Independent Auditors' Report

To the Plan Administrator of the
Pusan Pipe America, Inc. Employee Profit Sharing & Savings Plan

We were engaged to audit the statements of net assets available for benefits of the Pusan Pipe America, Inc. Employee Profit Sharing & Savings Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules, (1) Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and (2) Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian are complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the Pusan Pipe America, Inc. Employee Profit Sharing & Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1981 to qualify as a defined contribution retirement plan for the Pusan Pipe America, Inc.'s (the "Company") eligible employees. The Plan has a pre-tax salary reduction provision as defined under Section 401(k) of the Internal Revenue Code (the "IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Eligibility

Each of the Company's employees is eligible to participate in the Plan upon attaining the age of 21 and on the anniversary of the employee's hire date after the completion of 12 consecutive months of employment or 1,000 hours of service.

Contributions

The Company's eligible employees may contribute up to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction.

The Company may make a discretionary matching contribution, a discretionary profit sharing contribution and/or a discretionary safe harbor profit sharing contribution without regard to the Company's current or accumulated profits as determined each year by resolution of the Company's Board of Directors. The Company made a discretionary profit sharing contribution for the year ended December 31, 2010 of $145,909. The Company also made a discretionary safe harbor contribution for the year ended December 31, 2010 of $271,245.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's discretionary matching contributions, (b) the Company's discretionary profit sharing contributions, (c) the Company's discretionary safe harbor profit sharing contribution, (d) the participant's contribution and (e) Plan earnings less an allocation of investment and operating expenses charged to the plan. Allocations of Company discretionary contributions are allocated to participants who have completed at least 1,000 hours of service during the Plan year. Company discretionary contributions are based upon each eligible participant's class based allocation.

Note 1. Description of the Plan (continued)

Allocation of Investment Activity

Each investment fund is valued by ING Life Insurance and Annuity Company. The net increase or decrease in such values resulting from fund income and allocated expenses, if any, are apportioned to each participant's account in proportion to the value of the participant's account as compared to the investment fund as a whole.

Plan Administration and Expenses

The Plan is administered by an administrative committee selected by the Company. At December 31, 2010, the assets of the Plan are maintained under the custody of the Plan's investment custodian, The ING Life Insurance and Annuity Company. Certain administrative expenses incurred by the Plan are paid by the Company.

Vesting

Participants are 100% vested in their contributions and earnings on their contributions and on Company safe harbor profit sharing contributions and earnings on the safe harbor profit sharing contributions. Participants become vested in their Company matching contribution account and Company discretionary profit sharing contribution account and any earnings on these Company contributions as follows:

Number of Years of Service	Vested Percentage
Less than one year	0%
One years but less than two years	20%
Two years but less than three years	40%
Three years but less than four years	60%
Four years but less than five years	80%
Five or more years	100%

One year of service is defined as 1,000 or more hours of service.

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their employer matching contribution account and employer discretionary profit sharing contribution account and earnings on Company contributions shall be allocated first to the participants that are entitled by reason of re-employment to restoration of a prior forfeiture and any remaining forfeitures shall be used to reduce Company contributions for the applicable year. For the year ended December 31, 2010, $5,073 in forfeitures were used to offset employer contributions. As of December 31, 2010 and 2009, there were approximately $5,000 and $5,100, respectively, of forfeitures available for use.

Note 1. Description of the Plan (continued)

Safe Harbor Election

For the year ended December 31, 2010, the Plan has elected to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to employer contributions and vesting schedules and meet the applicable Safe Harbor requirements. If the Plan meets the "Safe Harbor" requirements it is not subject to the ADP or ACP discrimination tests required by the IRC.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company matching contributions, Company discretionary contributions and earnings on their Company contributions and 100% of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled. The Plan permits a terminated participant to defer commencement of the payment of benefits until the later of election to receive benefits or age 65.

Contribution Funding

The Company makes contributions to the Plan for employee contributions on a semi-monthly basis. The Company makes contributions for the Company matching, Company discretionary profit sharing contributions and Company discretionary safe harbor profit sharing contributions on an annual basis.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets.

Valuation of Investments

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (continued)

Non-distributed benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Included in investment income for the year ended December 31, 2010 is $8,156 of interest earned on notes receivable from participants. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs

As a result of the adoption of a new accounting pronouncement relating to participant loans in 2010, the Plan retrospectively classified participant loans as notes receivable from participants in the statements of net assets available for benefits and measured them at their unpaid principal balance plus any accrued interest.

Subsequent Events

Subsequent events have been evaluated through October 10, 2011, the date the financial statements were available for issuance.

Note 3. Insurance Contracts

Guaranteed Interest Account

The Plan participates in a contract with The ING Life Insurance and Annuity Company ("ING") whereby the assets of the Plan are part of the general assets of ING. This contract is identified and accounted for as a guaranteed interest account. The guaranteed interest account provides guaranteed interest rates for specified periods of time as determined or allowed by the contract. The rate credited is the rate in effect on the day when each deposit is directed to the funds.

The guarantee made with regard to the guaranteed interest account is supported by ING's general account. The general account is invested mostly in private market bonds, commercial mortgages and mortgage backed securities. There are no reserves against contract value for credit risk of contract issuer or otherwise.

The guaranteed interest account promises contract value for a benefit event (termination, death, disability and retirement), however, there are possible market value adjustments when funds are withdrawn prior to their maturity.

Note 3. Insurance Contracts (continued)

Pooled Separate Accounts

The Plan participates in contracts with ING whereby the assets of the Plan are pooled with those of other unrelated plans. The Plan owns units of participation in the fair value of the account's underlying assets. ING holds these assets in trust for the participating plans.

Note 4. Investments

At December 31, 2010 and 2009, the following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2010	**2009**
Guaranteed interest account		
ING Fixed Account	$ 1,729,537	$ 1,583,780
Pooled separate accounts		
ING FMR Diversified Mid Cap Port	$ 399,189	$ 334,587
PIMCO VIT Real Return Portfolio	$ 381,048	$ 472,757
Davis New York Venture	$ 386,132	$ 372,328
ING VP Money Market Portfolio	$ 244,789*	$ 380,640
ING PIMCO High Yield Portfolio	$ 622,206	$ 553,220
ING Blackrock Global Sci & Tech	$ 424,840	$ 352,452

**This investment does not represent 5% or more of the Plan's net assets at the respective year end. It was added to the note for comparison purposes.*

During the year ended December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value, by investment type, as follows:

	Year Ended December 31, 2010
Guaranteed interest account	$ 66,028
Pooled separate accounts	623,172
	$ 689,200

Note 5. Information Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by ING Life Insurance and Annuity Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

a) Investments

	December 31,	
	2010	**2009**
Pooled separate accounts	$ 5,192,600	$ 4,300,302
Guaranteed interest account	$ 1,729,537	$ 1,583,780

b) Investment income

	Year Ended December 31, 2010
Net appreciation in fair value of investments	$ 689,200
Other income	$ 4,887

c) Supplemental Schedule:
Schedule H, Line 4i – Schedule of Assets (Held at End of Year)*

** Except for the notes receivable from participants, which are not certified by the custodian. The notes receivable from participants are participant loans allowed under the related regulations. They are included as investments on the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 6. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2010 and 2009.

Guaranteed interest accounts: These investments are part of the general assets of an insurance company. These investments are valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Pooled separate accounts: These investments are public investment securities valued using the Net Asset Value ("NAV") provided by the investment custodian. The NAV is quoted on a private market that is not active, however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

Note 6. Fair Value Measurements (continued)

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Tax Status

The Plan has adopted a prototype plan document which has received a favorable opinion letter dated March 31, 2008 from the Internal Revenue Service ("IRS"). The IRS opinion letter provides that an employer adopting the prototype plan document may rely on the opinion letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). The Plan has been amended since receiving the opinion letter. However, the plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

Note 10. Party-In-Interest Transactions

Certain Plan investments are units of pooled separate accounts managed by ING Life Insurance and Annuity Company. The Plan also has investments in a guaranteed interest account which is part of the general assets of ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company is the custodian as defined by the Plan and is considered a party-in-interest. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

Note 11. Prohibited Transactions

The plan sponsor inadvertently failed to deposit $6,223 of participant deferrals for the year ended December 31, 2010 within the required timeframe as stated by the U.S. Department of Labor ("DOL"). These deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The DOL considers late deposits to be prohibited transactions. The plan sponsor is required to file Form 5330 and pay the excise tax relating to the prohibited transaction from the plan sponsor's assets and not from assets of the Plan, in addition to calculating the lost earnings on these deferrals. The plan sponsor deposited lost earnings of $230 in September 2011. Form 5330 is required for both the year the prohibited transaction occurred (2010) and the year corrected (2011). The plan sponsor filed Form 5330 and paid an excise tax of $12 for 2010. The plan sponsor will file a subsequent form 5330 for 2011 when due and pay an excise tax of $30 for this prohibited transaction.
