401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN

The following description of the Belvedere Hotel Partnership DBA Peninsula Beverly Hills Hotel (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan was established by the general partners of the Belvedere Hotel Partnership on January 1, 1994. The Plan was restated effective January 1, 2016 to conform to current regulations and other legislative changes. The provisions of the restated Plan are outlined in paragraphs A. through J. in this section. The Plan is a defined contribution plan covering all employees of the Company and Probity International Corporation who have completed six months of service (500 hours in that six months) and have attained the age of twenty-one. The plan entry dates are January 1, April 1, July 1 and October 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions - Employees - Participants may elect to contribute up to 90% of their annual compensation, as defined in the Plan, on a pre-tax basis, after-tax basis, or a combination of both, subject to limitations set by the Internal Revenue Service ($18,000 per individual in 2016 and 2015, plus a $6,000 in catch-up contribution in 2016 and 2015 for individuals who are at least 50 years of age by the end of respective Plan year). In addition, Participants may contribute distributions received from other plans and certain IRAs (rollover contributions). Rollover contributions are maintained in a separate account within the Plan. Participants direct the investment of all contributions into their account into various investment options offered by the Plan.

C. Contributions - Employer - To maintain "safe harbor" status, the Employer will make safe harbor matching contributions equal to 100% of the first three percent (3%) of the Participant's salary deferrals plus fifty percent (50%) of the next two percent (2%) of salary deferrals. Participants are 100% vested in the safe harbor matching contributions. Additional matching or profit sharing contributions may be contributed annually at the option of the Employer. The Employer has not elected to make an additional matching or profit sharing contribution for Plan years 2016 and 2015.

D. Participant Accounts - Each Participant's account is credited with the Participant's contribution and an allocation of: i) Employer contributions; ii) Plan earnings; and iii) at the Employer's discretion, all or a portion of forfeitures of terminated Participants' non-vested amounts. Allocations are based on Participant earnings, as defined. A Participant is entitled to their vested account balance.

E. Vesting - Participants are immediately vested in their elective deferrals plus actual earnings thereon, catch-up contributions, rollover contributions and safe harbor contributions. A Participant becomes 100% vested in Employer additional matching and profit sharing contributions after five years of Plan service, as defined in the Plan agreement. However, if a Participant incurs a severance from employment as a result of death or disability, all contributions are accelerated and become 100% vested.

BELVEDERE HOTEL PARTNERSHIP DBA
THE PENINSULA BEVERLY HILLS HOTEL
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN (Cont.)

F. Notes Receivable from Participants - Participants may borrow from their fund accounts as long as their account balance is at least $2,000. A Participant may request a minimum loan amount of $1,000 up to a maximum loan amount equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the Participant's account. The loan interest rate, determined periodically, is set at the prime rate of interest published by the Wall Street Journal, as defined. Principal and interest is paid ratably through semi-monthly payroll deductions. A participant may have no more than one (1) loan outstanding at any given time.

G. Payment of Benefits - Upon death, disability, retirement, termination of service or financial hardship (limited to employee's contribution), the participant's vested interest in the Plan is available for distribution. Benefits are recorded when paid. Safe Harbor Matching Contributions cannot be withdrawn for hardship reasons or withdrawn prior to age fifty-nine and a half unless the participant dies, separates from service or becomes disabled.

H. Plan Administrative Costs - Most administrative, non-settlor Plan expenses are paid by the Plan. However, at the Employer's discretion, costs may be paid by Participant forfeitures (see J. below).

I. Investment Options - Upon enrollment in the Plan, a Participant may direct their contributions to any of the available investment options.

J. Forfeited Accounts - If a Participant terminates employment before being fully vested, the non-vested portion of the terminated Participant's account balance remains in the Plan as a forfeiture. Forfeitures may be used by the Plan to pay reasonable and allowable administrative Plan expenses, or may be used to reduce Employer contributions. There were no forfeitures for Plan years 2016 and 2015.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

B. Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investments and Income Recognition - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan currently does not have investments in fully benefit-response investment contracts.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

C. Investments and Income Recognition (cont.) - The Plan's investments are stated at fair value in the accompanying statement of net assets available for benefits. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Mutual funds are valued at the net asset value of shares held by the Plan at year end. Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Administrative costs are recorded as expenses and are expensed when they are incurred. No allowance for credit losses on participant loans has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Recent Accounting Pronouncements - In July 2015, the financial Accounting Standards Board (FASB) issued FASB Accounting Standards Update 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), and Health and Welfare Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient". This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively. Parts I and III are not applicable to the Plan.

Part II has been adopted retrospectively effective January 1, 2016, and, accordingly, the provisions have been applied in the financial statements for Plan years 2016 and 2015 in Note 4. Part II eliminates the requirements to disclose individual investments that represent 5% or more of the net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets.

D. Notes Receivable from Participants - Notes receivable from participant are valued at their unpaid principal amounts plus accrued unpaid interest. These loans, which were made in accordance with provisions of the Plan, earn interest at rates varying between 3.25% to 7.00% and are repayable by the participant in bi-weekly installments with terms not to exceed five years, However, if the loan is secured by a principal residence, the terms may not exceed 15 years, or normal retirement age of the participant, whichever comes first.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

E. Forfeitures - The balance of forfeitures, if any, are included in the pooled separate accounts held on deposit with the insurance company. Forfeitures may be used to pay for plan expanses, or reduce Employer contributions. There were no forfeitures for the plan years ended December 31, 2016 and 2015.

F. Excess Contributions - The Plan, as required by the Internal Revenue Code (IRC), performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund the excess contributions. Excess contributions that are refunded within 2 1/2 months of the Plan year-end are accrued as a liability to the Plan. Excess contributions that are not refunded within 2 1/2 months of the Plan year-end are recorded as a distribution in the Plan year that the refund is paid. There were no excess contributions for the plan years ended December 31, 2016 and 2015.

G. Tax Status - Effective January 1, 2016, the Plan was restated. The Employer adopted a Volume Submitter Profit Sharing Plan with CODA, which received an opinion letter from the Internal Revenue Service (IRS) dated May 7, 2015, stating that the above mentioned plan was designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself. There have been no amendments to the Plan since its adoption.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2012. Generally, the applicable statutes of limitations are three to four years from their filing.

H. Date of Management's Review - Subsequent events have been evaluated through October 16, 2017, the date that these financial statements were available to be issued.

Note 4 FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The valuation methodologies used for assets at fair value for levels 1, 2, and 3 are as follows:

Level 1 - Pricing inputs represent quoted prices in active markets for identical assets or liabilities. The fair value of investments in the pooled separate account and PBA at US Bank are based on quoted market prices.

Level 2 - Pricing inputs represent quoted prices of similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable, either directly or indirectly, or can be corroborated by observable market data for substantially the full term of the asset or liability. The Plan has no Level 2 investments.

Level 3 - Pricing inputs are unobservable for the investment; that is, inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. The Plan has no level 3 investments.

Note 4 FAIR VALUE MEASUREMENTS (Cont.)

Transfers between Levels - There were no transfers between Levels 1, 2, and 3 for the years ended December 31, 2016 and 2015.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2016:				
Pooled separate account	$ 11,352,702	$ 11,352,702	$ ---	$ ---
PBA at US Bank	420,661	420,661	---	---
	$ 11,773,363	$ 11,773,363	$ ---	$ ---
December 31, 2015:				
Pooled separate account	$ 9,630,000	$ 9,630,000	$ ---	$ ---
PBA at US Bank	349,074	349,074	---	---
	$ 9,979,074	$ 9,979,074	$ ---	$ ---

Note 5 PLAN TERMINATION

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of 'ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 6 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds that are managed by John Hancock Life Insurance Company (U.S.A.) ("John Hancock") and US Bank, N.A. ("US"). Because John Hancock and US are Plan trustees, the management of these investments are party-in-interest transactions; however, such transactions are exempt under ERISA.

Note 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed in various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN

The following description of the Belvedere Hotel Partnership DBA Peninsula Beverly Hills Hotel (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan was established by the general partners of the Belvedere Hotel Partnership on January 1, 1994. The Plan was restated effective January 1, 2016 to conform to current regulations and other legislative changes. The provisions of the restated Plan are outlined in paragraphs A. through J. in this section. The Plan is a defined contribution plan covering all employees of the Company and Probity International Corporation who have completed six months of service (500 hours in that six months) and have attained the age of twenty-one. The plan entry dates are January 1, April 1, July 1 and October 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions - Employees - Participants may elect to contribute up to 90% of their annual compensation, as defined in the Plan, on a pre-tax basis, after-tax basis, or a combination of both, subject to limitations set by the Internal Revenue Service ($18,000 per individual in 2016 and 2015, plus a $6,000 in catch-up contribution in 2016 and 2015 for individuals who are at least 50 years of age by the end of respective Plan year). In addition, Participants may contribute distributions received from other plans and certain IRAs (rollover contributions). Rollover contributions are maintained in a separate account within the Plan. Participants direct the investment of all contributions into their account into various investment options offered by the Plan.

C. Contributions - Employer - To maintain "safe harbor" status, the Employer will make safe harbor matching contributions equal to 100% of the first three percent (3%) of the Participant's salary deferrals plus fifty percent (50%) of the next two percent (2%) of salary deferrals. Participants are 100% vested in the safe harbor matching contributions. Additional matching or profit sharing contributions may be contributed annually at the option of the Employer. The Employer has not elected to make an additional matching or profit sharing contribution for Plan years 2016 and 2015.

D. Participant Accounts - Each Participant's account is credited with the Participant's contribution and an allocation of: i) Employer contributions; ii) Plan earnings; and iii) at the Employer's discretion, all or a portion of forfeitures of terminated Participants' non-vested amounts. Allocations are based on Participant earnings, as defined. A Participant is entitled to their vested account balance.

E. Vesting - Participants are immediately vested in their elective deferrals plus actual earnings thereon, catch-up contributions, rollover contributions and safe harbor contributions. A Participant becomes 100% vested in Employer additional matching and profit sharing contributions after five years of Plan service, as defined in the Plan agreement. However, if a Participant incurs a severance from employment as a result of death or disability, all contributions are accelerated and become 100% vested.

NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN (Cont.)

F. Notes Receivable from Participants - Participants may borrow from their fund accounts as long as their account balance is at least $2,000. A Participant may request a minimum loan amount of $1,000 up to a maximum loan amount equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the Participant's account. The loan interest rate, determined periodically, is set at the prime rate of interest published by the Wall Street Journal, as defined. Principal and interest is paid ratably through semi-monthly payroll deductions. A participant may have no more than one (1) loan outstanding at any given time.

G. Payment of Benefits - Upon death, disability, retirement, termination of service or financial hardship (limited to employee's contribution), the participant's vested interest in the Plan is available for distribution. Benefits are recorded when paid. Safe Harbor Matching Contributions cannot be withdrawn for hardship reasons or withdrawn prior to age fifty-nine and a half unless the participant dies, separates from service or becomes disabled.

H. Plan Administrative Costs - Most administrative, non-settlor Plan expenses are paid by the Plan. However, at the Employer's discretion, costs may be paid by Participant forfeitures (see J. below).

I. Investment Options - Upon enrollment in the Plan, a Participant may direct their contributions to any of the available investment options.

J. Forfeited Accounts - If a Participant terminates employment before being fully vested, the non-vested portion of the terminated Participant's account balance remains in the Plan as a forfeiture. Forfeitures may be used by the Plan to pay reasonable and allowable administrative Plan expenses, or may be used to reduce Employer contributions. There were no forfeitures for Plan years 2016 and 2015.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

B. Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investments and Income Recognition - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan currently does not have investments in fully benefit-response investment contracts.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

C. Investments and Income Recognition (cont.) - The Plan's investments are stated at fair value in the accompanying statement of net assets available for benefits. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Mutual funds are valued at the net asset value of shares held by the Plan at year end. Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Administrative costs are recorded as expenses and are expensed when they are incurred. No allowance for credit losses on participant loans has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Recent Accounting Pronouncements - In July 2015, the financial Accounting Standards Board (FASB) issued FASB Accounting Standards Update 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), and Health and Welfare Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient". This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively. Parts I and III are not applicable to the Plan.

Part II has been adopted retrospectively effective January 1, 2016, and, accordingly, the provisions have been applied in the financial statements for Plan years 2016 and 2015 in Note 4. Part II eliminates the requirements to disclose individual investments that represent 5% or more of the net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan assets.

D. Notes Receivable from Participants - Notes receivable from participant are valued at their unpaid principal amounts plus accrued unpaid interest. These loans, which were made in accordance with provisions of the Plan, earn interest at rates varying between 3.25% to 7.00% and are repayable by the participant in bi-weekly installments with terms not to exceed five years, However, if the loan is secured by a principal residence, the terms may not exceed 15 years, or normal retirement age of the participant, whichever comes first.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

E. Forfeitures - The balance of forfeitures, if any, are included in the pooled separate accounts held on deposit with the insurance company. Forfeitures may be used to pay for plan expanses, or reduce Employer contributions. There were no forfeitures for the plan years ended December 31, 2016 and 2015.

F. Excess Contributions - The Plan, as required by the Internal Revenue Code (IRC), performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund the excess contributions. Excess contributions that are refunded within 2 1/2 months of the Plan year-end are accrued as a liability to the Plan. Excess contributions that are not refunded within 2 1/2 months of the Plan year-end are recorded as a distribution in the Plan year that the refund is paid. There were no excess contributions for the plan years ended December 31, 2016 and 2015.

G. Tax Status - Effective January 1, 2016, the Plan was restated. The Employer adopted a Volume Submitter Profit Sharing Plan with CODA, which received an opinion letter from the Internal Revenue Service (IRS) dated May 7, 2015, stating that the above mentioned plan was designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself. There have been no amendments to the Plan since its adoption.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2012. Generally, the applicable statutes of limitations are three to four years from their filing.

H. Date of Management's Review - Subsequent events have been evaluated through October 16, 2017, the date that these financial statements were available to be issued.

Note 4 FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The valuation methodologies used for assets at fair value for levels 1, 2, and 3 are as follows:

Level 1 - Pricing inputs represent quoted prices in active markets for identical assets or liabilities. The fair value of investments in the pooled separate account and PBA at US Bank are based on quoted market prices.

Level 2 - Pricing inputs represent quoted prices of similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable, either directly or indirectly, or can be corroborated by observable market data for substantially the full term of the asset or liability. The Plan has no Level 2 investments.

Level 3 - Pricing inputs are unobservable for the investment; that is, inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. The Plan has no level 3 investments.

Note 4 FAIR VALUE MEASUREMENTS (Cont.)

Transfers between Levels - There were no transfers between Levels 1, 2, and 3 for the years ended December 31, 2016 and 2015.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2016:				
Pooled separate account	$ 11,352,702	$ 11,352,702	$ ---	$ ---
PBA at US Bank	420,661	420,661	---	---
	$ 11,773,363	$ 11,773,363	$ ---	$ ---
December 31, 2015:				
Pooled separate account	$ 9,630,000	$ 9,630,000	$ ---	$ ---
PBA at US Bank	349,074	349,074	---	---
	$ 9,979,074	$ 9,979,074	$ ---	$ ---

Note 5 PLAN TERMINATION

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of 'ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 6 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds that are managed by John Hancock Life Insurance Company (U.S.A.) ("John Hancock") and US Bank, N.A. ("US"). Because John Hancock and US are Plan trustees, the management of these investments are party-in-interest transactions; however, such transactions are exempt under ERISA.

Note 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed in various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
