INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Westak Employee Stock Ownership Plan
Sunnyvale, California

Report on the Financial Statements

We have audited the accompanying financial statements of Westak Employee Stock Ownership Plan which comprise the statements of net assets available for benefits as of March 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended March 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Westak Employee Stock Ownership Plan as of March 31, 2018 and 2017, and the changes in its net assets available for benefits for the year ended March 31, 2018 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Schedule

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of March 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally acceptable in the United States of America. In our opinion, the information is fairly stated in all material aspects in relation to the financial statements as a whole.

1. Description of Plan

The following brief description of the Westak Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for additional information.

Westak, Inc. (the "Company") established the Plan as a leveraged employee stock bonus plan under Internal Revenue Code ("IRC") Section 401(a) effective April 1, 1989. On April 5, 1991, the Plan was granted the option to purchase at least 66-2/3% of the outstanding common stock of the Company (or such lesser percentage as would constitute voting control following the exercise of such option). The purchase price for any of the Company's common stock purchased by the Plan shall be the fair market value of such shares as determined by an independent appraiser using the enterprise basis of valuation at the time the purchase occurs, or such lesser price as agreed upon by the Plan and the Company.

Plan administration

The Company has established the Plan Administrative Committee (the "Committee") oversee the operation of the Plan. The Committee has contracted with Greatbanc Trust Company ("Greatbanc") to act as the Plan's trustee and custodian and an affiliate of Greatbanc to act as the Plan's recordkeeper. Substantially all expenses for operating the Plan are paid by the Plan.

Contributions

The Company makes periodic contributions to the Plan sufficient to allow the Plan to meet its operational objectives (e.g. benefit payments to participants, pay Plan expenses). During the year ended March 31, 2018, the Company made total contributions of $30,000 to the Plan.

The Plan has purchased shares of the Company's common stock using the proceeds of a term note (see Note 6) guaranteed by the Company and collateralized by the unallocated shares of common stock. Common stock purchased is held in a trust established under the Plan, and as the term note is repaid, an appropriate percentage of the common stock held in the trust will be allocated to eligible participant accounts in accordance with the IRC and the Plan. The trustee administers the payment of interest and principal on the loan, which is reimbursed to the trustee through the Company's contributions to the Plan.

The issuer of the term note has no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

a) The accounts of employees with vested rights in allocated stock (allocated), and
b) Common stock not yet allocated to employees (unallocated).

No additional shares of common stock were allocated to participants during the Plan years ended March 31, 2018 and 2017.

1. Description of Plan (continued)

Eligibility

Employees of the Company are generally eligible to participate in the Plan after completing at least 1,000 hours of eligible service as defined in the Plan during the respective Plan year and have attained age 18. Participants who do not complete at least 1,000 hours of service during a Plan year are generally not eligible for an allocation of Plan assets at year-end.

Vesting

Participants' are 100% immediately vested in their respective account balances if they are either an employee on or after their 65th birthday, incur a disability or die while an employee. Except as otherwise identified, common stock allocated to participant accounts vests as follows for participants who are not entitled to a contribution for any Plan year beginning after March 31, 2007 (A) and for participants who are entitled to a contribution for any Plan year beginning after March 31, 2007 (B):

Credit Service	(A) Vested Percentage	(B) Vested Percentage
Less than Two Years		0%
Two Years		20%
Less than Three Years	0%	
Three Years	20%	40%
Four Years	40%	60%
Five Years	60%	80%
Six Years	80%	100%
Seven Years	100%	

Distributions

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to their designated beneficiary or, if none, their legal representative), or otherwise terminates employment with the Company or its participating subsidiaries. Distributions of vested participant balances from the Plan are made as lump-sum payments in the form of whole shares of common stock, cash or a combination of both as determined by the Committee. During the years ended March 31, 2018 and 2017, all distributions from the Plan were made as only cash payments.

1. Description of Plan (continued)

Voting rights

Each participant is entitled to direct the voting of shares then allocated to their account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any share for which a participant has not given instructions.

Participant accounts

The Plan is a stock-ownership plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account, if any, and forfeitures from terminated participants' non-vested account balances. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on each participant's eligible compensation, relative to total eligible compensation, as defined in the Plan.

Diversification

Participants who are at least age 55 and have at least 10 years of eligible service as defined in the Plan may elect to diversify a portion of their account balance. Diversification is offered to each eligible participant over a six-year period during which each of the first five years, a participant may diversify up to 25% of the vested shares allocated to their account, less any shares previously diversified. In the sixth year, eligible participants may diversify up to 50% of the vested shares allocated to their account. Participants who elect to diversify are only allowed to receive a cash distribution from the Plan.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Benefit payments

Benefits are recorded when paid.

Subsequent events

The Committee has evaluated events and transactions subsequent to March 31, 2018 for potential recognition or disclosure in the financial statements. The Committee did not identify any subsequent events requiring recognition or disclosure in the financial statements for the year ended March 31, 2018. Subsequent events have been evaluated through the date the financial statements became available to be issued, March 21, 2019.

3. Fair Value Measurements

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

- Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: Inputs are unobservable inputs for the asset or liability supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to these methodologies during the years ended March 31, 2018 and 2017.

Interest-bearing cash - Valued at the daily closing value reported by the financial institution holding the funds.

Common stock - Valued by an independent third-party utilizing the discounted cash flow method to determine the Plan Sponsor's enterprise value and fair value of the common stock held by the Plan. The inputs used to calculate the fair value included the Plan Sponsor's future operational projections and other unobservable inputs including:

- The Company's calculated required return on equity
- The Company's projected cost of debt
- The Company's implied pricing multiple

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis as of March 31, 2018:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$17,378	$ -	$ -	$ 17,378
Common stock	-	-	2,448,307	2,448,307
Total investments at fair value	$17,378	$ -	$2,448,307	$2,465,685

The following table sets forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value on a recurring basis as of March 31, 2017:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$17,921	$ -	$ -	$ 17,921
Common stock	-	-	2,225,734	2,225,734
Total investments at fair value	$17,921	$ -	$2,225,734	$2,243,655

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended March 31, 2018:

Balance as of March 31, 2017	$2,225,734
Appreciation in fair value	222,573
Balance as of March 31, 2018	$2,448,307

3. Fair Value Measurements (continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended March 31, 2017.

Balance as of March 31, 2016	$2,670,881
Depreciation in fair value	(445,147)
Balance as of March 31, 2017	$2,225,734

4. Income Tax Status

The Plan has received a determination letter from the IRS dated September 23, 2013, stating that the Plan is qualified as a tax-exempt trust under the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan has continued to be operated in compliance with the applicable requirements of the IRC, and therefore, the Plan is currently qualified, and the related trust is tax exempt, as of the financial statement date.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the IRS. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of March 31, 2018 and 2017. The Plan in subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Non-Participant Directed Investments

The Plan's investments at March 31, 2018, are as follows:

Investment	Allocated	Unallocated	Total
Interest-bearing cash			
Number of shares	17,378	-	17,378
Cost	$ 17,378	$ -	$ 17,378

Market	$ 2,428,047	$ 20,260	$ 2,448,307

6. Loans Payable

To finance the acquisition of the Company's common stock for the Plan, the Company entered into a refinanced term loan agreement with a financial institution where monthly principal payments commenced January 1, 2011 and the term loan matures in April 2021. The Company then set up a note receivable from the Plan which mimics the terms of the Company's refinanced term note with the financial institution, including a variable interest rate based on the financial institution's prime interest rate plus a margin based on the financial institution's risk assessment of the Company. As of March 31, 2018 and 2017, the note payable due from the Plan to the Company had a balance of $244,098 and as of March 31, 2018, the note payable bears an annual interest rate of approximately 7%. Accrued and unpaid interest on the note due to the Company as of March 31, 2018 and 2017 was $30,411 and $13,325, respectively.

7. Vested Value - Separated Participants

Certain participants separated from the Plan have vested values in their respective accounts as of March 31, 2018 who cannot request distributions from the Plan as these distributions are subordinated to the financial institution with whom the Company has the term note to finance the Plan's acquisition of the Company's common stock. Once the term note has been paid, these participant balances will be eligible for distribution from the Plan.

9. Related Party Transactions

The Plan holds the Plan sponsor's common stock. Accordingly, any transactions involving the common stock held by the Plan qualifies as exempt party-in-interest transactions.

10. Commitments and Contingencies

The Plan was not in compliance with ERISA fidelity bonding requirements from January 1, 2018 through March 2, 2018. No incidents have been reported, in the opinion of Plan management, that would give rise to a material claim against the Plan.
