The following description of the ToyotaLift Northeast Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code. Effective September 1, 2018, the Plan was amended to change its name from the SwiftLift, Inc. Profit Sharing 401(k) Plan to the ToyotaLift Northeast Profit Sharing 401(k) Plan. Prior to September 1, 2018, the Plan covered all of the employees of Swiftlift, Inc. and CSI Material Handling, Inc. (collectively, "the Companies"). Effective September 1, 2018, the Plan covers all employees of ToyotaLift Northeast, LLC ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company was formed in May 2018. On August 31, 2018, the Company acquired substantially all of the assets and assumed certain liabilities of Swiftlift, Inc., CSI Material Handling, Inc., and Toyota Material Handling Northeast, Inc. Contemporaneous with this acquisition, all former employees of Swiftlift, Inc., CSI Material Handling, Inc., and Toyota Material Handling Northeast, Inc. became employees of the Company.

Administration

Prior to September 1, 2018, SwiftLift, Inc. sponsored the Plan. Effective September 1, 2018, the Company sponsors the Plan.

Prior to December 1, 2018, Unified Trust Company, N.A. (Unified) was the trustee and custodian of the Plan's assets and Benefits Management, Inc. (BMI) was the third-party administrator and provided recordkeeping services for the Plan. Effective December 1, 2018, Fidelity Management Trust Company (FMTC) became the trustee and custodian of the Plan's assets, and Fidelity Investments became the record-keeper of the Plan. Upon the change in administration, approximately $6,400,000 of assets were transferred from Unified to FMTC. Additionally, there was a period of time when participants were temporarily restricted from directing investments, or obtaining a loan or distribution from the Plan, (the "Blackout Period"). Contributions and loan payments continued during the Blackout Period. The assets transferred from Unified to FMTC remained in an interest-bearing cash account during the Blackout Period. The Blackout Period ended in January 2019.

Eligibility

Employees are eligible to participate in the Plan on the first day of the month coinciding with or following the date they have attained age 18 and completed 250 hours of service within 3 months. Effective December 1, 2018, employees who were former employees of Toyota Material Handling Northeast, Inc. were eligible to participate in the Plan.

1. DESCRIPTION OF PLAN (Continued)

Contributions

Participants may make voluntary tax-deferred contributions up to 100% of their compensation, subject to certain limitations under the Internal Revenue Code (IRC).

The Plan provides an automatic enrollment provision in which newly eligible participants are enrolled to contribute 1% of their annual salary, unless the participant elects otherwise. As long as a participant does not opt out of the automatic increase provision, the participant's elective deferral amount will automatically increase by 1% each year at the beginning of each Plan year up to a maximum of 5%.

The Company (Companies prior to September 1, 2018) may also make discretionary profit sharing contributions to the Plan. The management of the Company (Companies prior to September 1, 2018) determines the amount of the discretionary annual profit sharing contribution to be made, if any. No profit sharing contributions were made to the Plan during 2018 or 2017.

Participant Accounts

Participants direct the investment of their contributions into the various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, profit sharing contributions, if any, and allocations of (a) Plan earnings/losses on contributions, and (b) administrative expenses of the Plan. Allocations are based on participant compensation or account balances, according to specific terms provided by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their elective contributions and actual earnings/losses thereon. Contributions made through the profit sharing contribution vest at a rate of 20% per year following the first year of service.

Administrative Expenses

The administrative expenses of the Plan are paid by the Plan.

Benefit Payments

Upon retirement or termination of service, participants may elect to receive a lump-sum distribution of their vested account balance or elect a rollover to another qualified retirement plan or an Individual Retirement Account. Participants may also elect an in-service distribution upon attaining age 59 ½.

Forfeitures

Forfeitures of non-vested accounts can be used to pay any administrative expenses of the Plan or to reduce the Company's (Companies prior to September 1, 2018) discretionary contributions. There were no forfeitures used in 2018 or 2017. Forfeitures available to reduce future employer contributions and administrative expenses totaled approximately $1,000 at both December 31, 2018 and 2017.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance, reduced by the excess of their highest outstanding balance of loans from the Plan during the one-year period prior to the date of the loan. Loans cannot be made from the Plan for less than $1,000. Effective September 1, 2018, the Plan was amended allow for a maximum of two loans outstanding per participant. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined annually by the plan administrator. Expenses associated with initiating and maintaining notes receivable are paid by the individual participants.

Plan Termination

Although the Company have not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, each participant's account will become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments in the money market funds, mutual funds, and common collective trust are reported at fair value as reported by the trustees. The Plan's investment in private company stock is valued at fair value as determined by Plan management. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2018 and 2017, no allowance for credit losses have been recorded.

Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement (Continued)
ASC Section 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1 - Unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC Section 820 hierarchy is provided in Note 4.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Benefit Payments
Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in accordance with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Fidelity Management Trust Company, the trustee, as of December 31, 2018 and for the period from December 1, 2018 to December 31, 2018; and by Unified Trust Company, N.A., the former trustee, as of November 31, 2018 and for the period from January 1, 2018 to November 30, 2018, and as of and for the year ended December 31, 2017, and is included in the accompanying financial statements and supplemental schedule:

The appreciation or depreciation in investments and sale of private company stock values using level 3 inputs are included as a component of net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Valuation Methodology
The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds and money market funds: Valued at fair value based on quoted market prices in active markets.

Common Collective Trust: Valued at net asset value based on the underlying assets of the trust's investments, which are predominantly guaranteed investment contracts. The net asset value is used as a practical expedient to estimate fair value.

Prior to December 1, 2018 the Plan invested in a common collective trust that calculated net asset value on a daily basis. Units were issued and redeemed as of the end of each day at the daily net asset value. The trust's primary investment objectives was to seek income while preserving principal and provide daily liquidity at contract value for participant withdrawals and transfers.

Redemptions were generally restricted to processing on a valuation date at the daily net asset value per unit computed on that date. Trust units could be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the trust. The fund did not have any unfunded commitments.

Private Company Stock: As of December 31, 2017, valued at fair value, based on SwiftLift, Inc.'s three prior years' adjusted earnings before interest, taxes, depreciation and amortization (EBITDA) times three plus adjusted net book value. This reflected the approximate estimated value of the stock as December 31, 2017. Adjusted EBITDA included adjustments for depreciation and amortization, officers' compensation and reduction in long-term debt. Adjusted net book value includes adjustments for goodwill.

4. FAIR VALUE MEASUREMENTS (Continued)

Valuation Methodology (Continued)
The Companies' Chief Financial Officer (CFO), who reports to the Chief Executive Officer (CEO), updated the inputs and calculation annually and the CEO assessed and approved the fair value measurement policy and procedure. At least annually, the CFO and CEO determined if the current valuation technique was still appropriate and evaluated and adjusted the unobservable inputs used in the fair value measurement. The more significant assumptions inherent in the development of the contingent consideration valuation included a range of estimated EBITDA for each year and the probability assigned to those range data points.

On August 31, 2018, all SwiftLift, Inc. stock, including the stock held in the Plan, was sold as part of the formation of ToyotaLift Northeast, LLC (see Note 1). The shares of stock in the Plan were sold for $647,299.

5. INCOME TAX STATUS

Prior to September 1, 2018, the Plan was designed from a prototype plan offered by Unified Trust Company, N.A. The Internal Revenue Service has determined and informed Unified, by letter dated August 22, 2014, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees.

Effective September 1, 2018, the Plan was re-designed from a prototype plan offered by Fidelity Management & Research Company (Fidelity). The Internal Revenue Service has determined and informed Fidelity, by letter dated March 31, 2014, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not yet applied for its own determination letter. However, the Plan Administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

For the period December 1, 2018 to December 31, 2018, certain plan investments consisted of units in investment funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company manages these investments and, therefore, these transactions qualify as party-in-interest as defined by ERISA.

As of December 31, 2017, and for the period January 1, 2018 to November 30, 2018, certain plan investments consisted of units in investment funds managed by Unified Trust Company, N.A. Unified Trust Company, N.A., managed these investments and, therefore, these transactions qualify as party-in-interest as defined by ERISA.

The Plan's investment in private company stock represented 135 shares of common stock of SwiftLift, Inc. SwiftLift, Inc. was the former Plan sponsor and, therefore, these transactions qualified as party-in-interest as defined by ERISA. The SwiftLift, Inc. common stock was held by a single Plan participant who was the sole owner of SwiftLift, Inc. This stock was not available as an investment option to Plan participants and was held by the Plan from a transaction between the owner and the Plan in a prior year.

6. PARTY-IN-INTEREST TRANSACTIONS (Continued)

Transactions involving notes receivable from participants also qualify as party-in-interest transactions.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While net assets available for benefits and change in net assets available for benefits agree between the financial statements and Form 5500 in total as of and for the years ended December 31, 2018 and 2017, certain classifications differ between the financial statements and Form 5500.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 26, 2019, which is the date the financial statements were available to be issued.
