Independent Auditors' Report

The Board of Directors of
Epic Pharma Union LLC 401 (k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits (modified cash basis) of the Epic Pharma LLC Union 401 (k) Plan as of December 31, 2010 and 2009 and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2010, and the supplemental schedule (modified cash basis) of assets held at December 31, 2010. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock New York, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with generally accepted auditing standards in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Epic Pharma LLC Union 401 (k) Plan

Notes to Financial Statements

1. Description of Plan

The following summary description of the Epic Pharma LLC Union 401 (k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering union employees of Epic Pharma, LLC (the "Company") who are age eighteen (18) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan was adopted by the Company on August 27, 2008, however 2009 was the first year that participants could contribute to the plan.

Contributions

Participants may contribute, or elect to defer, a dollar amount or a percentage of their annual compensation as allowable by Section 404 of the Internal Revenue Code. Annual contributions by participants are limited to a maximum contribution amount as prescribed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may allocate their contributions among several investment options including a money market fund, mutual funds, guaranteed investment contracts and pooled separate accounts. All investments options are fully participant-directed. Participants may direct the investment of their elective deferrals daily into any of the Plan's available investment options. Investments are valued by the Trustee daily.

The Company shall make nonelective contributions to the plan each year equal to 2% of each participant's base pay.

Participants Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollover contributions and the Company's matching contributions plus actual earnings or losses thereon.

1. Description of Plan *(continued)*

Participants Loans

Participants may borrow from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms are up to five years unless it is used for the purchase of a principal residence, in which case the loan may be repaid within a reasonable time, determined at the time the loan is made. The loans are secured by the balance in the participant's account with interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrators. Principal and interest are paid ratably through monthly payroll deductions. Upon termination any unpaid loan balance could become a taxable distribution to the participant.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis; investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value and contributions which are reflected on the accrual basis. Liabilities at the end of the plan year have not been accrued. Accordingly, the financial statements are not intended to present the assets and changes in assets of the Plan in conformity with generally accepted accounting principles.

Use of Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies *(continued)*

Participants Loans

The plan adopted newly issued Financial Accounting Standards Board ("FASB") guidance on participant loans. Among other things, such guidance requires participant loans to be measured at their unpaid principal balance plus any accrued unpaid interest, and that they be classified as notes receivable from participants. Previously, these loans were classified as investments and were valued at amortized cost, which approximates fair value. As required by this guidance, the 2009 statement of net assets available for benefits has been reclassified to conform to the revised presentation requirements. Adoption of this guidance did not affect the carrying value of participant loans.

Fair Value of Financial Instruments

The Plan follows Financial Accounting Standards Board ("FASB") guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair values. Investments in pooled separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. All investments are participant directed.

Payment of Benefits

Benefits are recorded when paid.

Accounting for Uncertainty Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure. The Plan is no longer subject to audits by the applicable taxing jurisdictions for periods prior to December 31, 2007.

2. Summary of Significant Accounting Policies *(continued)*

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is August 30, 2011.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Trustee, John Hancock New York, certified to the completeness and accuracy of all the investment reflected in the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009 and the schedule of assets held for investment purposes as of December 31, 2010 and 2009 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010 and 2009.

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	2010	2009
John Hancock New York Money Market PSA	$ 138,481	$ 54,371
John Hancock New York Lifestyle Aggressive	28,194	10,947
John Hancock New York Lifestyle Balanced	25,743	13,325
John Hancock New York Lifestyle Moderate	55,321	17,725

During 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $23,389.

4. Investments

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2010			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 393,515	$ -	$ 393,515

	2009			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 149,766	$ -	$ 149,766

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Income Tax Status

The Company believes that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator (and the Plan's tax counsel) believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

7. Administrative Expenses

Administrative expenses are predominantly paid directly by the employer and not by the Plan. For expenses paid by the plan, monthly asset charges are deducted from the participant's accounts. Certain fees related to loan processing and transfer of funds are also paid by the participants. Fees paid by the plan for administrative expenses amounted to $106 and $94 for the years ended December 31, 2010 and 2009.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
