We were engaged to audit the accompanying statements of net assets available for benefits of C.T. Male Associates Retirement Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the years then ended and the supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company, the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

C. T. MALE ASSOCIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

The following description of the C. T. Male Associates Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of C. T. Male Associates, P.C. (the Company). Employees become eligible to participate in elective deferrals after three consecutive months of service. Employees become eligible for profit sharing contributions after twelve consecutive months during which the employee is credited with 1,000 hours of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employer contributions, when made, are allocated based on the compensation paid to a participant as compared to the compensation paid to all Plan participants. Each year, contributions, if any, are made in an amount determined by the Company. A participant may also make a voluntary contribution in cash within certain limitations. The employer contribution totaled $480,481 and $568,323 for 2010 and 2009, respectively. The employee salary reduction contribution totaled $654,855 and $539,344 for 2010 and 2009, respectively. Participants direct the investment of employer and employee contributions into various investment options offered by the Plan.

Participant Accounts

An account is established for each participant. Each participant's account is credited with the participant's contribution, if any, and with an allocation of the Company's contribution, if any, in proportion to their compensation. Plan earnings are allocated based on a participant’s investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50 percent of the present value of the nonforfeitable accrued benefit of the participant under the plan. Notes receivable terms range from one to five years with payments to be made not less frequently than quarterly. However, notes receivable used to acquire any dwelling unit which is to be used as a principal residence of the participant shall provide for periodic repayment over a reasonable period of time that may exceed five years. The notes receivable bear a reasonable rate of interest. Notes receivable cannot be taken from the Roth 401(k) deferral accounts.

Notes receivable from participants at December 31, 2010 and 2009 were $100,637 and $111,940, respectively.

C. T. MALE ASSOCIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

Vesting

A participant is fully vested in his or her account balance when employed for a twelve consecutive month period and is credited with 1,000 hours of service. Employee elective deferrals are fully vested at the time of the contribution.

Payment of Benefits

Upon termination of employment, participants or their beneficiary have a 100% nonforfeitable right to the value of their accounts. They are entitled to receive either a lump-sum distribution amount equal to the value of his or her account, or annual installments over a period of time.

Termination of the Plan

Although it has not expressed an intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the following investment options:

Templeton Global Bond A
T Rowe Mid Cap Growth Adv
Jennison Small Company Fund
Jennison Growth Fund
American Balanced Fund
Calvert Large Cap Growth Fund
AIM Developing Markets Fund
PIMCO Real Return Bond
American Funds Euro Pacific Growth Fund
Vanguard Institutional Index
American Funds Washington Mutual Investors
AIM International Small Company Fund
First American Real Estate Securities
PIMCO Total Return Bond
Columbia Small Cap Index
Allianz NFJ Small Cap Admin
Dreyfus Mid Cap Index Fund
Janus Perkins Mid Cap Value Fund
Columbia Small Cap Value Fund I
Prudential Guaranteed Income Fund

Participants also have the option of contributing amounts under a Roth 401(k) deferral with the same investment options noted above. The amounts contributed are on a post-tax basis.

2. SIGNIFICANT ACCOUNTING POLICIES

Plan Administration Costs and Parties-in-Interest

The Plan sponsor, C. T. Male Associates, P.C., has elected to pay for the administrative expenses of the Plan. Administrative expenses for the years ended December 31, 2010 and 2009 were $12,500 and $10,700, respectively. This includes administrative costs paid to the third party administrator, Prudential Retirement Insurance and Annuity Company, as well as audit fees paid to Marvin and Company, P.C.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair Value of Financial Instruments

Generally accepted accounting principles provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are described as follows.

- Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The guaranteed income fund is valued at fair value which is equal to contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses (see note 4.)

2. SIGNIFICANT ACCOUNTING POLICIES

Fair Value of Financial Instruments

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Values of assets measured on a recurring basis at December 31, 2010 are as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2010				
Mutual funds	$11,854,821	$ 11,854,821	$ -	$ -
Guaranteed Income Account	2,066,263	-	-	2,066,263
Total Assets at Fair Value	$13,921,084	$ 11,854,821	$ -	$ 2,066,263

Fair Values of assets measured on a recurring basis at December 31, 2009 are as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Mutual funds	$ 9,568,507	$ 9,568,507	$ -	$ -
Guaranteed Income Account	2,262,026	-	-	2,262,026
Total Assets at Fair Value	$ 11,830,533	$ 9,568,507	$ -	$ 2,262,026

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

2. SIGNIFICANT ACCOUNTING POLICIES

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010 and 2009, there were no significant transfers in or out of levels 1, 2 or 3.

The table below sets forth a summary of changes in fair value of the Plan's level 3 assets for the years ended December 31, 2010 and 2009:

	Guaranteed Income Account
December 31, 2008	$ 2,087,041
Contributions	191,808
Withdrawals/Transfers	(57,150)
Exchanges	(27,842)
Interest income	68,169
December 31, 2009	$ 2,262,026
Contributions	201,400
Withdrawals/Transfers	(408,021)
Exchanges	(58,479)
Net Loan Activity	1,848
Interest income	67,489
December 31, 2010	$ 2,066,263

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Reclassifications

Certain 2009 amounts have been reclassified to conform to the 2010 financial statement presentation.

3. INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2010 and 2009. Accordingly, the custodian, Prudential Retirement Insurance and Annuity Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2010	2009
Investments at fair value:		
Mutual funds	$11,854,821	$ 9,568,507
Guaranteed income fund	$ 2,066,263	$ 2,262,026

The investment gain included in the accompanying 2010 and 2009 statements of changes in net assets available for benefits was obtained from data that was also prepared and certified to as complete and accurate by Prudential Retirement Insurance and Annuity Company.

The investments as of December 31, 2010 and 2009 that represent 5% or more of the Plan's net assets are as follows:

	2010	2009
American Balanced Fund	$ 1,358,908	$ 1,132,673
American Funds Euro Pacific Growth Fund	1,168,186	915,852
Vanguard Institutional Index	969,957	765,759
American Funds Washington Mutual Investors	1,583,129	1,240,797
Jennison Growth Fund	1,672,149	1,374,009
PIMCO Total Return Bond	1,916,491	1,688,134
Janus Perkins Mid Cap Value Fund	937,615	844,391
Prudential Guaranteed Income Fund	2,066,263	2,262,026

The mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value during the years ended December 31, 2010 and 2009 by $1,505,772 and $2,120,532, respectively.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan owns a promise to pay interest at crediting interest rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. There are no specific securities in the general account that back this annuity contract. This product is not a traditional guaranteed income contract, and as a result the fair value is equal to the contract value.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value which is equal to contract value. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally there are no events that could limit the ability of the plan to transact at contract value with the issuer within 90 days or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle at any amount different than the contract value either within 90 days or over time.

Interest is credited on a contract basis using a single “portfolio rate” approach. Under this methodology, a single interest-crediting rate is applied to all contributions made to this product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The crediting interest rate is established without the use of a specific formula, but may not be less than 1.5%. The average yield and crediting interest rate was 3.00% for the years ended December 31, 2010 and 2009.

5. TAX STATUS

The Plan has received a favorable determination from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan administrator and Plan sponsor believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code (IRC). Therefore, they believe that the Plan was qualified and was tax exempt as of the financial statement date.

U.S. generally accepted accounting principles requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more than likely would not be sustained upon the examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

6. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds. Mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities within the mutual funds, it is at least reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

7. AMENDMENTS

There were no amendments to the plan during the years ended December 31, 2010 and 2009.

8. PARTIES-IN-INTEREST

The Plan is affiliated with C.T. Male Associates, P.C. The Plan and the Sponsor are considered related parties based upon shared management and certain shared Board of Trustee members. The following organizations are considered parties-in-interest based upon services they provide to the Plan:

C. T. Male Associates P.C. – Plan Sponsor
Marvin and Company, P.C. – Plan Audit Firm
Prudential Retirement Insurance and Annuity Company – Third Party Administrator and Asset Custodian

For the years ended December 31, 2010 and 2009 there were no prohibited transaction between either the related parties and the Plan or the parties-in-interest.

9. SUBSEQUENT EVENTS

Plan management has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2010 through October 5, 2011, which is the date these financial statements were issued, and have determined that there are no subsequent events that require recording or disclosure.

We were engaged to audit the accompanying statements of net assets available for benefits of C.T. Male Associates Retirement Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the years then ended and the supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company, the custodian of the Plan's assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

C. T. MALE ASSOCIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

The following description of the C. T. Male Associates Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of C. T. Male Associates, P.C. (the Company). Employees become eligible to participate in elective deferrals after three consecutive months of service. Employees become eligible for profit sharing contributions after twelve consecutive months during which the employee is credited with 1,000 hours of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employer contributions, when made, are allocated based on the compensation paid to a participant as compared to the compensation paid to all Plan participants. Each year, contributions, if any, are made in an amount determined by the Company. A participant may also make a voluntary contribution in cash within certain limitations. The employer contribution totaled $480,481 and $568,323 for 2010 and 2009, respectively. The employee salary reduction contribution totaled $654,855 and $539,344 for 2010 and 2009, respectively. Participants direct the investment of employer and employee contributions into various investment options offered by the Plan.

Participant Accounts

An account is established for each participant. Each participant's account is credited with the participant's contribution, if any, and with an allocation of the Company's contribution, if any, in proportion to their compensation. Plan earnings are allocated based on a participant’s investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50 percent of the present value of the nonforfeitable accrued benefit of the participant under the plan. Notes receivable terms range from one to five years with payments to be made not less frequently than quarterly. However, notes receivable used to acquire any dwelling unit which is to be used as a principal residence of the participant shall provide for periodic repayment over a reasonable period of time that may exceed five years. The notes receivable bear a reasonable rate of interest. Notes receivable cannot be taken from the Roth 401(k) deferral accounts.

Notes receivable from participants at December 31, 2010 and 2009 were $100,637 and $111,940, respectively.

C. T. MALE ASSOCIATES RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

1. DESCRIPTION OF THE PLAN

Vesting

A participant is fully vested in his or her account balance when employed for a twelve consecutive month period and is credited with 1,000 hours of service. Employee elective deferrals are fully vested at the time of the contribution.

Payment of Benefits

Upon termination of employment, participants or their beneficiary have a 100% nonforfeitable right to the value of their accounts. They are entitled to receive either a lump-sum distribution amount equal to the value of his or her account, or annual installments over a period of time.

Termination of the Plan

Although it has not expressed an intent to do so, the Company has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the following investment options:

Templeton Global Bond A
T Rowe Mid Cap Growth Adv
Jennison Small Company Fund
Jennison Growth Fund
American Balanced Fund
Calvert Large Cap Growth Fund
AIM Developing Markets Fund
PIMCO Real Return Bond
American Funds Euro Pacific Growth Fund
Vanguard Institutional Index
American Funds Washington Mutual Investors
AIM International Small Company Fund
First American Real Estate Securities
PIMCO Total Return Bond
Columbia Small Cap Index
Allianz NFJ Small Cap Admin
Dreyfus Mid Cap Index Fund
Janus Perkins Mid Cap Value Fund
Columbia Small Cap Value Fund I
Prudential Guaranteed Income Fund

Participants also have the option of contributing amounts under a Roth 401(k) deferral with the same investment options noted above. The amounts contributed are on a post-tax basis.

2. SIGNIFICANT ACCOUNTING POLICIES

Plan Administration Costs and Parties-in-Interest

The Plan sponsor, C. T. Male Associates, P.C., has elected to pay for the administrative expenses of the Plan. Administrative expenses for the years ended December 31, 2010 and 2009 were $12,500 and $10,700, respectively. This includes administrative costs paid to the third party administrator, Prudential Retirement Insurance and Annuity Company, as well as audit fees paid to Marvin and Company, P.C.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Fair Value of Financial Instruments

Generally accepted accounting principles provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are described as follows.

- Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The guaranteed income fund is valued at fair value which is equal to contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses (see note 4.)

2. SIGNIFICANT ACCOUNTING POLICIES

Fair Value of Financial Instruments

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Values of assets measured on a recurring basis at December 31, 2010 are as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2010				
Mutual funds	$11,854,821	$ 11,854,821	$ -	$ -
Guaranteed Income Account	2,066,263	-	-	2,066,263
Total Assets at Fair Value	$13,921,084	$ 11,854,821	$ -	$ 2,066,263

Fair Values of assets measured on a recurring basis at December 31, 2009 are as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Mutual funds	$ 9,568,507	$ 9,568,507	$ -	$ -
Guaranteed Income Account	2,262,026	-	-	2,262,026
Total Assets at Fair Value	$ 11,830,533	$ 9,568,507	$ -	$ 2,262,026

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

2. SIGNIFICANT ACCOUNTING POLICIES

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010 and 2009, there were no significant transfers in or out of levels 1, 2 or 3.

The table below sets forth a summary of changes in fair value of the Plan's level 3 assets for the years ended December 31, 2010 and 2009:

	Guaranteed Income Account
December 31, 2008	$ 2,087,041
Contributions	191,808
Withdrawals/Transfers	(57,150)
Exchanges	(27,842)
Interest income	68,169
December 31, 2009	$ 2,262,026
Contributions	201,400
Withdrawals/Transfers	(408,021)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Reclassifications

Certain 2009 amounts have been reclassified to conform to the 2010 financial statement presentation.

3. INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the years ended December 31, 2010 and 2009. Accordingly, the custodian, Prudential Retirement Insurance and Annuity Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2010	2009
Investments at fair value:		
Mutual funds	$11,854,821	$ 9,568,507
Guaranteed income fund	$ 2,066,263	$ 2,262,026

The investment gain included in the accompanying 2010 and 2009 statements of changes in net assets available for benefits was obtained from data that was also prepared and certified to as complete and accurate by Prudential Retirement Insurance and Annuity Company.

The investments as of December 31, 2010 and 2009 that represent 5% or more of the Plan's net assets are as follows:

	2010	2009
American Balanced Fund	$ 1,358,908	$ 1,132,673
American Funds Euro Pacific Growth Fund	1,168,186	915,852
Vanguard Institutional Index	969,957	765,759
American Funds Washington Mutual Investors	1,583,129	1,240,797
Jennison Growth Fund	1,672,149	1,374,009
PIMCO Total Return Bond	1,916,491	1,688,134
Janus Perkins Mid Cap Value Fund	937,615	844,391
Prudential Guaranteed Income Fund	2,066,263	2,262,026

The mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value during the years ended December 31, 2010 and 2009 by $1,505,772 and $2,120,532, respectively.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan owns a promise to pay interest at crediting interest rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. There are no specific securities in the general account that back this annuity contract. This product is not a traditional guaranteed income contract, and as a result the fair value is equal to the contract value.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value which is equal to contract value. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally there are no events that could limit the ability of the plan to transact at contract value with the issuer within 90 days or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle at any amount different than the contract value either within 90 days or over time.

Interest is credited on a contract basis using a single “portfolio rate” approach. Under this methodology, a single interest-crediting rate is applied to all contributions made to this product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The crediting interest rate is established without the use of a specific formula, but may not be less than 1.5%. The average yield and crediting interest rate was 3.00% for the years ended December 31, 2010 and 2009.

5. TAX STATUS

The Plan has received a favorable determination from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan administrator and Plan sponsor believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code (IRC). Therefore, they believe that the Plan was qualified and was tax exempt as of the financial statement date.

U.S. generally accepted accounting principles requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more than likely would not be sustained upon the examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

6. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds. Mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities within the mutual funds, it is at least reasonably possible that changes in the values of the mutual funds will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

7. AMENDMENTS

There were no amendments to the plan during the years ended December 31, 2010 and 2009.

8. PARTIES-IN-INTEREST

The Plan is affiliated with C.T. Male Associates, P.C. The Plan and the Sponsor are considered related parties based upon shared management and certain shared Board of Trustee members. The following organizations are considered parties-in-interest based upon services they provide to the Plan:

C. T. Male Associates P.C. – Plan Sponsor
Marvin and Company, P.C. – Plan Audit Firm
Prudential Retirement Insurance and Annuity Company – Third Party Administrator and Asset Custodian

For the years ended December 31, 2010 and 2009 there were no prohibited transaction between either the related parties and the Plan or the parties-in-interest.

9. SUBSEQUENT EVENTS

Plan management has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2010 through October 5, 2011, which is the date these financial statements were issued, and have determined that there are no subsequent events that require recording or disclosure.
