1. PLAN DESCRIPTION

The following description of North American Health Care, Inc. 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was created January 1, 1997, and consists of the following: (1) a trustee profit sharing 401(k) salary deferred thrift plan covering all eligible employees of North American Health Care, Inc. (the "Employer") and, (2) an IRC Section 401 (k) feature which is a salary deferral arrangement covering all employees who elect to participate beginning on or after their employment commencement date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan provides for voluntary contributions by participants. All of the plan assets are held by John Hancock Life Insurance Company U.S.A.

Contributions

Participants may contribute up to 100 percent of pretax annual compensation up to $18,000, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Employer matches 10 percent of the first 5 percent of the participants' contributions. In addition, the Board of Directors, at its discretion, may elect to make an additional nonelective contribution to the Plan. For the year ended December 31, 2016, the Board decided not to make any nonelective contributions.

All employees who are eligible to make salary-deferral contributions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance, and subject to the limitation of section 414(v) of the Internal Revenue Code. The maximum catch-up contribution for 2016 was $6,000.

Contributions are subject to certain limitations as follows: The maximum annual addition shall not exceed the lesser of $53,000 ($59,000 including catch-up contributions) or 100 percent of the participant's compensation.

Participant accounts

Each participant's account is credited with the participant's salary reduction contribution, the Employer's matching contribution rollovers, and an allocation of Plan earnings. Investment earnings are allocated based on the participant's earnings. The benefit to which a participant is entitled is the benefiit that can be provided from the participant's vested account.

1. PLAN DESCRIPTION (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been reported as of December 31, 2016 and 2015. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 to 4.50 percent. Loan terms range from one to five years. A loan term longer than five years may be approved only if the loan will be used for the purchase of a primary residence.

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Vesting in the Employer's contributions portion of their accounts is based on years of continuous service as follows:

Continuous Years of Service	Percentage
1 year	33%
2 years	67%
3 years	100%

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant terminates for a reason other than death, disability, or retirement, payments will start as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

Administrative expenses

The Plan sponsor pays a portion of the administrative expenses incurred by the Plan.

Forfeitures

At December 31, 2016, the forfeited nonvested employer contributions totaled $3,210. The amount used to reduce employer contributions in 2016 is $0.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are generally reported at contract value except for those contracts that are non-fully benefit-responsive. In that instance, these contracts are required to be reported at fair value. The Plan's investment in John Hancock guaranteed interest accounts is not a fully benefit-responsive investment contract and is reported at fair value in the statement of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

Management of the Plan has made estimates relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

Recently issued accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) Per Share (or Its Equivalent). The ASU removes the requirement to include within the fair value hierarchy leveling table those investments that measure fair value using the practical expedient available for investments that calculate a net asset value per share (or NAV equivalent, for example member units or an ownership interest in partners' capital to which a proportionate share of net assets is attributed). Even though these investments are removed from the fair value hierarchy, plans should provide or disclose the total amount of investments measured using the net asset value per share (or its

equivalent) practical expedient in order to permit reconciliation of fair value of investments included in the fair value hierarchy to the line items presented in the statement of net asset available for benefits. The guidance contained in the ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The guidance has been applied retrospectively.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part I and Part III are not applicable to the Plan. The guidance contained in the ASU is effective for fiscal years beginning after December 15, 2015. The guidance has been applied retrospectively.

3. INVESTMENTS PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments, notes receivable from participants and investment income disclosed in the accompanying financial statements and supplemental schedule, as of December 31, 2016 and 2015, and for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company U.S.A. The information was not been audited by the Plan's independent auditor.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has an investment contract with John Hancock Life Insurance Company U.S.A. John Hancock Life Insurance Company U.S.A. maintains the contributions in a general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The contract is not fully benefit responsive and is included in the financial statements at fair value as reported to the Plan by John Hancock Life Insurance Company U.S.A. Fair value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, and adjusted based on the composite rate of interest applied at the end of each reporting year that is determined for each participant account depending on the amount contributed and the rate in effect on the day it is allocated under the participant's account. The composite rate is the effective annual rate earned by all contributions to that guaranteed account during that reporting year for that participant.

The fair value of the investment contract at December 31, 2016 and 2015 was $939,580 and $1,114,038, respectively. The crediting interest rates were approximately 0.76 percent and 1.20 percent for 2016 and 2015, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer.

5. NON-DISCRIMINATION TESTS

For the Plan years ended December 31, 2016 and 2015, QBI, LLC formerly Strategic Planning Services performed an Actual Deferral Percentage and an Actual Contribution Percentage Test. As a result of these tests, the Plan was required to return $139,993 and $3,118, respectively, in excess contributions and earnings to certain participants.

6. FAIR VALUE OF FINANCIAL INSTRUMENTS

ASC 820, *Fair Value Measurements,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Description	12/31/2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Investment Type	12/31/2015 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Separate Accounts	$ 20,584,832	$ -	Daily	Daily

7. INVESTMENT IN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE (Continued)

Pooled separate accounts are valued at the NAV of units held by the Plan at year end. The NAV is determined by dividing the net assets, at fair value, of the fund by number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of mutual funds that are traded on an active market. Pooled separate accounts may be redeemed by participants daily at NAV.

Investments in guaranteed interest accounts are valued at fair value based on the composite rate of interest applied at the end of each reporting year that is determined for each participant account depending on the amount contributed and the rate in effect on the day it is allocated under the participant's account. The composite rate is the effective annual rate earned by all contributions to that guaranteed account during that reporting year for that participant.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. If the contract had been discontinued as of the last day of the reporting period, a contract surrender charge and certain market value adjustments may apply to the amount withdrawn.

9. INCOME TAX STATUS

Based on a favorable determination letter dated March 31, 2008, that was received from the Internal Revenue Service (IRS), the Plan is exempt from federal income tax under the applicable section of the Internal Revenue Code (IRC). The Plan has been amended since its adoption. However, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

10. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock Life Insurance Company U.S.A., the Custodian of the Plan. Furthermore, certain administrative and record keeping functions are performed by QBI, LLC, the Plan's third party administrator. Fees paid by the Plan for these services were $17,963 for the year ended December 31, 2016, including $3,688 and $14,275 to John Hancock Life Insurance Company and QBI, LLC, respectively.

11. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 16, 2017, the date which the financial statements were available for issue.

13. UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.
