DAVIS GRAHAM & STUBBS LLP
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

1. DESCRIPTION OF THE PLAN

The following description of the Davis Graham & Stubbs LLP 401(k) Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan agreement and Summary Plan Description for more complete information.

General

The Plan is a 401(k) Plan covering all eligible partners and employees of Davis Graham & Stubbs LLP (other than law clerks hired on or after April 1, 2011 and law students). An employee is eligible to enter the Plan as of the earlier of January 1 or July 1 coincident with or next following completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to qualify under Section 401(a) of the Internal Revenue Code of 1986 (the Code), as amended. The Plan was amended to comply with the Final Regulations issued under Sections 401(k), 401(m) and 415 of the Code; and with respect to certain provisions of the Pension Protection Act of 2006 and the Worker, Retiree, and Employee Recovery Act of 2008. The Plan is administered by Davis Graham & Stubbs LLP. Great-West Trust Company, LLC is the Plan's Trustee and held the Plan's investment assets as of December 31, 2016 and 2015.

Participants may elect to make combined before tax and after-tax Roth contributions of up to 75% of eligible compensation. Total employee contributions are limited to the maximum allowable under the Code of $18,000 in both 2016 and 2015. If participants are age 50 or older, they may elect to defer additional catch-up contributions to the Plan of $6,000 in both 2016 and 2015.

Contributions

Each year, Davis Graham & Stubbs LLP may contribute to the Plan an amount equal to a percentage of each non-key employee participant's compensation for the year, provided the participant is not also a participant in the Davis Graham & Stubbs LLP Money Purchase Plan who received a benefit under such plan that is greater than or equal to 3% of the participant's eligible compensation and is an employee on the last day. In total, all contributions made to the Plan and to the Davis Graham & Stubbs LLP Money Purchase Plan on behalf of each participant cannot exceed the lesser of 100% of the participant's eligible compensation for that year or the maximum allowable under the Code of $53,000 in both 2016 and 2015. Participants eligible to make catch-up contributions may exceed such dollar limitations by the amount of the catch-up contribution.

Each participant's account is credited with that participant's contributions plus an allocation, if any, of (a) the employer's contributions and (b) Plan earnings (losses), as of the current valuation date. The Plan values the individual participants' accounts daily based on the current market value of each type of asset. Amounts credited to a participant's account are fully vested and non-forfeitable.

Investment Options

Participants in the Plan may elect to direct the Trustee to invest all contributions made by them, or on their behalf, into any of 25 fund options available under the Plan. Self-directed accounts are also available whereby amounts are invested as designated by the participant.

Absent an investment election by the participant, contributions are invested in the Vanguard Wellesley Income Admiral Fund.

1. DESCRIPTION OF THE PLAN (Continued)

Distributions

A participant's entire interest in the Plan is distributable upon the participant's termination of employment, death, attainment of normal retirement age (age 65), or disability, as defined under the Plan. Participants can defer distributions until attaining the later of age 70 ½ or retirement in certain circumstances. The Plan requires that lump-sum distributions be made to terminated participants with a total account balance less than or equal to $1,000. Participant benefits are payable in a lump-sum payment, as a qualified rollover into an Individual Retirement Account or another qualified plan, in installment payments or a combination thereof. In-service withdrawals after age 59 ½ and in the event of a hardship are also permitted.

Termination Provisions

Davis Graham & Stubbs LLP has the right to terminate the Plan at its discretion and upon approval of the Executive Committee. In the event the Plan terminates, the net assets of the Plan will be distributed to each participant according to the amount then credited to his or her account in the Trust.

Administrative Expenses

The expenses of maintaining the Plan are paid in part by Davis Graham & Stubbs LLP and in part with Plan assets.

Income Tax Status

The Plan is an adopter of a prototype plan and is entitled to rely on the opinion letter issued by the Internal Revenue Service as to the qualified status of the Plan under Section 401(a) of the Code, as amended, to the extent provided under Revenue Procedure 2011-49. As such, the Trust is exempt from federal income tax under Section 501(a) of the Code. The Plan is required to operate in conformity with ERISA, the Code, and its terms to maintain its qualification. The Plan administrator is not aware of any course of action or series of events that have occurred, including Plan amendments that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan recognizes income and expenses and other changes in net assets using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets during the reporting period. Actual results could differ significantly from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Credit Risk

Overall, the investments offered by the Plan are diversified by geographic area, globally, and by fund objective. They generally represent uncollateralized ownership in or lending to publicly held corporations and the U.S. government and U.S. government agencies traded on reputable domestic and foreign exchanges.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

Authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

3. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements: The fair value of mutual funds and unit investment trusts is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock and money market fund cash equivalents are based on quoted market prices.

Level 2 Fair Value Measurements: The fair value of commingled funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of interest-bearing cash equivalents is based on original cost plus accrued interest. The fair value of certain corporate bonds for which quoted market prices are not available are valued based on price quotes from multiple dealers for the security or similar securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

4. INVESTMENTS

Custody of Plan investments and reporting thereof was managed by Great-West Trust Company, LLC as of December 31, 2016 and 2015.

During 2016, the Plan's investment income under the 25 fund options available under the Plan (including interest and dividend income and gains and losses on investments bought and sold, as well as held during the year) was $3,029,293. During 2016, the Plan recorded investment gain of $674,972 for the self-directed accounts. The plan also recorded other income related to the party-in-interest transaction discussed in Note 5 of $8,464.

5. PARTY-IN-INTEREST TRANSACTIONS

Effective April 1, 2015, the Plan entered into an agreement with the Trustee whereby the Plan, instead of the Trustee, receives the revenue from revenue sharing agreements with the mutual fund service providers that the Plan holds investments with. This revenue is held in the Plan in an unallocated account and is then used to offset certain Plan administrative service expenses. Revenue earned is applied against expenses incurred over the same time period. Plan expenses exceeded revenue sharing during 2016 and 2015. Plan expenses in excess of revenue sharing were paid by Davis Graham & Stubbs LLP.

6. INFORMATION PROVIDED BY THE PLAN TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate and was not subjected to auditing procedures:

- Investments as shown in the statements of net assets available for Plan benefits as of December 31, 2016 and 2015, and Notes 3 and 4;
- Investment income as shown in the statement of changes in net assets available for Plan benefits for the year ended December 31, 2016, and Note 4;
- Schedule H, Line 4i - schedule of assets held for investment for Plan year ended December 31, 2016, as shown on the accompanying schedule.

7. SUBSEQUENT EVENTS

Plan management evaluated events occurring between December 31, 2016 and October 5, 2017, the date the financial statements were available to be issued.
