To the Administrators and Participants
of the Ceramatec, Inc. Profit Sharing 401(k) Plan

We were engaged to audit the financial statements of Ceramatec, Inc. Profit Sharing 401(k) Plan (the Plan) as of December 31, 2009 and 2008 and for the year ended December 31, 2009 and the supplemental schedules as of or for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MG Trust Company, L.L.C. (MGT), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that MGT holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CERAMATEC, INC.
PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN:

The following brief description of Ceramatec, Inc. Profit Sharing 401(k) Plan (the Plan) is provided for general information purposes only. Reference should be made to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted effective July 1, 1995, and is sponsored by Ceramatec, Inc. (the Employer). All participants in the Plan are employees of the Employer. The Plan is administered by trustees who have been appointed by the Board of Directors of the Employer. All employees twenty-one or older are eligible to participate in the Plan. The intent of the Plan is that the employee is not taxed on the income, employer contributions, or employee contributions under the provisions of Section 401(k) of the Internal Revenue Code, until such time as distributions are received from the Plan. The Plan's assets are held in trust and invested in cash and investment funds (see Note 3).

Contributions

All eligible employees may elect to enroll in the Plan. Upon enrollment, a participant may elect to enter into a written salary deferral agreement with the Employer that will be applicable to all succeeding payroll periods occurring in each plan year unless revoked by the employee. The terms of the salary deferral agreement provide that the participant agrees to accept a deferral in compensation from the Employer, by deduction of a uniform percentage of compensation (with the same percentage for both regular pay and bonuses, if any), during each payroll period limited to \$16,500 (\$22,000 if the participant is over 50 years of age) during the plan year. Under the salary deferral election, the Employer will contribute 100 percent of the participant's contribution up to 4.5 percent of elected deferral and 50 percent of the participant's contribution for the next 4 percent of elected deferral. Additionally, the Employer contributes one percent to all enrolled employees' accounts.

Vesting

Employee contributions and rollover contributions are fully vested when contributed. Employer contributions become vested in accordance with the following schedule:

<u>Completed Years of Service</u>	<u>Percentage Vested</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

The Plan provides for the distribution of benefits at normal retirement (65), death, termination of service, disability, or financial hardship (as defined by the Internal Revenue Code). Distributions will be paid in a lump sum or installments. Vested employer contributions are generally payable to terminated employees as soon as administratively feasible following the close of the valuation period during which a distribution is requested.

Forfeiture

Upon employee termination, forfeiture amounts are used to offset plan administrative fees and to reduce the amount of employer matching contributions. At December 31, 2009, the amount of forfeiture available to offset plan administrative fees and to reduce future employer matching contributions totaled \$34,043. During the year ended December 31, 2009, forfeiture amounts used to reduce employer contributions and to offset plan administrative fees totaled \$48,684.

Income Tax Status

The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC). The Plan is intended to qualify under IRC Section 401(a), and the Internal Revenue Service has issued a favorable determination letter dated November 19, 2001, ruling that the prototype document adopted by the Plan was designed in accordance with applicable IRC requirements as of the date of its letter. The Employer believes that the Plan remains designed and operated in accordance with IRC requirements. The Employer does not believe the Plan has any uncertain tax positions.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds. These securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Administrative Expenses

Certain expenses necessary to operate and administer the Plan are paid by the Employer.

Termination

The Company may terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. In the event of termination, participants will become fully vested in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participants' Accounts

Each participant's account includes the participant's contribution, any Employer's matching contribution, and an allocation of the net investment gain or loss of each fund as defined in the Plan agreement.

Participant Loans

The Plan's trustee may make loans to participants. These loans must be adequately secured and bear interest at the current market rate. Interest payments on loans are applied to the account of the participant with the loan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has made an evaluation of subsequent events through July 26, 2010, the date on which the financial statements were available to be issued. Management has not identified any subsequent events requiring disclosure.

NOTE 3 - INVESTMENTS:

Participant and employer contributions are held in investment funds managed by MG Trust Company, L.L.C. These consist of one money market account and twenty-one mutual funds. Interest earnings on the money market account and changes in current values of the remaining funds have been reflected in the accompanying statement of changes in net assets available for benefits.

Investments, at fair value, consist of the following:

NOTE 4 - PARTICIPANT LOANS:

At December 31, 2009 and 2008, the Plan had participant loans totaling \$105,748 and \$131,279. These loans bear interest at rates ranging from 4.25 to 9.25 percent.

NOTE 5 - FAIR VALUE MEASUREMENTS:

Financial instruments measured at fair value on a recurring basis

The Plan holds various debt and equity investments, which are measured at fair value on an annual basis. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. Generally Accepted Accounting Principles also establish a three-level hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability on the measurement date. The three levels are defined as follows:

Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for an identical asset or liability in an active market.

Level 2 - inputs to the valuation methodology include quoted prices for a similar asset or liability in an active market or model-derived valuations in which all significant inputs are observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement of the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The following summarizes financial assets and liabilities measured at fair value on a recurring basis by using the valuation hierarchy:

<u>Assets at Fair Value at December 31, 2009</u>
