REPORT OF INDEPENDENT AUDITORS

The Administrator
LANE SUPPLY, INC. 401(K) PROFIT SHARING PLAN

We have audited the accompanying statement of net assets available for benefits of the LANE SUPPLY, INC. 401(K) PROFIT SHARING PLAN ("PLAN") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements, referred to above, present fairly, in all material respects, the net assets available for benefits of the LANE SUPPLY, INC. 401(K) PROFIT SHARING PLAN as of December 31, 2009 and 2008, and changes in net assets available for benefits for the year ended December 31, 2009 in conformity with U.S. generally accepted accounting principles.

Our audits of the Plan's financial statements as of December 31, 2009 and 2008 and for the year ended December 31, 2009, were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule listed in the accompanying index is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the years ended December 31, 2009 and 2008, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1 - DESCRIPTION OF PLAN

GENERAL

Lane Supply, Inc 401(K) Profit Sharing Plan ("Plan") is a defined contribution plan that has been established to provide retirement benefits to eligible employees of Lane Supply, Inc. ("Employer" or "Organization").

The Plan was established April 1, 1994 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). During 2002 the Plan was restated to comply with new Federal regulations. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

CONTRIBUTIONS

Qualified employees may contribute pretax annual compensation up to the maximum percentage allowable under the Internal Revenue Code. In addition, any participant, with the Plan Administrator's written consent, may contribute to the trust other than as a voluntary contribution if the contribution is a "rollover contribution" from another qualified plan. The Organization makes discretionary matching contributions to the Plan in an amount determined by the Organization up to 5% of the participant's compensation. During 2009 and 2008, the Organization matched 25% of participant contributions up to 5% of the employee's wages.

PARTICIPANT ACCOUNTS

Qualified employees 21 years old and older are eligible to become participants in the Plan after six months of employment with the Organization. Separate accounts are established for each participant. Participants' accounts are credited with the participants' contributions and allocations of contributions by the Organization and Plan earnings.

PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, in compliance with the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants would become fully vested. The Organization, however, has no intentions to terminate the Plan.

1 - DESCRIPTION OF PLAN (Continued)

VESTING

Participants vest in the Employer contributions in accordance with the following table:

Year of Vesting Service	Percentage
After 2 years of service	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

PAYMENT OF BENEFITS

A participant's total account balance is paid to the participant or the participant's beneficiary in a lump sum upon the participant's retirement, death or disability. The vested portion of a participant's account can be withdrawn by the participant upon termination of employment with the employer or upon withdrawal from the Plan. In-service withdrawals of after-tax accounts and hardship withdrawals of pre-tax accounts are also available. Benefits are recorded when paid.

FORFEITURES

At December 31, 2009 and 2008, the forfeiture account balance totaled $1,320 and $1,298, respectively. Forfeited amounts are reallocated to the other qualified contributing participants. The amounts reallocated totaled $1,346 for 2009.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared using the accrual method in accordance with U.S. generally accepted accounting principles.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

BASIS OF ACCOUNTING (Continued)

the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of mutual funds and common and collective trusts, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

PAYMENT OF BENEFITS

Benefits to participants are recorded when paid.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in registered investment company funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

ADMINISTRATIVE EXPENSES

The Company pays substantially all administrative costs for the Plan.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ADOPTION OF NEW ACCOUNTING STANDARDS

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("FAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement No. 162*, and also issued Accounting Standards No. 2009-01, *Generally Accepted Accounting Principles* (ASC Topic 105-10), which establishes the FASB Accounting Standards Codification ("Codification" or "ASC") as the official single source of authoritative U.S. generally accepted accounting principles ("GAAP"). All guidance contained in the Codification carries an equal level of authority. All existing accounting standards are superseded. All other accounting guidance not included in the Codification will be considered non-authoritative. The Codification is not intended to change GAAP, but it will change the way GAAP is organized and presented. The Codification is effective for financial statements issued for interim and annual periods ending after September 15, 2009. Except for the disclosure requirements, the adoption of this statement did not have an impact on the determination or reporting of the Plan's financial statements. The Plan is providing the Codification cross-reference alongside the references to the standards issued and adopted prior to the adoption of the Codification.

In May 2009, the FASB issued SFAS No. 165, *Subsequent Events* (ASC 855-10). This statement establishes general standards of accounting for disclosures of events that occur after the date of the statement of net assets available for benefits but before financial statements are issued or are available to be issued. In particular, this statement sets forth (1) the period after the statement of net assets available for benefits date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (2) the circumstances under which an entity should recognize events or transactions occurring after the statement of financial position date in its financial statements; and (3) the disclosures that an entity should make about events or transactions that occurred after the statement of net assets available for benefits date. This statement is effective for interim or annual periods ending after June 15, 2009. The Plan adopted this statement during the year ended December 31, 2009. This statement is not expected to have any impact on the Plan's net assets available for benefits or changes in its net assets available for benefits.

In July 2006, the FASB issued Interpretation ("FIN") 48, *Accounting for Uncertainty in Income Taxes – an Interpretation of SFAS 109* ("ASC 740"). This interpretation is effective for years beginning after December 15, 2008 and clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements in accordance with SFAS 109, *Accounting for Income Taxes*. It prescribes a recognition threshold and measurement attribute for financial statement disclosure of tax positions taken or expected to be taken on a tax return. The adoption of this interpretation did not have an impact on the Plan's financial statements.

3 - FAIR VALUE MEASUREMENTS

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities, and a hierarchy for which these assets and liabilities must be grouped is established based on significant levels of inputs as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: valued at the NAV of shares held by the Plan at year end. The NAV is a quoted price in an active market.

Common and collective trust: valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Value
Mutual funds:				
Fixed Income Funds	$ 1,519,897	$ -	$ -	$ 1,519,897
Growth Funds	219,933	-	-	219,933
Index Funds	195,158	-	-	195,158
Common/collective trust	-	229,406	-	229,406
	$ 1,934,988	$ 229,406	$ -	$ 2,164,394

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Value
Mutual funds	$ 1,483,958	$ -	$ -	$ 1,483,958
Common/collective trust	-	214,248	-	214,248
	$ 1,483,958	$ 214,248	$ -	$ 1,698,206

4 - INVESTMENTS

Investments at December 31, 2009 and 2008 with a fair value of more than 5% of the net assets available for benefits are as follows:

Investment	2009		2008	
ML Retirement Preservation Trust	$ 246,408	*	$ 248,836	*
BlackRock S&P 500 Index Fund	195,157		142,417	
BlackRock Global Allocation Fund	1,098,343		719,239	
BlackRock Equity Dividend Fund	247,572		**	
BlackRock Fundamental Growth Fund	183,190		116,978	

* This amount represents contract value for this investment.
** Investment did not represent 5% of net assets available for benefits

5 - TAX STATUS

The prototype Plan sponsor has received an opinion letter from the Internal Revenue Service dated August 7, 2001 stating that the written form of the underlying prototype Plan document is qualified under Section 401(a) of the Internal Revenue Code ("Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
