Independent Auditor's Report

To the Plan Administrative Committee
Redwood City Electric, Inc. 401(k) Profit Sharing Plan

I was engaged to audit the financial statements and supplemental schedule of the Redwood City Electric, Inc. 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by trustee, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, and in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Redwood City Electric, Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements

1. DESCRIPTION OF PLAN

The following description of the Redwood City Electric, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on April 1, 1978 as a defined contribution plan established to provide eligible employees of the Redwood City Electric, Inc. (the Plan Sponsor) with retirement, death and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and Section 401(k) of the Internal Revenue Code (the IRC).

Participant Eligibility, Contribution, and Vesting

Employees are eligible to participate in the Plan providing they are at least age 18 and may begin deferring a portion of their compensation into the Plan on the first day of each quarter (January 1, April 1, July 1 and October 1) following eligibility. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the IRC and to an annual limitation of $16,500 ($22,000 for those participants age 50 and over).

The Company is allowed to make discretionary matching and profit sharing contributions as defined in the Plan and as approved by the Board of Directors. For the years ended December 31, 2010 and 2009, the Company made matching contributions in the amount of $436,216 and $409,196 (net of forfeitures), respectively.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of Company contributions is based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
3 years	100%

In addition, the Company's contribution is fully vested when a participant reaches the age of 65, becomes totally disabled, or dies. As of December 31, 2010 and 2009, forfeited nonvested accounts totaled $11,036 and $5,607, respectively. These accounts will be used to reduce future employer contributions or pay plan expenses.

Participant Loans

With the Plan trustee's approval, and subject to IRS regulations and limitations, participants may borrow up to the lesser of $50,000 or 50% of their vested account balance with a minimum loan amount of $1,000. Loans are subject to approval by the plan administrator, bear interest at prevailing market rates of interest and are generally repayable in terms of up to 5 years, except home mortgage loans for which the maximum maturity is 10 years. The Plan allows multiple loans and all loans are secured by the participants' account balances.

Participant Accounts
Each participant's account is credited with the employee's payroll contributions; the employer's discretionary matching, and Plan earnings and losses. Allocations to participants' accounts are based on participant compensation or account balances in accordance with the provisions of the Plan.

Investment Options
Participants exercise control over the types of investments made on their behalf, provided that such accounts are invested in investment funds designated by the Plan. Participants may invest in any one or more investment funds and change their investment options at any time.

Payment of Benefits
In the case of normal retirement (age 65), retirement due to permanent disability, or termination of employment, participants may elect to receive the value of their vested individual account balances, in accordance with the provisions of the Plan, in lump-sum distribution.

Participants who separate from service and have vested account balances of $1,000 or less are subject to an administrative lump sum distribution at the discretion of the plan administrator. Mandatory distributions of separated participants' vested balances between $1,000 and $5,000 are subject to a direct rollover of their balance into an Individual Retirement Account (IRA) designated by the plan administrator in the name of the separated participant.

Administration
The Company is the plan administrator and has engaged the services of The Standard, as a Third Party Administrator ("TPA") to handle daily administration of the Plan. The Plan's assets are managed by the Charles Schwab Trust Company ("Trustee"). The Trustee, appointed by the Company, processes and maintains the records of participant data and holds Plan investment assets. The plan administrator reviews the performance of the various available investments and decides on the addition or deletion of an investment fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the plan are prepared on the accrual basis of accounting.
Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Valuation of Investments
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefits
Benefits are recorded when paid.

Participant Transaction Fees
The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Company. Expenses relating to specific participant transactions such as loan setup, distribution request are charged directly against the appropriate participant's account.

3. INVESTMENTS

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Charles Schwab Trust Company ("Schwab") regarding the current value of assets held at December 31, 2010 and 2009, and transactions entered into during the year then ended, was used in the preparation of the accompanying financial statements and supplemental schedule. The following table includes the fair values of investment funds that represent 5% or more of the Plan's net assets at December 31, 2010:

	2010	2009
Non-interest Bearing Cash	**$ 19,037**	$ 23,534
Interest Bearing Cash	**723,280**	734,890
Mutual Funds	**7,704,950**	5,696,893
Personal Choice Retirement Accounts	**322,992**	190,595
Total investments	**$ 8,770,259**	$ 6,645,912

The following investments exceeded 5% of net plan assets as of December 31, 2010:

	Value	Percentage of Assets
Schwab Investor Money Fund	**689,445**	7.6%
Baron Growth Fund	**921,206**	10.2%
Columbia Acorn Fund Class Z	**506,669**	5.6%
Columbia Inter Bond Fund	**983,874**	10.9%
Growth Fund Of America	**1,156,637**	12.8%
Schwab S&P 500 Index Fund - Select S	**956,704**	10.6%
Van Kampen Growth & Income Cl A	**881,718**	9.8%
William Blair International Growth Fund	**641,077**	7.1%

During the year ended December 31, 20010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated in value by $1,016,656, as follows:

Investment interest	**$ 75**	
Unrealized gains - investments	**971,510**	
Other income	**45,071**	
Total	**$ 1,016,656**	

Schwab has undergone an examination by other auditors of its internal controls relevant to the processing of transactions and safeguarding of assets as it pertains to their respective custodial and third party administration duties. Such examinations are designed in accordance with guidance contained in the American Institute of Certified Public Accountants Statement on Auditing Standards No. 70, Reports on the Processing of Transactions by Service Organizations. In that report dated February 24, 2011, the other auditors identified and tested internal controls that they believed would provide reasonable assurance that certain control objectives would be achieved. Inclusive of those tests and control objectives were contributions, distributions, and investment activity.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means • If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2010.

Cash and cash equivalents: Valued at the closing of December 31, 2010

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common stocks or Participant Choice Retirement Account: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee of the Plan, Charles Schwab Trust Company, and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all non-vested employer contributions would become 100% vested.

7. TAX STATUS

The plan adopted a non-standardized 401(k) profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the IRS, which states that the Plan is designed in compliance with the applicable sections of the IRC. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

8. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

SUMMARY ANNUAL REPORT

For REDWOOD CITY ELECTRIC, INC. 401(K) PROFIT SHARING PLAN

This is a summary of the annual report for REDWOOD CITY ELECTRIC, INC. 401(K) PROFIT SHARING PLAN, EIN 94-2330977, Plan No. 001, for period January 01, 2010 through December 31, 2010. The annual report has been filed with the Employee Benefits Security Administration, U.S. Department of Labor, as required under the Employee Retirement Income Security Act of 1974 (ERISA).

Basic Financial Statement

Benefits under the plan are provided by a trust fund. Plan expenses were $220,620. These expenses included $1,215 in administrative expenses, and $219,405 in benefits paid to participants and beneficiaries. A total of 133 persons were participants in or beneficiaries of the plan at the end of the plan year, although not all of these persons had yet earned the right to receive benefits.

The value of plan assets, after subtracting liabilities of the plan, was $9,444,120 as of December 31, 2010, compared to $7,227,239 as of January 01, 2010. During the plan year the plan experienced an increase in its net assets of $2,216,881. This increase includes unrealized appreciation and depreciation in the value of plan assets; that is, the difference between the value of the plan's assets at the end of the year and the value of the assets at the beginning of the year or the cost of assets acquired during the year. The plan had total income of $2,437,501, including employer contributions of $436,216, employee contributions of $919,977, earnings from investments of $981,553, and other income of $99,755.
