INDEPENDENT AUDITORS' REPORT

The Trustees
Althea Technologies 401(k) Plan
San Diego, California

We were engaged to audit the accompanying statement of net assets available for benefits (modified cash basis) of Althea Technologies 401(k) Plan as of December 31, 2010, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the supplemental (1) Schedule H, line 4i - Schedule of Assets (Held at End of Year) , and (2) Schedule H, line 4a - Schedule of Delinquent Participant Contributions, together referred to as "supplemental schedules," as of or for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Trust Company, the trustee of the Plan, and Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the 2010 financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee and custodian as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

As described in Note 2, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information in the Plan's 2010 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as of or for the year ended December 31, 2010 taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have audited the statement of net assets available for benefits (modified cash basis) of Althea Technologies 401(k) Plan as of December 31, 2009 and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2009, and in our report dated September 28, 2010, we expressed our opinion that such financial statements present fairly, in all material respects, the net assets available for benefits of Althea Technologies 401(k) Plan as of December 31, 2009, and the changes in net assets available for benefits for the year ended December 31, 2009, on the basis of accounting described in Note 2.

Note 1. DESCRIPTION OF THE PLAN

The following description of the Althea Technologies (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Upon eligibility, participants are automatically enrolled to contribute 2% of their salary to the Plan unless the participant elects to defer a different percentage up to 100% of total pay as defined in the Plan subject to an annual limit, or elects not to defer contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). The Company makes matching contributions equal to 50% of participant contributions up to 6% of the participant's total pay. The Company can make additional discretionary contributions each year that would be divided among participants who are active as of the end of that Plan year. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, Company matching contributions, an allocation of Company discretionary contributions, and the earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Such amounts are non-forfeitable. Vesting in Company contributions and earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Note 1. DESCRIPTION OF THE PLAN (continued)

Investment Options

Each participant may direct the investment of his or her account balance in various pooled separate accounts, registered investment companies and a guaranteed interest account.

Participant Notes Receivable

Participants may borrow from their fund accounts subject to certain limitations as defined in the Plan. Loan terms are up to 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate similar to that for loans from a commercial lending institution as periodically determined by the Plan administrator. Interest rates range from 5.25% to 10.25% as of December 31, 2010 and 2009. Principal and interest are paid ratably through regular payroll deductions.

Withdrawals

A participant may withdrawal funds from the vested interest in his or her account at the age of 59 ½ or in the event of undue financial hardship subject to certain limitations as defined in the Plan.

Payment of Benefits

On termination of service, a participant will receive the value of the vested interest in his or her account in installments or in a lump-sum distribution.

Forfeited Accounts

Forfeitures may be used to pay plan expenses or to reduce future Company matching contributions. Forfeitures of $26,371 in 2010 and $27,256 in 2009 were used to reduce Company matching contributions.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Under that basis, certain assets are recognized when received rather than when earned. That basis differs from generally accepted accounting principles primarily because the Plan has not recognized contributions receivable from participants and the Company and their related effects on net assets available for benefits in the accompanying financial statements.

Investment Valuation

Investments in pooled separate accounts are stated at fair value based on the market value of the underlying assets. Investments in registered investment companies are stated at fair value based on quoted prices in active markets for identical assets. Guaranteed interest contracts are valued at fair value as estimated by the custodian based on market interest rates.

Participant Notes Receivable

In September 2010, the FASB issued an Accounting Standards Update (ASU) which requires that participant loans be classified as notes receivable from participants segregated from plan investments and reported at their unpaid principal balance plus any accrued but unpaid interest. The Plan has adopted the ASU for 2010 and 2009. The ASU had no effect on the reported amount of notes receivable from participants.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company.

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Consequently, the value of the Plan's investments, and participants' account balances, will fluctuate in the near term and such fluctuations may be material.

Note 3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 Fair Value Measurements

Fair values are based on publicly quoted prices in active markets for identical assets. The fair value of investments in registered investment companies is based on publicly quoted prices in active markets for identical assets.

Level 2 Fair Value Measurements

Fair values are based on observable inputs other than publicly quoted prices in active markets for identical assets. The fair value of investments in pooled separate accounts is based on the net asset value of the units held by the Plan at year-end as reported by the manager or trustee, which is not publicly quoted. The majority of the securities held by the pooled separate accounts have observable level 1 or level 2 pricing inputs.

Level 3 Fair Value Measurements

Fair values are based on unobservable inputs used for valuing the asset. The fair value of guaranteed interest accounts is the fair value as estimated by the custodian based on market interest rates.

Note 3. FAIR VALUE MEASUREMENTS (continued)

Fair value measurements as of December 31, 2010 are as follows:

	Fair Value	Level 1	Level 2	Level 3

Participant contributions receivable at the end of the year	123
Net increase per the Form 5500	$ 1,327,613

Note 6. INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE AND CUSTODIAN

Principal Trust Company, the trustee, and Principal Life Insurance Company, the custodian, have provided all information in the 2010 financial statements and supplemental schedules regarding the investments and investment income of the Plan. This includes the cost and fair values of the investments, the activity therein and the unrealized appreciation (depreciation). The trustee and custodian have certified to the plan administrator that this information is complete and accurate.

The following information included in the accompanying 2010 financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Principal Trust Company, the trustee, and Principal Life Insurance Company, the custodian, for the year ended December 31, 2010.

Investments in pooled separate accounts	$ 4,023,056
Investments in registered investments companies	239,526
Investments in guaranteed interest account	175,188
Net realized and unrealized gain in fair value of investments in pooled separate accounts	481,446
Net realized and unrealized gain in fair value of investments in registered investment companies	18,622
Dividend income	2,011

Note 7. EXCESS CONTRIBUTIONS

In 2011, the Plan made benefit distributions of $5,905 to certain active participants to satisfy the relevant contribution limit provisions of the Plan for the year ended December 31, 2010.

Note 8. PARTY-IN-INTEREST TRANSACTIONS

Principal Life Insurance Company functions as record keeper and investment manager for the Plan, disburses benefit payments, and executes investment transactions in the pooled separate accounts and the guaranteed interest account. As a result, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services are considered party-in-interest transactions.

Note 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 10. TAX STATUS

The Plan is operated pursuant to a prototype non-standardized 401(k) plan offered by the Principal Life Insurance Company. The Internal Revenue Service has determined in a letter dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code. Although, the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability for an uncertain position if it is not more likely than not that the position would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 11. SUBSEQUENT EVENTS

Management has evaluated subsequent events for disclosure and accrual through October 3, 2011 which is the date the 2010 financial statements were available to be issued.
