We were engaged to audit the statements of net assets available for benefits of Performance Designs, Inc. Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and supplemental schedule as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information, which was certified by the Principal Life Insurance Company (the "Plan Custodian"), except for comparing the information contained in the certification, which is explained in Note 1 to the financial statements, with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Plan Custodian holds the Plan's investment assets and executes investment transactions therein. The Plan administrator has obtained a certification from the Plan Custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the Plan Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Plan Custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PERFORMANCE DESIGNS, INC.
SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended December 31, 2010

NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Plan

The following description of Performance Designs, Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, which was established on January 1, 1992 and subsequently amended, is classified as a defined-contribution plan, covering employees with at least six months of service and age 21 or older. The Plan covers employees of Performance Designs, Inc., Performance Design Paragliders, Inc., B.C. Leasing Corporation of Miami, Inc., Atlantic Resources of Miami, Inc., Aero Supply, Inc., and CPS Corp. (collectively, the "Company"). The participating companies are related through common ownership. The purpose of the Plan is to reward eligible employees of the Company for long and loyal service by providing them with retirement benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan. Catch-up contributions are allowed for a participant if the participant turns 50 by the end of the Plan year. Effective October 2010, participants may also make post-tax Roth deferral contributions to the Plan. Contribution deferral percentages can be changed on a quarterly basis. At the discretion of its Board of Directors, the Company may make additional matching contributions to the Plan. During 2010, the Company made matching contributions equal to 50% of the first 4% of compensation that a participant contributes to the Plan. The Company may also make a discretionary contribution to the Plan each year.

Participant Accounts - Under the Plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeited Accounts - Forfeitures of terminated participants' nonvested accounts are used to reduce Company contributions or administrative expenses otherwise payable for the Plan year in which such forfeitures arise, and for each succeeding Plan year, if necessary, until such forfeitures have been exhausted. The forfeitures account, which consists of the unused balance of terminated participants' nonvested employer

Description of Plan *(Continued)*

matching contributions, was approximately $4,600 and $4,400 at December 31, 2010 and 2009, respectively. During the year ended December 31, 2010, approximately $3,800 of unallocated forfeitures was used to pay Plan expenses and approximately $500 was offset against employer contributions.

Vesting - Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A year of vesting service is a Plan year in which an employee has had at least 1,000 hours of service. Vesting for participants in Plan years beginning after December 31, 2001, is as follows:

Years of Service	Percentage Vested
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options - Upon enrollment in the Plan, a participant may elect to have their employee and employer contributions, and related earnings thereon, allocated to one or more pooled separate accounts, or an unallocated guaranteed account held at the Principal Life Insurance Company.

Participant Loans Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000, or 50%, of their vested account balance. Loan transactions are treated as a transfer to (from) the Investment Fund from (to) the Participant Loan Account. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Participants may only have one outstanding loan at a time.

Payment of Benefits - Upon the death, permanent disability, or retirement of participants, their entire account balances become fully vested. Hardship withdrawals are permitted under the Plan. Distribution of benefits may be made in one lump-sum cash payment, in equal monthly, quarterly, semiannual, or annual cash installments, or, upon retirement, in installments based upon the participant's life expectancy at the time of retirement. Participants who terminate for reasons other than death, disability, or retirement are entitled only to their vested balances payable in a lump-sum distribution. There were no unpaid amounts allocated to participants who elected to withdraw from the Plan as of December 31, 2010 and 2009.

Subsequent Events - In preparing the financial statements, the Company has evaluated events and transactions for potential recognition through October 5, 2011, the date the financial statements were available to be issued.

NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administration Costs and Investment Fees

The Plan's administration costs are paid primarily by the Plan and are allocated to the individual participant accounts in accordance with the Plan document. Investment-related fees and commissions are included in net appreciation in fair value of investments.

Investment Valuation and Income Recognition

The Plan's investments, except for its Guaranteed Interest Account (see Note 2) and U.S. Property Separate Account, are primarily held in pooled separate accounts with the Principal Life Insurance Company (the "Plan Custodian") and are valued at their reported net asset value on the last business day of the Plan year. Net asset value is based on the fair market value of the funds' underlying investments, less unpaid expenses.

The fair values of real estate investments held by the U.S. Property Separate Account (the "Fund") have been prepared giving consideration to the income, cost and sales comparison approaches of estimating property value. An independent consultant selected by Principal Real Estate oversees and administers the appraisal process for the Fund. Real estate investments are stated at fair value, as determined by the independent consultant, and approved by the Fund's management. Appraisals are performed for each investment annually by independent third-party appraisers, with all appraisals being performed in accordance with the Uniform Standard of Professional Appraisal Practice. Thereafter, values are updated daily by the independent consultant based on changes in various factors. The Fund currently has a contractual limitation which delays the payment of withdrawal requests and provides for payment of such requests on a pro rata basis as cash becomes available for distribution, as determined by the Fund's management.

Loans to participants are recorded at their amortized costs, which are deemed to approximate fair value.

NOTE 1 - DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Investment Valuation and Income Recognition *(Continued)*

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

In accordance with the Plan's policy of stating marketable securities at fair value, the appreciation or depreciation for each year is reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Investment Risk

The Plan's investments are not insured and are subject to credit and market risk. Financial information relating to those investments is included in these financial statements based on information provided by the Plan Custodian.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to the recent market volatility that affected the financial services industry, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Certification

The Plan Custodian holds the Plan's investments and executes all investment transactions. All investment and participant loan information disclosed in the accompanying financial statements and supplemental schedule, including investments and participant loans held at December 31, 2010 and 2009, net appreciation in fair value of investments, and dividends and interest for the year ended December 31, 2010, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.

NOTE 2 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has monies invested in guaranteed interest accounts ("GIA's") offered by the Plan Custodian, which accrue interest at rates ranging from 0.77% to 2.01% and mature through December 31, 2014. The GIA's assets are backed by the assets of the Plan Custodian and are held in its unallocated General Account. The GIA's are not considered to be benefit-responsive by the Plan Custodian and are recorded at their estimated fair market value, as reported by the Plan Custodian, which was determined to be the value that would be paid when discounting the contract. The aggregate contract value of the Plan's GIA's held with the Plan Custodian was $100,473 and $120,071 as of December 31, 2010 and 2009, respectively. The aggregate fair market value of the Plan's GIA's held with the Plan Custodian was $100,046 and $118,956 as of December 31, 2010 and 2009, respectively.

NOTE 3 - INCOME TAX STATUS

The Plan is designed to be a qualified trust under Section 401(a) of the Internal Revenue Code ("IRC") and is subject to the provisions of ERISA. The Plan has adopted a prototype plan prepared and maintained by the Principal Life Insurance Company. The prototype plan received a favorable opinion letter dated March 31, 2008 from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. As of December 31, 2010, with few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal tax authorities for any year before 2007.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 - INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets at December 31:

	2010	2009

Diversified International Separate Account	**$154,574**	*

**Less than 5% of net assets*

NOTE 6 - FAIR VALUE MEASUREMENT

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under U.S. generally accepted accounting principles, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6 - FAIR VALUE MEASUREMENT *(Continued)*

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:
