1. PLAN DESCRIPTION

The following brief description of the Wawona Frozen Foods 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Agreement for more complete information.

General – The Plan was established on January 1, 1991 and amended and restated effective January 1, 2015, and covers all employees who have completed one year of service and who are twenty-one years of age or older. The Plan is subject to the Employee Retirement Income Securities Act of 1974 ("ERISA") and is exempt from Federal and California taxes on income under the current provisions of the Internal Revenue Code and the California Revenue and Taxation Code, respectively. There were 279 and 391 participants in the Plan as of December 31, 2015 and 2014, respectively. Once eligible to participate, employees can enter the Plan on the first day of January or July.

Administration – The Plan is administered by Wawona Frozen Foods (the "Company"). Professional fees related to the administration of the Plan are paid by the Company.

Contributions – Participants may contribute up to the maximum dollar amount determined by the Federal Government. The maximum dollar amounts for salary deferrals in 2015 and 2014 were $18,000 and $17,500, respectively. Participants that have reached the age of 50 may have additional salary deferrals in 2015 and 2014 of $6,000 and $5,500, respectively. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company provides a discretionary matching contribution which was up to 3% of the employee's eligible compensation in 2015 and 2014. The matching contribution is provided to active employees only. Such matching contributions totaled $160,873 and $145,034 for the years ended December 31, 2015 and 2014, respectively.

Forfeitures – Forfeitures of non-vested participant accounts totaled $2,462 and $3,488 for the years ended December 31, 2015 and 2014, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and the Plan earnings, and charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investing Options – The Plan holds its investment options through John Hancock Life Insurance Company. Upon enrollment in the Plan, a participant may direct contributions between three Guaranteed Interest Accounts and up to forty-one Mutual Funds.

Reclassifications – Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

See independent auditors' report.

Vesting – Participants are immediately vested in their elective deferral contributions and actual earnings at all times. Participants are vested in the employer contributions in accordance with the following schedule:

Year	Vesting
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits – Upon termination of service (retirement, termination of employment, disability or death), a qualified participant's vested account balance will be distributed in installments or one lump sum in accordance with Plan provisions.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000 up to the lessor of $50,000 (reduced by the highest outstanding loan balance in their account during the prior twelve-month period) or 50% of the vested account balance. Principal and interest must be repaid over a period not to exceed five (5) years. Loans used to acquire a principal residence shall provide for periodic repayment over a reasonable period of time that may exceed five (5) years. All loans are secured by a minimum of 50% of the participant's vested interest in the Plan. Interest is calculated based on the prime rate plus 1%. Currently loans have interest rates ranging from 4.25% to 7.00%.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting – The Plan's financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – As of December 31, 2015 and 2014, investments of the Plan held in John Hancock are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The following table presents the investments representing 5% or more of the net assets available for benefits:

	2015	2014
John Hancock Life Insurance Company:		
Pooled separate accounts (mutual funds):		
American Balanced Fund	$ 211,082	$ 255,716
Money Market Fund	805,565	740,855
Mid Cap Stock Fund	261,346	256,596

Davis New York Venture	-	204,425
Guaranteed interest accounts	520,062	517,377
	$2,211,101	$1,974,969

The Plan has an investment arrangement with John Hancock Life Insurance Company to purchase guaranteed interest contracts and pooled separate accounts (mutual funds). John Hancock Life Insurance Company maintains the contributions in separate allocated accounts. The participant's account is credited with actual earnings on the contracts and funds, and charged for Plan withdrawals. The investments held with John Hancock Life Insurance Company represent 91% and 93% of the Plan's assets as of December 31, 2015 and 2014, respectively.

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplement schedule, as of and for the years ended December 31, 2015 and 2014 that was prepared by John Hancock Life Insurance Company and furnished to the Plan administrator. The Plan administrator has obtained certifications that such information is complete and accurate.

	2015	2014
Cash	$ 2,462	$ 3,488
Investments, at fair market value (excluding participant loans)	$3,819,874	$3,844,526
Net investment appreciation (depreciation) in fair value of investments	$ (14,615)	$ 105,419

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Accounting principles generally accepted in the United States of America define fair value and establish a hierarchy for reporting the reliability of input measurements used to assess fair value. Fair value is the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. The fair value hierarchy prioritizes fair value measurements based on the types of inputs used in the valuation technique. Three levels of inputs may be used to measure fair value.

Level 1 – Inputs that reflect unadjusted quoted prices for identical securities in active markets.

Level 2 – Other significant observable inputs other than Level 1 prices, including quoted prices for similar securities in active markets, quoted prices in markets that are not considered to be active, and other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs including management's own assumptions used to determine the fair value of investments.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Pooled separate accounts (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest accounts: Valued at the published rate which is paid for the specified terms. Rates are published daily and apply to new deposits and calculations of fair value.

The following tables set forth, by the level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Fair Value	Fair Value Measurement Using Quoted Prices in Active Markets (Level 1)

5. FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014 in which the Internal Revenue Service stated the Plan restatement adopted on January 1, 2015 is in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal jurisdiction. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, amounts credited to participant accounts will continue to be 100% vested and nonforfeitable.

7. ADP/ACP NONDISCRIMINATION TEST

The ADP test for Plan year ended December 31, 2015 failed; however, corrective refunds were made. The Plan passed the ADP test for Plan year ended December 31, 2014 and ACP tests for Plan years ended December 31, 2015 and 2014.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts and guaranteed interest accounts of John Hancock Life Insurance Company. John Hancock Life Insurance Company is the custodian of the Plan's investments as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through November 17, 2016, the date at which the financial statements were available to be used and no events occurred which would require financial statement disclosure.
