Independent Auditor's Report

To the Administrative Committee of
Orthopedic Specialists of SW Florida, P.A. 401 (k) Profit Sharing Plan

Report on the Financial Statements

I was engaged to audit the financial statements of Orthopedic Specialists of SW Florida, P.A. 401 (k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion paragraph,* however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by The Nationwide Financial Services, Inc. the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Departments of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ORTHOPEDIC SPECIALISTS OF SW FLORIDA, P.A. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF PLAN

The following description of Orthopedic Specialists of SW Florida, P.A. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan with Section 401(k) salary reduction features covering all full – time employees of the Company who have a minimum of one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions. Each year, participants may contribute up to $18,500 (2018 limitation) of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions by the Company include a 3 percent non-elective safe harbor contribution and a discretionary profit sharing contribution.

Participants direct the investment of their voluntary contributions, as well as employer contributions, into various investment options offered by the Plan. Certain participants have a self-directed investment option. The Plan currently offers various mutual fund investments and an insurance investment contract as investment options for all participants. The Plan includes an auto-enrollment provision for newly eligible employees who do not self-enroll, whereby the newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect to not participate. Contributions for auto-enrolled participants are automatically invested in a designated fund until changed by the participant.

Participant Accounts. Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, Plan earnings (losses), and charged with an allocation of certain expenses paid by the plan. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTE A: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, subject to certain restrictions. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, 4.25%-6.25% as of December 31, 2018, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2018 and 2017, forfeited nonvested accounts totaled approximately $1,200 and $3,000, respectively. The account will be used to reduce administrative expenses of the Plan, then any remaining amount will reduce employer contributions. Forfeitures for 2018 totaled $1,188 and $2,842 was applied towards administrative expenses related to the plan year ended December 31, 2018.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial statements
The financial statements and notes are the representation of the Plan's management who is responsible for their integrity and objectivity. The Plan's accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting
The financial statements are prepared on the accrual basis of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments and concentration of credit risk
Interest bearing cash balances are included with investments. A cash account with Morgan Stanley exceeded federally insured limits by $243,049 as of December 31, 2018. Management monitors cash balances in order to minimize exposure to risk and the Plan has not experienced any losses on such accounts. The Plan believes it is not exposed to any significant risk on cash and cash equivalents.

Investment Valuation and Income Recognition
Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS, if any, are recorded as accounts payable, with a corresponding reduction to the subsequent year contributions. There were no excess contributions for the years ended December 31, 2018 and 2017.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits
Benefits are recorded when paid.

Expenses
The Company absorbs certain direct and indirect costs related to operating the Plan; accordingly, such amounts are excluded from these financial statements. Administrative expenses primarily consist of investment management fees related to self-directed brokerage accounts, which are charged against the specific participants' accounts.

Date of Management's Review of Subsequent Events
Management has evaluated events and transaction through September 26, 2019, the date on which the financial statements were available to be issued.

NOTE C: UNAUDITED INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018, and the accompanying notes to the financial statements were prepared in part from information certified by the Custodian in accordance with 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data is complete and accurate.

	2018	2017
Investments, mutual funds (at fair value)	$ 4,972,993	$ 4,603,356
Investment contract (at contract value)	366,304	526,833
Notes receivable from participants	128,942	158,347
	$ 5,468,239	$ 5,288,536
Investment income (loss), Nationwide investment funds	$ (288,085)	

NOTE D: FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority.

NOTE D: FAIR VALUE MEASUREMENTS (continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual fund investment securities have been classified as Level 1 investments, as fair values of the underlying funds are based upon reported net asset values, which represent the values at which each sub-account can redeem its investments. Self-directed investment securities classified as Level 1 investments consist of mutual funds, common stocks, exchange trade funds, and similar investment securities traded in active markets at quoted prices. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

Level 2 investments are all held in self-directed investment accounts and include cash equivalents that are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings. Level 2 investments as of December 31, 2018, also include an investment in a limited liability company that is valued using quoted prices for similar assets in markets that are not active.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D: FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Mutual funds	$ 4,972,993	$ 4,972,993	$ -0-	$ -0-
Investment, self-directed	8,944,006	8,539,342	404,664	-0-
	$ 13,916,999	$ 13,512,335	$ 404,664	$ -0-
December 31, 2017				
Mutual funds	$ 4,603,356	$ 4,603,356	$ -0-	$ -0-
Investments, self-directed	9,081,451	8,340,167	741,284	-0-
	$ 13,684,807	$ 12,943,523	$ 741,284	-0-

Changes in valuation techniques may result in transfer in or out of an assigned level within the disclosure hierarchy. Transfers between investment levels may occur as the availability of price source or data used in an investment's valuation changes. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no transfers between any levels of fair value measurements during the years ended December 31, 2018 and 2017.

NOTE E: INVESTMENT CONTRACT WITH INSURANCE COMPANY

Plan investments include a fully benefit-responsive guaranteed investment contract ("Fxd Sel Optn") with The Nationwide Life Insurance Company ("Nationwide").

Nationwide maintains the contributions in their general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute to that portion of the net assets available for benefits attributable to the guaranteed investment contract.

NOTE E: INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The guaranteed investment contract is presented on the face of the statement of net assets available for plan benefits at contract value. Contract value approximates fair value as of December 31, 2017. Contract value, as reported by Nationwide to the Plan, represents principal invested plus interest earned, less participant withdrawals and administrative expenses. A contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The market value of the guaranteed investment contract as of December 31, 2018, as reported by Nationwide, was $347,989 and is primarily a function of prevailing interest rates related to the underlying investments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value at December 31, 2018 and 2017, was $366,304 and $526,833, respectively. The net rate, the crediting interest rate and average yield are the same and reset quarterly. The investment contract does not have a maturity date and contract provisions do not provide for a distribution at book value at some specified future date. The contract continues in force until all assets have been distributed, or no further payments are due.

In the event a participant requests payment from the contract due to Plan termination, merger of the Plan, or reduction in the number of participants, Nationwide will pay the market value of the amount withdrawn equal to the amount withdrawn multiplied by the Market Value Adjustment Factor, as defined in the contract. The Plan administrator does not believe that any of the events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

NOTE F: RELATED PARTY TRANSACTIONS

Recordkeeping and investment management services paid to Nationwide totaled $29,963 for 2018. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE G: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

No significant differences exist as of December 31, 2018, and for the year ended December 31, 2018, between the amounts reported in the accompanying financial statements and schedule H of Form 5500.

Participant contributions receivable totaling $14,520 as of December 31, 2017, were included with employer contributions receivable per the prior year financial statements and Schedule H of Form 5500. The $14,520 was reclassified and reflected as participant contributions receivable in the accompanying statement of net assets available for benefits as of December 31, 2017. No change was made to the "Beginning of Year" amounts for the 2018 Form 5500, Schedule H, Part 1 from the amounts reported per the 2017 Form 5500.

NOTE I: TAX STATUS

The Plan was established using a prototype non-standardized profit sharing plan with coda. Correspondence from the Internal Revenue Service dated March 31, 2014, states that the I.R.S. has determined that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code.

The prototype plan has been restated since receiving the determination letter and the Plan's trustee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE J: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J: RISKS AND UNCERTAINTIES (continued)

The Plan invests in various investment options that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.
