Report of Independent Auditor

To The Plan Administrator and Participants of
PBK Architects, Inc. 401(k) Profit Sharing Plan and Trust:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of PBK Architects, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of May 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended May 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of May 31, 2018 and 2017 and for the year ended May 31, 2018, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTE A-DESCRIPTION OF PLAN

The following description of the PBK Architects, Inc. 401(k) Profit Sharing Plan & Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan with 401(k) option covering all employees of PBK Architects, Inc. ("the Company" or "Plan Sponsor") who have completed a consecutive three-month period of service, except for those subject to a collective bargaining agreement and certain non-resident aliens and residents of Puerto Rico. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan year which began June 1, 2017 and ended May 31, 2018 is referred to herein as the 2017 Plan Year. Similarly, the Plan year which began June 1, 2016 and ended May 31, 2017 is referred to as the 2016 Plan Year. PBK Architects, Inc. is the Plan Sponsor and Plan Administrator and Fidelity Management Trust Company is the Plan Trustee.

Contributions

Each year, participants may contribute the lesser of 50% of their eligible compensation or the maximum amount allowed by law ($18,000 for the 2017 Plan year) of pretax annual compensation, as defined in the Plan. Participants may designate some or all of their contributions as Roth deferrals. Once designated as Roth deferral, this election is irrevocable and cannot be changed back to pretax contribution. This Plan also allows for catch-up contributions (up to $6,000 for the 2017 Plan year) for participants over 50 years of age. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans.

The Company may make annual discretionary contributions in an amount determined at each Plan year end by the Company's 401(k) Management Committee. To be eligible for the discretionary contribution, a participant must work at least 1,000 hours annually and must be employed on the last day of the Plan year. The Company contribution is invested pro-rata with the participant contributions. Contributions are subject to certain limitations. For the 2017 Plan Year, the Company elected to make discretionary contributions of $228,444.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on Plan earnings or account balances, as defined. Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their account balance, whichever is less. Participants may have up to two notes receivable outstanding at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% - 4.50%, which are commensurate with prevailing rates as determined by the Plan Administrator. All Plan notes receivable must be repaid in 5 years, except those that are used for the purchase of a principal residence, in which case the notes receivable repayment period can be extended for 10 years. In most cases, repayment of the notes receivable will be made through after-tax payroll deductions.

NOTE A-DESCRIPTION OF PLAN-CONTINUED

Rollovers and Transfers
Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code ("IRC"), may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's contributions after six years of credited service, summarized as follows:

Years of Service	Vested Percentage
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Participants will become fully vested in the Company's matching contributions and discretionary profit-sharing upon termination of the Plan, upon the death or permanent disability of a participant, or upon reaching retirement age.

Forfeited Accounts
At May 31, 2018 and 2017, forfeited non-vested accounts totaled $272,452 and $249,386, respectively. These accounts may be used to reduce future Plan administrative expenses and Company contributions. In the 2017 Plan Year, $15,638 of the forfeited non-vested account balance was utilized to pay administrative expenses. Subsequent to the 2017 Plan Year, the Plan Administrator used $228,444 of the forfeitures to fund employer contributions in August 2018, and used the remainder of outstanding forfeitures to fund administrative expenses.

Plan Expenses
Certain expenses of operating and maintaining the Plan have been paid by the Company and are excluded from the accompanying financial statements. In the event the Company does not continue to pay such Plan expenses, the Plan expenses will be paid by the Plan and charged on a pro-rata basis to the value of the participants' account balances.

Corrective Distributions Payable
Corrective distributions represent amounts contributed by certain participants which are in excess of the maximum amounts allowed under the Plan. Such amounts are to be refunded to the applicable participants. There were no corrective distributions payable at May 31, 2018 and 2017.

NOTE A-DESCRIPTION OF PLAN-CONTINUED

Payment of Benefits
Benefits become available to participants on the earliest of five events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) upon the participant's retirement, (4) disability or (5) minimum required distributions. Benefits are payable as lump sums, rollover distributions, or installment distributions.

If the terminating participant's account balance exceeds $1,000, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a distribution (with consent of the participant's spouse, if applicable). If the participant's account balance is $1,000 or less the funds cannot remain in the Plan, in which case the Plan Administrator may direct the Trustee to distribute via lump sum distribution without the participant's consent.

On termination of service due to death prior to retirement, 100% of the Company contributions become immediately vested. The account balance is paid to the participant's spouse or beneficiary in a lump sum or installments.

On termination of service due to retirement after age 65, the account balance is paid to the participant in a lump sum or installments. However, should a participant reach age 59 1/2 and not elect to terminate employment, the participant can take an in-service distribution from the vested account balance.

If the participant becomes disabled and is eligible for Social Security disability benefits or is determined disabled by a physician selected by the Plan Administrator, the participant may choose to keep the funds in the Plan, request a direct rollover to another qualified plan, or take a lump sum distribution (with consent of the participant's spouse, if applicable).

The participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70 ½ or terminates employment, whichever is later.

Distributions During Employment
As a general rule, a participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan does provide exceptions to this rule for withdrawals of the participant's vested balance under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Age 59 1/2 (in-service distributions),
- Medical expenses,
- Purchase of a principal residence,
- Post secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant's principal residence.
- Burial expenses for dependents,
- Expenses for the repair of damage to a participant's principal residence that would qualify for the casualty deduction under the IRC (determined without regard to whether the loss exceeds 10% of adjusted gross income).

NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates
The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates of the Plan include the estimate of the fair value of investments.

Income Recognition
The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Valuation
Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values. Fair value at May 31, 2018 and 2017, as determined by the Trustee, is based primarily on the quoted market prices of the underlying securities. Money market investments are valued at cost plus accrued earnings, which approximates fair value, as determined by the Trustee. Because of the inherent uncertainty of these valuations, the estimated values may differ from the actual fair values that may or may not be ultimately realized.

Certified Investments
Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at May 31, 2018 and 2017, and net appreciation and depreciation in the fair value of investments, interest and dividends for the year ended May 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee of the Plan.

Contributions Receivable
The amount of participant-related contributions that have been deducted from the participant's payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year are reflected as participant contributions receivable in the Plan's financial statements. In addition, any annual discretionary contribution from the Company that is due and payable is reflected as employer contributions receivable in the Plan's financial statements.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. During the year ended May 31, 2018, $7,362 was recorded as interest income on notes receivable from participants.

NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-CONTINUED

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative expenses, including legal and accounting, are paid by the Plan Sponsor and, accordingly, are not reflected in the accompanying financial statements of the Plan. Certain transaction processing fees are charged to the participants and, therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

Risks and Uncertainties
The assets of the Plan consist primarily of investments held at fair value. These investments are subject to market risks and are influenced by such factors as investment objectives, interest rates, stock market performance, economic conditions, and world affairs. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Income Tax
GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of May 31, 2018, there were no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for Plan years prior to 2014.

Recently Issued Accounting Principles
Plan management is not aware of any recently issued accounting pronouncements that would have a significant impact on the Plan's financial statements.

Subsequent Events
The Company evaluates events that occur subsequent to the balance sheet date of periodic reports, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Plan's financial statements are electronically prepared for filing with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. For the financial statements as of and for the year ended May 31, 2018, this date was March 12, 2019.

NOTE C-INVESTMENTS (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments, as shown in the Statements of Net Assets Available for Benefits, as of May 31, 2018 and 2017.
b. Net appreciation in fair value of investments, dividends and interest, as shown in the Statement of Changes in Net Assets Available for Benefits, for the year ended May 31, 2018.
c. The Schedule of Assets Held for Investment Purposes at End of Year as of May 31, 2018, as shown in the attached schedule at pages 14-15.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D-FAIR VALUE MEASUREMENTS

The fair value of the Plan's financial instruments reflects the amounts that the Plan estimates to receive in connection with the sale of an asset or paid in connection with the transfer of a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Unadjusted quoted exchange prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly (i.e., quoted prices on similar assets), for substantially the full term of the asset or liability;

Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds are valued based on quoted market prices of the underlying investments in active markets.

Money market funds: Held in primarily short-term duration, highly liquid securities, which are valued at cost plus accrued interest.

NOTE D-FAIR VALUE MEASUREMENTS-CONTINUED

The prices for these instruments are obtained through the Plan Trustee with whom the Company has historically transacted both purchases and sales of investment securities. Management reviews the data and assumptions used in pricing the securities by its third-party providers to ensure the lowest level of significant input is market observable data.

The following table represents the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of May 31, 2018 and 2017:

	Fair Value as of May 31, 2018:

NOTE D-FAIR VALUE MEASUREMENTS-CONTINUED

There have been no changes in the valuation methodologies used as of May 31, 2018 or 2017. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E-NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of May 31, 2018 and 2017.

NOTE F- PARTY-IN-INTEREST TRANSACTIONS

The Company provided certain Plan administrative services without compensation during the year ended May 31, 2018. In addition, the Company paid a total of $15,638 in Plan expenses for administrative, record keeping, investment management, and audit services.

The Plan Trustee receives fees for administration and investment management. The investments of the Plan are maintained in a trust that was managed by the Plan Trustee as of May 31, 2018 and 2017. The money market funds and certain mutual funds are managed directly by Plan Trustee, as noted in the accompanying supplemental schedule of assets held for investment purposes and are therefore considered party-in-interest transactions.

NOTE G-PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H-INCOME TAX STATUS

The Plan obtained its latest determination letter, dated March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I-FIDELITY BOND

The Plan was covered by a $1,000,000 fidelity bond during the 2017 Plan Year.

NOTE J – USE OF FORFEITURES

According to the IRS, forfeitures should be disposed of on a timely basis, usually during the Plan year in which they arise. The Plan had a forfeiture balance of $272,452 and $249,386 as of May 31, 2018 and 2017, respectively, and such funds were not used within the Plan year in which the forfeitures occurred. The Company has subsequently used the forfeiture balance in accordance with the terms of the Plan document to reduce the Company's expenses to the Plan by using the forfeiture balance to fund employer contributions and to pay administrative fees during the 2018 Plan Year.

NOTE K-RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at May 31, 2018 and 2017
