NOTE A - PLAN DESCRIPTION

The following description of Custom Commodities 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Custom Commodities, Inc., and any participating employers, who have six months of service and who are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective January 1, 2012 and the most current amendment was effective January 1, 2016. The trustees of the Plan are responsible for oversight. The Plan can be terminated upon the decision of the Plan trustees.

Contributions

Each year participants may contribute up to the maximum amount allowed by law based on compensation as defined by the Plan. Both pre-tax and Roth elective deferral contributions are allowed. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts that represent distributions from other retirement plans and certain IRAs (rollover contributions). Participants direct the investment of their entire interest in the Plan into various investment options that are offered by the Plan. Discretionary matching contributions of participant contributions may be made up to a discretionary percentage or amount determined by the employer. The employer may also contribute a discretionary profit sharing contribution. Contributions are subject to certain statutory limits.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of any discretionary matching contributions and profit sharing contributions made. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested immediately in their contributions plus actual earnings thereon. Vesting in the discretionary matching and profit sharing contributions is based on years of continuous service. After six years, a participant is fully vested. Regardless of the vesting schedule, participants become fully vested upon death or total and permanent disability.

NOTE A - PLAN DESCRIPTION - CONTINUED

Payment of Benefits

All benefit payments will be made in a lump-sum amount equal to their vested interest in their account. Participants with vested account balances that exceed $5,000 must consent to the payment. Distributions may be made upon termination of employment, normal retirement, disability or death. The Plan also allows for hardship and qualified reservist distributions.

Forfeited Accounts

Account forfeitures occur as of the earlier of the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or the distribution of the entire vested account balance. Forfeitures of employer contributions will be used to reduce any employer contribution. At December 31, 2016, there were no forfeited accounts and no employer contributions were reduced by forfeitures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Custom Commodities 401(k) Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Adoption of Accounting Standard

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07 Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016. Management has elected to early adopt ASU 2015-07 and the pronouncement has been applied retrospectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Valuation of Investments

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer the liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Investments with quoted market values are valued at the last reported sales price on the last business day of the Plan's year. The change in the difference between current value and cost of investments held are reflected as net appreciation (depreciation) in the fair value of investments. Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees for certain services provided to participants are charged directly to the participant's account and included in administrative expenses. Investment fund related expenses are included in net appreciation (depreciation) in the fair value of investments.

Date of Management's Review - Subsequent Events

Management has evaluated subsequent events through October 12, 2017, the date on which the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles and described in FASB ASC 820. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or Level 3 inputs.

NOTE C - FAIR VALUE MEASUREMENTS - CONTINUED

A description of the valuation methodologies used for assets measured at fair value is as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission and are deemed to be actively traded. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. For withdrawals other than for benefit payments and participant transfers, the issuer requires a twelve month advance written notice. Withdrawals for benefit payments and participant transfers are made within thirty days after written notification is received.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2016 and 2015. Classification is based on the lowest level of any input that is significant to the fair value measurement.

	December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 300,564			$ 300,564

Investments measured at net asset value (a)				4,934
Total investments at fair value	$ 284,594			$ 289,528

NOTE C - FAIR VALUE MEASUREMENTS - CONTINUED

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

For the years ended December 31, 2016 and 2015, there were no transfers between fair value hierarchy levels.

Investments in Entities that Calculate Net Asset Value

The investments measured at net asset value are in a collective trust, specifically the Morley Stable Value Fund (MSVF). The MSVF invests in investment contracts issued by insurance companies and other financial institutions and other short-term investments, such as money market mutual funds. There are no unfunded commitments and the redemption frequency is daily.

NOTE D - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are invested in funds managed by Nationwide Financial Services, Inc. Nationwide Financial Services, Inc. is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the custodian by the Plan for investment management services amounted to $4,093 for the year ended December 31, 2016. Other party-in-interest transactions were administrative fees of $332 paid to InWest Retirement Solutions, Inc., the Plan's third-party administrator. The party-in-interest transactions disclosed above are exempt from the prohibited transaction rules of ERISA.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, Custom Commodities, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in all amounts credited to their accounts.

NOTE F - TAX STATUS

The Plan is a volume submitter plan of InWest Retirement Solutions, Inc. An advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014 stated that the form of the Plan document was acceptable under the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving that advisory letter, the Plan administrator and trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

NOTE F - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonable possible that changes in the values of investment securities will occur in the net term and that such changes could materially affect participant account balances as well as the amounts reported in the statement of net assets available for benefits.

NOTE H - CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2016 and investment income for the year ended December 31, 2016, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian of the Plan.

NOTE I - NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS

During 2016, the plan sponsor did not remit certain employee contributions totaling $12,795 within the time period prescribed by Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative errors, and the plan sponsor plans to make contributions to the affected participants' accounts to compensate those participants an aggregate amount of approximately $9 for potential lost income due to the delays.
