Plan Administrator
Robbins Engineering 401(k) Plan and Trust
St. Louis, Missouri

We were engaged to audit the financial statements of the Robbins Engineering 401(k) Plan and Trust as of December 31, 2009 and 2008, and the supplemental schedules as of and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes C and D, which was certified by Charles Schwab Trust Company at December 31, 2009 and December 31, 2008, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Robbins Engineering
401(k) Plan and Trust
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

A. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of Robbins Engineering 401(k) Plan and Trust ("the Plan") are prepared under the accrual basis of accounting.

Investments

The Plan's investments are stated at fair value based upon quoted market prices. Participant loans are valued at cost, which approximates fair value.

The (decrease) increase in fair value of the investments held is reflected in the Statements of Changes in Net Assets Available for Plan Benefits as Unrealized (Depreciation) Appreciation in Fair Value of Investments.

Payments of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Concentration of Credit Risk

Financial instruments which potentially subject the Plan to a concentration of credit risk consist primarily of investments. The Plan maintains its investments with high credit financial institutions in various collective investment funds.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through July 12, 2010, the date the financial statements were available to be issued.

B. **DESCRIPTION OF PLAN**

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Robbins Engineering 401(k) Plan and Trust is a defined contribution plan covering all eligible employees of Robbins Engineering Inc. (the "Employer"). The Plan was established by the Employer on January 1, 1990, for the exclusive benefit of its employees and beneficiaries and is subject to the provisions of the Employee Retirement Income Security act of 1974 (ERISA).

B. DESCRIPTION OF PLAN (Continued)

Eligibility

The Plan covers all employees, excluding union employees and non-resident aliens, who have attained the age of 21 years and have completed twelve months of employment with at least 1000 hours of service. Employees are eligible to receive discretionary employer contributions on the first day of the 7th month following Plan eligibility. Subsequent to September 30, 2006, eligible plan participants began contributing to and participating in a separate plan offered by the parent company of the employer. Plan assets of the participants at September 30, 2006 remained in the Plan.

Allocations

Income, gains and losses are accumulated in each participant's separate investment account.

Contributions

Each participant is automatically enrolled for an amount equal to 3% of compensation. An employee may elect to have no salary deferral or to make additional contributions up to 15% of eligible compensation.

The Employer shall have discretion to make a matching contribution in an amount equal to such amount, as it deems appropriate.

Vesting

Participants are immediately vested in their voluntary contributions. The Plan provides for vesting of the Company's discretionary contributions according to the following schedule: no vesting for less than three years of service; 20% vesting each year after the third year; becoming fully vested after seven years.

Investment Options

Participants of the Plan elect investment accounts in which their contributions are invested. Several investment account options are currently available, comprising various degrees of risk and return.

Participant Loans

Participants may borrow from their fund accounts an amount not to exceed 50% of the vested account balance. The minimum loan amount is \$1,000 and the maximum total dollar amount may not exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest ranging from 5% to 9%. Principal and interest are paid ratably through payroll withholdings.

Payment of Benefits

The Plan provides that upon disability or death of a participant, or upon termination of employment, benefits will be paid under one or more of the optional forms available under the Plan, including lump-sum distribution or installments for a specified term.

B. DESCRIPTION OF PLAN (Continued)

Hardship Withdrawals

Hardship withdrawals are permitted for immediate and severe financial need for college education, purchase of primary residence, prevention of eviction or foreclosure, and unreimbursed medical expenses. The withdrawals are taxable as ordinary income and, when made prior to age 59 ½, are also subject to a 10% IRS early withdrawal charge. Salary deferral contributions will be suspended for one year following the date of withdrawal.

Administration

The plan administrator is the Employer. Certain administrative expenses for the Plan are paid by the Employer at the Employer's discretion.

Plan Termination

Although it is not the Employer's intention to terminate the Plan, it may do so at any time. In the event of Plan termination, all amounts credited to the participant's accounts will become 100% vested.

C. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan investments are held by bank-administered trust funds. Financial information relating to those investments is included in the accompanying financial statements based on information provided by the trustee. E. FAIR VALUE MEASUREMENTS

U.S. Generally Accepted Accounting Principles ("GAAP") establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

(Continued)

E. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth the level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009.

Investments at Fair Value as of December 31, 2009:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$1,500,377	\$ -	\$ -	\$1,500,377
Common Collective Trust	-	451,030	-	451,030
Participant Loans	-	113,869	-	113,869
 Total Investments at Fair Value	 \$1,500,377	 \$564,899	 \$ -	 \$2,065,276

F. TAX STATUS OF PLAN

The Internal Revenue Service has ruled the Plan qualifies under Section 401(k) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax laws.

The Plan obtained its latest determination letter on December 21, 2001, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

G. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.
