Independent Auditors' Report

We were engaged to audit the accompanying statements of net assets available for benefits of the Anchin, Block & Anchin Savings Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) referred to as "supplemental schedule", as of December 31, 2010 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by MG Trust Company LLC, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Anchin, Block & Anchin Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more detailed and complete description of the Plan's provisions.

A. GENERAL

The Plan is a defined contribution plan covering all full-time employees of Anchin, Block & Anchin LLP (the "Company") who are age twenty-one or older. Entry dates are the first day of the first, fourth, seventh and tenth months of each Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. CONTRIBUTIONS

Each year participants may contribute up to 100% of their compensation, as defined by the Plan document, not to exceed amounts prescribed by the Internal Revenue Service. Participants direct the investment of their contributions into various investment options. The Plan currently offers an array of publicly traded funds to the participant-directed accounts. The Plan permits participants to invest their account under self-direction in qualified investments using brokerage accounts, as permitted by ERISA and as defined in the Plan document. All participants who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the Plan year are eligible to make an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified plans as defined in the Plan document.

The Company may elect, on a discretionary basis, to match contributions up to 25% of the participant's elective deferral contributions as defined in the Plan document. For 2010 and 2009, the Company match was 6.25% of the participant's contributions limited to the first 4.00% of the participant's compensation. For 2010 and 2009 the Company made a matching contribution of $72,809 and $76,646, respectively.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

C. PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, and an allocation of Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. VESTING

Participants are immediately vested in their contributions and earnings thereon. The Company's discretionary matching contributions and earnings thereon will be vested as follows:

Years of Service for Vesting	Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to the lesser of 50% of their vested account balance or $50,000, under certain prescribed guidelines. Newly granted loans to a participant may not be less than $1,000. The loans are secured by the vested balance in the participant's accounts and bear variable interest rates ranging from 4.25% to 7.00% which are commensurate with prevailing rates. Repayment of a loan must be made ratably through regular payroll deductions with a maximum term of five years. If the loan is used to purchase a primary residence, a longer repayment term is permitted. A participant may have no more than three loans outstanding at any one time.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

F. PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's interest in his or her account in either a lump sum amount or in installments as defined by the Plan document. For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in his or her account in either a lump sum amount or in installments as defined by the Plan document.

G. FORFEITED ACCOUNTS

At December 31, 2010 and 2009, forfeited non-vested accounts totaled $11,557 and $6,116, respectively. These accounts can be used to reduce Company contributions and Plan expenses, or be reallocated to participants' accounts in the Plan year in which the forfeiture arises, in accordance with Plan documents. In 2010 and 2009, Company contributions were reduced by $6,116 and $8,126, respectively, from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through August 30, 2011, the date on which the financial statements were available to be issued.

B. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Securities traded in public markets are valued at fair market value at year end as determined by quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. At December 31, 2010 and 2009, the Plan maintained $18,464,720 and $16,664,316, respectively, of the Plan's assets, in participant-directed accounts maintained at MG Trust Company, LLC which acts as custodian of the Plan's assets. At December 31, 2010 and 2009, the Plan also held investments in self-directed accounts whose total market value was $8,258,237 and $6,730,602, respectively. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized when received rather than on an ex-dividend basis. The effect is not material to a fair presentation. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. NOTES RECEIVABLE FROM PARTICIPANTS

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

F. PAYMENT OF BENEFITS

Benefits are recorded when paid.

G. OPERATING EXPENSES AND ADMINISTRATION

The Company, at its discretion, may pay all administrative expenses of the Plan. For 2010 and 2009, the Plan sponsor engaged the services of Sentinel Benefits & Financial Group (formerly known as Geller Group, LLC) to act as recordkeeper, third party administrator and consultant. The cost of the service was partially assumed by the Company and partially assumed by the Plan. In addition, the costs relating to the annual audits of the Plan are being assumed by the Company. The Company may elect in the future not to pay these fees, which would affect the future financial return to participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. OPERATING EXPENSES AND ADMINISTRATION (CONTINUED)

Two of the Plan's trustees are partners and one trustee is an executive of the Company. Certain administrative functions are performed by officers and employees of the Company. No such officer, employee or trustee receives compensation from the Plan.

H. NEW ACCOUNTING STANDARDS

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, Fair Value Measurements and Disclosures which amends Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures (See note 3 for a description of fair value measurements levels). ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which are required in 2011. The adoption in 2010 did not materially affect, and the future adoption is not expected to materially affect, the Plan's financial statements.

During 2010, the Plan retrospectively adopted ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25). This Accounting Standard Update requires that loans to the participants in an entity's defined contribution pension plan be classified as notes receivable rather than as investments. These loans are reported separately from Plan investments. Net assets available for benefits of the Plan were not affected by the adoption of the new guidance.

In May 2011, the FASB issued new accounting guidance to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. The new guidance changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The guidance is effective for the Plan prospectively for the year ending December 31, 2012. The Plan is currently evaluating the impact of pending adoption of the new guidance on its financial statements and notes thereto.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

The Plan has no assets or liabilities which were valued using level 2 inputs.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end, based on published market quotations on active markets.

Common Stocks, Preferred Stock, Government Securities and Corporate Bonds: Valued at the closing price reported in the active market in which the individual securities are traded.

Certificates of Deposit: Valued at cash value which approximates fair value.

Notes Receivable from Participants: Valued at their unpaid principal balance plus any accrued but unpaid interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 14, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The previously filed tax years that remain subject to Treasury Department examination are 2007, 2008, and 2009.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 11 - RELATED PARTY TRANSACTIONS

In 2010, fees totaling $46,121 were paid to Sentinel Benefits & Financial Group (formerly known as Geller Group, LLC), the third party administrator, through the Plan for plan administration fees that are reimbursed by the mutual fund companies. In 2010, $35,623 was reimbursed to the Plan by mutual fund companies and is included in Other Income in the Statement of Changes in Net Assets Available for Benefits. Therefore, these transactions qualify as party-in-interest transactions.
