NOTE A – PLAN DESCRIPTION

The following brief description of the SDC Group 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Southern Development & Construction, Inc. (the Plan sponsor) established the Plan effective as of January 1, 2016, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan also includes two affiliated companies, Mud Hole Custom Tackle, Inc. and American Tackle Company International, Inc. Employees of the Companies who have attained the age of 21 are generally eligible to participate in the Plan after three months of service. The Trustee oversees governance of the Plan.

Contributions

Participants may contribute up to the yearly IRS limits of pretax annual compensation. This amount was $18,500 in 2018. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also eligible to contribute up to the yearly IRS limits of after-tax Roth deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various separate accounts and insurance investment contracts as investment options for participants. The Companies may contribute to the Plan based upon a discretionary pro-rata employer matching contribution formula, as well as additional profit sharing amounts at the discretion of the Companies' board of directors. In 2018, the Companies did not elect to make either a matching contribution or a profit sharing contribution. The Plan also has an automatic contribution arrangement whereby new participants are automatically enrolled in the Plan with a default deferral rate set at 3% of eligible compensation unless they affirmatively elect not to participate.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' matching contribution, if any, and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures of non-vested accounts may be used to reduce future employer contributions.

NOTE A – PLAN DESCRIPTION (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of their accounts is based on years of continuous service. For employer contributions, a participant is 100 percent vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to 50 percent of the participant's vested account balance. The notes are secured by the balance in the participant's account and bear interest at the Prime Rate plus one percentage point. Principal and interest is paid ratably through payroll deductions not less frequently than quarterly.

Payment of Benefits

On termination of employment, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, participants may withdraw in-service distributions from salary deferrals if they are at least 59 1/2 at time of distribution or qualify under the hardship rules. The participant is required to begin minimum distributions from their vested account balance at age 70 1/2 according to IRS regulations.

Plan Termination

The Companies reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all amounts credited to their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial Statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Date of Management Review

Subsequent events were evaluated as of October 8, 2019, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ineligible Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction in contributions.

Expenses

Administrative expenses from the third-party administrator are paid directly by the Companies, and transaction costs of the custodian are incurred within the respective participant accounts.

NOTE C – INVESTMENTS

Plan investments are held with a third party custodian, and are comprised of various pooled separate accounts in the amount of $451,319 and $268,783 at years ended December 31, 2018 and 2017, respectively, and unallocated general account funds of $5,682 and $4,327 at years ended December 31, 2018 and 2017, respectively. All investments held are participant-directed.

NOTE D – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented, and for the year ended December 31, 2018 there were no transfers into or out of Level 2 inputs from Level 1 or Level 3 inputs.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts held by the plan is valued at the net asset value (NAV) of the underlying assets. The pooled separate account NAV is not a publicly quoted price in an active market; however, in accordance with FASB ASC 820-10-35-59, the Plan has elected to use NAV as a practical expedient to estimate fair value. Applicable surrender charges are a feature of the pooled separate accounts and are based on a percentage of the withdrawal amount in a contract year. These charges may result in an adjustment to fair value upon redemption.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value	Fair Value Measurements at the End of Reporting Period Using: Other Observable Inputs (Level 2)
December 31, 2018		
Pooled separate accounts	$ 451,319	$ 451,319
Total assets at fair value	$ 451,319	$ 451,319
December 31, 2017		
Pooled separate accounts	$ 268,783	$ 268,783
Total assets at fair value	$ 268,783	$ 268,783

Gains and losses included in the statement of changes in net assets available for benefits for the years ended December 31, 2018 and 2017, are reported as net appreciation (depreciation) in fair value of investments.

NOTE E – TAX STATUS

On January 1, 2016, the Plan sponsor adopted the provisions of a prototype plan The Plan has a favorable Internal Revenue Service (IRS) determination letter dated March 31, 2014. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE F – RELATED PARTY/PARTY IN INTEREST TRANSACTIONS

The plan has a number of service providers that are parties-in-interest under ERISA, and include a third party administrator, an investment contract administrator, a brokerage firm and an auditing firm. All of these parties-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE G - RISKS AND UNCERTAINTIES

Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – INFORMATION PREPARED AND CERTIFIED

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Voya Financial, the investment contract administrator.

Investments, at contract value	$ 5,682	$ 4,327
Investment income (loss)	$ (38,135)	$ 27,027

NOTE I – ADMINISTRATION OF PLAN ASSETS
