NOTES TO FINANCIAL STATEMENTS

December 31, 2018

(1)

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN:

The following description of the G Brothers Construction, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The G Brothers Construction, Inc. 401(k) Plan (the Plan) was adopted by G Brothers Construction, Inc. (the Employer) as of December 1, 2002. As of December 31, 2017, the Plan participated in The Contractors Retirement Plan (Master Plan), a profit sharing plan which contains a cash or deferred arrangement pursuant to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2018, the Plan was restated and participation in The Contractors Retirement Plan was terminated. On January 29, 2018, Plan assets were transferred to Reliance Trust Company, the trustee, and the new plan recordkeeper is T. Rowe Price. There were no substantial changes to the plan features or net plan assets as a result of the change in trustee and service provider. Minor changes related to enrollment and employer contributions to the plan are detailed in the notes below. The Plan continues to operate as a defined contribution retirement plan covering substantially all employees of the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Eligible individuals consist of employees rendering services for the Employer on contracts subject to the Davis-Bacon Act, Service Contract Act, or other federal, state or municipal prevailing wage laws. Other employees whose services are not subject to such prevailing wage laws may be included if they are 21 years or older and have completed one year of service with the Company, excluding leased employees and employees covered by a collective bargaining agreement.

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN (Continued):

Contributions and participant accounts

Participants of the Plan may elect to contribute a portion of their compensation to the Plan as a pre-tax deferral subject to limitations under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also accepts rollover contributions from other qualified plans. Prevailing wage contributions, determined by the employer based on rates that satisfy the wage determination issued by the governmental agency responsible for certain contracts, are also allowed.

Effective January 1, 2018, the Employer makes a basic safe harbor matching contribution to the Plan of 100% of participant contributions for the first 3% of participant compensation and 50% of participant contributions for the next 2% of participant compensation for a maximum match equal to 4% of participant compensation. At the option of the Employer, additional employer matching contributions or profit sharing contributions can be made. There were no additional contributions made for the year ended December 31, 2018. For the year ended December 31, 2018, the safe harbor Employer contributions totaled $99,564.

Each participant's accounts is credited with the participant's elective contribution and the Company's contributions. Each participant has the authority to direct the investment of their account to one or more of the investment funds designated as investment options by the Plan sponsor. Investment gain or loss is recognized in participants' accounts on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the distributable value of the participant's account.

Vesting

Participants are immediately fully vested in their elective deferral contributions, their share of employer prevailing wage contributions and related earnings. Profit sharing and discretionary matching contributions vest according to the following schedule:

Years of service	Vested percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures, if any, will be used to reduce future employer contributions.

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN (Continued):

Benefit payments

Under the terms of the plan, participants are eligible for benefit payments upon reaching age 55. The Plan also provides for distributions to participants, or beneficiaries, upon death, disability and termination of employment. Participants may choose to have benefits paid directly to them or paid directly to another qualified retirement plan on their behalf.

Notes receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the loan origination date plus 1%. Principal and interest is paid ratably through regular payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

As of December 31, 2018, the financial statements of the Plan have been prepared using the accrual basis of accounting from information supplied by the Recordkeeper and Plan Administrator.

As of December 31, 2017, the financial statements were prepared on the modified cash basis of accounting and present net assets available for benefits and changes in those net assets. Under the modified cash basis of accounting utilized, employer contributions are recognized when received rather than when accrued by the employer. In addition, benefit payments to participants are recorded when paid and administrative expenses are accrued monthly by the Plan.

There is no impact to the financial statements as a result of the change in basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Valuation of investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment income

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a daily basis based on an annual rate. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefits are recorded when paid. As of December 31, 2018 and 2017, there are no account balances of participants who have elected to withdraw from the Plan but have not been paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred. As of December 31, 2018 and 2017, the note receivable from participants totaled $42,031 and $53,540, respectively. There was an allowance for uncollectibility at December 31, 2018 and 2017 or $37,806 and $42,468, respectively. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Administrative expenses

Most of the Plan's expenses are charged to the individual participants' accounts for transactions. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Date of management's review

Management has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued):

Common Collective Trust Funds

The T. Rowe Price Stable Value Fund is a common collective trust which seeks to provide income while maintaining stability of principal. The fund is valued at NAV, published daily. The stable value fund generally permits redemptions daily at the current NAV. If the fund experiences periods of insufficient liquidity then the stable value fund may defer honoring any payment request until liquidity is sufficient.

103-12 Investment Entity

These investments are investment vehicles using the unit value provided by the administrator of the fund. The unit value is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The unit value is an input other than a quoted price that is observable. Therefore, these investments are classified within Level 2 of the valuation hierarchy.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,879,623	$ -	$ -	$1,879,623
Common collective trust fund	45	-	-	45
Total investments, at fair value	$1,879,668	$ -	$ -	$1,879,668

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Investment in 103-12 IE	$ -	$1,729,560	$ -	$1,729,560
Total investments, at fair value	$ -	$1,729,560	$ -	$1,729,560

NOTE 4 - INVESTMENT IN RETIREMENT PLAN TRUST:

As of December 31, 2017, the Plan had an investment in a master trust. Fringe Benefit Group, Inc. sponsored the master plan and trust documents. A master profit sharing plan in the form of the Contractors and Employees 401(k) Plan was established in 1993. A trust in the form of the Contractors and Employees Retirement Plan Master Trust (Trust) was established in 1987. Under the terms of the 401(k) Plan, all assets of the Plan are maintained in the Trust. The Trust files a Form 5500 as a 103-12 Investment Entity.

As of December 31, 2017, the investment in the Trust represents the allocated net portion of the Trust that is attributable to the Contractors Retirement Plan sponsored by G Brothers Construction, Inc. and includes all of the Plan's investments. The Plan's share of the net assets of the Trust is based on the underlying participant account values including the effects of contributions, allocated net investment income, withdrawals, and allocated administrative expenses. Net investment income, gains and losses are allocated to participating plans on a daily basis based on the participants' investment choices. At December 31, 2017, the Plan's interest in the net assets of the Trust was less than 1%. The following presents the fair value of the investments of the Trust as of December 31, 2017:

Investments, at Fair Value	
Mutual Funds	$ 980,700,783
Collective Trusts	46,495,403
Insurance Company General Account	20,884,329
Cash and Cash Equivalents	3,556,472
	$1,051,636,987

The investments held in the Trust as of December 31, 2017 are stated at fair value. Investments are valued based on unit values as reported to the Trust by insurance companies holding assets for the Trust. Certain agreements with insurance companies holding the Trust's assets include provisions for withdrawals/surrender fees of up to 5% for participants with less than three years of participation in the Trust. These fees were normally charged against the participant's account immediately prior to withdrawal.

Effective January 29, 2018, the Employer transferred all plan assets out of the master trust to Reliance Trust Company, the trustee for the period January 30, 2018 through December 31, 2018.

NOTE 5 - FEDERAL INCOME TAX STATUS:

The Company adopted a volume submitter profit sharing plan, which obtained an opinion letter dated June 1, 2015, which stated that the Plan, as designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to December 31, 2015.

NOTE 6 - CERTIFIED FINANCIAL DATA:

The plan administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to the assets held by Reliance Trust Company, the trustee as of December 31, 2018, and for the period January 30, 2018 through December 31, 2018. Accordingly, the plan administrator instructed the plan auditors not to perform any auditing procedures with respect to such information certified by the trustee as complete and accurate, except for comparing such information to the plan's financial statements and supplemental schedule. Total investments and notes receivable held and certified by the trustee in the Statement of Net Assets Available for Benefits were $1,921,699 as of December 31, 2018.

NOTE 6 - CERTIFIED FINANCIAL DATA (Continued):

Net investment income and interest on notes receivable from participants for the year ended December 31, 2018 is as follows:

Contributions per the financial statements	$401,490

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

As of December 31, 2018 and for the period January 30, 2018 through December 31, 2018, Plan investments are held by Reliance Trust Company, the trustee, and therefore qualify as party-in-interest transactions. Notes receivable from participants and related interest income are also party-in-interest transactions.

As of December 31, 2017 and for the period January 1, 2018 through January 29, 2018, the Plan is part of a master trust whose recordkeeper and master plan sponsor is Fringe Benefit Group, Inc. Various administrative expenses and asset charges of the master trust are paid to Fringe Benefit Group, Inc. and are allocated to the Plan reducing the net investment income.

NOTE 9 - PLAN TERMINATION:

The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to terminate the Plan in whole or in part at any time. In the event that such discontinuance results in the termination of the Plan, the net assets will be allocated among the participants in accordance with the terms of the Plan and ERISA.

NOTE 10 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - PROHIBITED TRANSACTIONS:

During the years ended December 31, 2017 and 2016, G Brothers Construction, Inc., the Plan Sponsor, failed to deposit employee deferral contributions to the Plan's trust in a timely manner in accordance with Department of Labor regulations. Multiple contributions totaling $6,410 and $56,569 during the years ended December 31, 2017 and 2016, respectively were deposited late. These instances of late deposits resulted in a prohibited nonexempt transaction in the form of a loan between the Plan and the Plan Sponsor. These transactions are expected to be corrected in 2019.
