by the Employer unless the participant elects otherwise. For balances is greater than $5,000, the participant is entitled to receive a lump sum amount or installment payments. In the event of death or total and permanent disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account. In addition, upon attaining age 59 1/2, participants may receive distributions. Hardship withdrawals are also permitted if certain criteria are met.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Administrative Expenses

Administrative expenses incurred by the Custodian in performance of its duties are paid from the assets of the Plan. The Employer pays substantially all other out-of-pocket administrative expenses of the Plan.

9. Forfeitures

Forfeitures of terminated participants' nonvested accounts may be applied against future Employer contributions or to pay administrative expenses. During the year ended December 31, 2009, $4,696 of forfeitures were utilized for fees. As of December 31, 2009 and 2008, outstanding forfeitures available totaled $4,775 and $8,864, respectively, and are included in net assets available for benefits.

10. Plan Amendment and Termination

Although it has not expressed such intent, the Employer, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Payment of Benefits

Benefits are recorded when paid.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled separate accounts: Valued at the fund's net asset value reflecting all investments at fair value, including direct and indirect interests in mutual funds, as reported by the fund manager, held by the Plan at year end.

Guaranteed investment contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issue. The guaranteed portfolio fund is not considered fully benefit responsive, and fair value equals contract value.

Participant loans: Valued at amortized cost, which approximates fair value.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the value fair of certain financial instruments could result in a different value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Custodian is a party-in-interest with respect to the Plan. Investments are held with the Custodian. Participant loans and the related interest income are considered related party transactions.

NOTE H - INTERNAL REVENUE SERVICE STATUS

The Internal Revenue Service has issued an opinion letter to the Custodian dated March 31, 2008, that the adopted prototype Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan did not seek a favorable determination letter with respect to the adoption of the plan document, nor with the plan amendments, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE I - CORRECTIVE DISTRIBUTIONS

During the year ended December 31, 2009, corrective distributions of employee contributions and earnings totaling $719 were required to satisfy relevant contribution limits and nondiscrimination provisions of the Plan, all of which were paid by March 15 of the following year and were payable at December 31, 2009.

NOTE J - PLAN AMENDMENTS

Effective January 1, 2009, the management of the Employer adopted the Restated Plan Document of the prototype volume submitter plan, which encompassed several tax compliance amendments.
