INDEPENDENT AUDITORS' REPORT

The Plan Administrator
PFPC Enterprises Retirement Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of PFPC Enterprises Retirement Savings Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by TD Ameritrade Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2009 and 2008, and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, except for the effects of the matters discussed in the preceding paragraph, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The PFPC Enterprises Retirement Savings Plan is a defined contribution plan, which was formed effective January 1, 1989. The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan covers substantially all full-time employees (as defined) of CDC Appliances, Inc. (dba Ohio Valley Flooring) and Anchor Flange Company, other than those employees covered by a collective bargaining agreement. Participation commences on the earlier of January 1, or July 1 of the Plan year after which the employee has reached twenty and one-half years of age.

Contributions

Participants may make contributions on a pre-tax basis each plan year subject to limitations determined by the Internal Revenue Code. The Company will make a safe harbor match of a certain percentage of the participants' contributions. In 2009 and 2008, the Company matching percentage was 100% of the first 1% and 50% of the next 5% of contributions. The Company may also contribute an additional discretionary amount to the Plan as determined annually by the Company's Board of Directors. The Company did not make an additional discretionary contribution in 2009. The Company contributed an additional discretionary amount of \$55,100 in 2008.

Participant accounts

Each participant's account is credited with the participant's elective contributions and the employer's related matching contribution and an allocation of (a) the Company's discretionary contribution, (b) Plan earnings and (c) forfeitures. Investment earnings are allocated to eligible participants based on their relative account balance. Discretionary contributions are allocated to eligible participants based on their relative compensation for the Plan year. All other allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Benefits

Participants are eligible for benefits at retirement date. The normal retirement date is the first day of the month coinciding with or following the participant's 65th birthday. Early retirement may be elected after completing 10 years of service and reaching 55 years of age. Benefits are also payable upon death, permanent disability, or termination. There are various benefit payment options.

Vesting

Accounts become fully vested upon termination of employment due to normal retirement, early retirement, death, or permanent disability. Vesting of the safe harbor contribution at termination of employment for reasons other than above is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 years or more	100%

Vesting of employer's discretionary contributions at termination of employment for reasons other than above is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3	0%
3 years or more	100%

Non-vested amounts are forfeited at termination and may be used to reduce administrative expenses or allocated to eligible participants based on relative balances during the Plan year. Employee contributions are always 100% vested.

Loans

The Plan permits participants to borrow from their vested account. The maximum amount that may be borrowed is the lesser of \$50,000 or 50% of the vested balance of the account. Participants are permitted to carry two loans against their account at any given time. The interest rate on the loan is determined by the Plan Administrator. Loans are payable within five years except for those used to acquire a principal residence.

Insurance contracts

The Plan permits participants to elect to purchase insurance contracts using proceeds from their account. These proceeds are treated as distributions from the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

Forfeited accounts

At December 31, 2009 and 2008, the balance of forfeited nonvested accounts totaled \$32,153, and \$30,969, respectively. Administrative expenses were paid using forfeitures of nonvested accounts during December 31, 2009 and 2008.

2. SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been presented on the accrual basis of accounting.

Valuation of investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date. The change in the unrealized difference between cost and fair value of investments held is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. Gains and losses on disposition of investments are recognized at the time of disposition with the amount of gain or loss determined on an average cost basis.

Payment of benefits

Benefits paid to participants are recorded when amounts are distributed.

Administrative expenses

Administrative expenses of the Plan are paid by the Plan using forfeitures of nonvested accounts.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. As required by professional standards, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Subsequent Events

The Company evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The plan has evaluated subsequent events through June 16, 2010, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan provides for participant directed investment programs for individual employees. Investments of employee contributions and related Company contributions can be made into various funds in accordance with each participant's election.

Investments whose fair value represents 5% or more of the Plan's net assets as of December 31, 2009 and 2008 are as follows:

	<u>2009</u>	<u>2008</u>
American Growth Fund of America	\$ 4,597,852	3,604,471
Investment Co. of America	4,054,023	3,190,082
American Europacific Growth Fund	4,559,687	3,135,241
American Balanced Fund	1,524,335	1,402,052
American Small Cap World Fund	1,079,052	**
Bond Fund of America	1,012,178	823,720
MetLife Stable Value Fund (at contract value)	1,266,142	1,041,064

** Investment balance was less than 5% of net assets

During the years ended December 31, 2009 and 2008, the Plan's investments in mutual funds and common collective trusts (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$3,903,834 and (\$7,855,485), respectively.

4. FAIR VALUE MEASUREMENTS

Generally Accepted Accounting Principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trusts – The fair value of the investments in the common/collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.

Assets at fair value as of December 31, 2009

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

5. INCOME TAX STATUS:

The Plan obtained its latest determination letter on January 8, 2003, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the plan was qualified as of the financial statement date.

6. PLAN AMENDMENTS:

Effective January 1, 2009, the plan was amended to include a Qualified Automatic Contribution Arrangement (QACA). Under the arrangement, the Company will automatically withhold from compensation the percentage described below, which bases the automatic deferral percentage on the plan year of QACA participation.

<u>Automatic Deferral percentage</u>	<u>Plan Year of QACA participation</u>
3%	1 st plan year and 2 nd plan year
4%	3 rd plan year
5%	4 th plan year
6%	5 th and subsequent plan years

The Company will contribute to the Plan a safe harbor matching contribution equal to 100% of a participant's elective deferrals that do not exceed 1% of compensation, plus 50% of the participant's elective deferrals that exceed 1% of compensation but do not exceed 6% of the participant's compensation. Participants are 100% vested after two years in safe harbor matching contributions.

In addition, effective September 1, 2009, the Plan was amended to bring the Plan into compliance with the Pension Protection Act of 2006 and the Heroes Earnings Assistance and Relief tax Act of 2008.

Effective January 1, 2008, the Plan was amended to change the vesting schedule for profit sharing contributions to a three year cliff vesting schedule. The Plan was also amended to meet safe harbor requirements, to permit employees to be automatically enrolled upon meeting eligibility, and to allow loans from elective deferrals, rollovers, match and profit sharing sources.

In addition, effective August 1, 2008, the Plan was amended to eliminate the service requirement for all participants eligible to enroll in the plan.

7. INFORMATION CERTIFIED BY THE CUSTODIAN:

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information included on the statement of net assets available for plan benefits and the supplemental schedule of assets (held at end of year), as well as the investment earnings shown on the statement of changes in net assets, which were certified by TD Ameritrade Trust Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. Participant loans and related interest were not certified by the custodian.

8. RISKS AND UNCERTAINTIES:

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. SUBSEQUENT EVENT:

Effective January 1, 2010, the Plan was amended to remove Anchor Flange Company as a participating employer and spin-off that portion of the Plan into a new plan. On January 5, 2010 approximately \$3 million in plan assets were transferred out of this Plan and into the new Anchor Flange Company plan.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the amounts reported in the financial statements as of and for the year ended December 31, 2009 and 2008 and those reported on the Form 5500:
