INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
LBC Investment and Retirement Plan
Houston, Texas

We were engaged to audit the accompanying statements of net assets available for plan benefits of LBC Investment and Retirement Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The Plan Administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with generally accepted auditing standards in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
LBC Investment and Retirement Plan
Houston, Texas

We were engaged to audit the accompanying statements of net assets available for plan benefits of LBC Investment and Retirement Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. The Plan Administrator has informed us that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with generally accepted auditing standards in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The LBC Investment and Retirement Plan (the Plan) was adopted effective April 1, 1987 to establish a savings and investment plan for the exclusive benefit of the employees of LBC Houston, L.P. (the Company and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting, which is acceptable under the Department of Labor Rules and Regulations. Interest and dividend income are recognized when earned.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Uninvested Cash - Uninvested cash includes cash on hand in transition to be invested.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

The statements of net assets available for plan benefits present investment contracts at fair value as well as an additional line item showing an adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets available for plan benefits is presented on a contract value basis.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefit-Responsive Fund - The Morley Capital Stable Asset Fund (2010) and Institutional Investors Stable Asset Fund Account (2009) invest primarily in asset-backed contracts that are fully benefit-responsive. These asset-backed contracts have two components: (1) a portfolio of securities or underlying assets and (2) a wrap contract. Pursuant to the contract, the issuer of the contract (wrap provider) undertakes to repay the principal amount deposited plus accrued interest less expenses to fund participant-directed withdrawals, transfers and loans. The crediting rate of the asset-backed contract is a function of the relationship between the market value, yield and duration of the underlying assets versus the contract value. If the positive adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value increases, the crediting rate at the next reset date will be negatively impacted and vice versa. Interest rate change is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

The net weighted average yield earned by these funds was 2.26% and 2.32%, respectively for 2010 and 2009. The net weighted interest rate credited to participants in the funds was 2.73% and 2.24%, respectively for 2010 and 2009.

All of the asset-backed contracts held by the Morley Capital Stable Asset Fund (2010) and Institutional Investors Stable Asset Fund Account (2009) are fully participating contracts. In a fully participating contract, the asset and liability risks may be transferred from the wrap provider to the Morley Capital Stable Asset Fund (2010) and Institutional Investors Stable Asset Fund Account (2009) in the event of a termination or non-participant directed withdrawal, transfer or loan. The risk of this event happening is not probable. The wrap provider may terminate a fully benefit-responsive contract and settle at an amount different from the contract value if the wrap provider of the Morley Capital Stable Asset Fund (2010) and Institutional Investors Stable Asset Fund Account (2009) is unable to meet the terms of the contract.

Participant Loans Receivable - In September 2010, the Financial Accounting Standards Board changed the reporting of loans to participants. Prior to the accounting principles change, loans to participants were reported as investments at fair value. GAAP now requires that loans to participants be reported as a receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. This accounting principle change is effective for periods ending after December 15, 2010. The Plan adopted this change in the 2010 financial statements, applied retrospectively for all periods presented. The adoption of this change was not significant as the unpaid principal balance plus accrued interest of loans to participants approximates fair value.

Federal Income Tax - The Internal Revenue Service informed the Plan Administrator, by letter dated January 26, 2004, that the Plan constitutes as a qualified trust under Section 401(b) of the Internal Revenue Code (Code) and is therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

GAAP provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an entity's financial statements. GAAP requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2010, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2007 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 10, 2011, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2010.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee is eligible to become a participant in the Plan immediately provided the employee has attained the age of 19. The Plan does not cover leased employees or employees covered by a collective bargaining agreement.

Contributions - Participants may elect to make contributions to the Plan in an annual amount ranging from 1% to 60% (pre-tax) and up to 10% (after-tax) of their compensation. Combined employee pre-tax and after-tax contributions may not exceed 60% of each participant's compensation. Contributions are made through authorized payroll reductions. These contributions by individual employees were limited to $16,500 in 2010. This limitation is adjusted periodically to reflect cost-of-living increases. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions ($5,500 for 2010).

For each Plan year, the Company elects to contribute a matching contribution equal to a percentage of the employee's contribution. For 2010, the employer matching contribution amounted to 100% of each participant's contribution limited to 6% of eligible compensation. The Company may also make an additional contribution (employer incentive contribution), in an amount determined solely at the discretion of the Company's Board of Directors. Such additional discretionary contributions, if any, are allocated pro rata to all participants who fulfill the participation eligibility requirements at the end of each month based upon the proportion of the participant's compensation to the total compensation of all eligible participants. For the year ended December 31, 2010, the Company made an incentive contribution amounting to $349,599. Maximum annual additions for each participant (which include employer contributions) shall not exceed the lesser of $49,000 or 100% of each participant's compensation, or cause the Plan to exceed the maximum amount allowable as a deduction to the employer under provisions of the Code.

NOTE B PLAN DESCRIPTION (CONTINUED)

Vesting - A participant is immediately fully vested with respect to the portion of the participant's account attributable to participant contributions and related earnings. A participant becomes fully vested in Company contributions and related earnings upon the earlier of: (1) five years of service, or (2) attainment of age 65. Vesting of 20% of Company contributions occurs upon one year of service, 40% upon two years of service, 60% upon three years of service, 80% upon four years of service and 100% upon five years of service.

Forfeitures of account balances not fully vested are used to reduce employer incentive contributions. Forfeitures utilized in 2010 to reduce employer incentive contributions amounted to $70,830. Forfeitures amounting to $73,317 are carried forward to 2011.

Forms of Benefits - Benefits are recorded when paid. The normal form of benefit payable under this Plan is a lump sum. If the amount payable is $5,000 or less, the participant may receive a lump sum distribution as soon as feasible following the date of termination and no optional form of benefit will be available. If the amount payable is greater than $5,000, the participant must give written consent before the distribution can be made. A second form of benefit is installments payable in cash or in kind, or part in cash and part in kind over a period not to exceed the participant's lifetime or the joint lifetime of the participant and spouse.

A third possible form of benefit which may be available to certain participants is an annuity contract payable as (a) a single life annuity, (b) a joint and 50% survivor annuity with a contingent annuitant, (c) a joint and 100% survivor annuity with a contingent annuitant, or (d) an annuity for the life of the participant with 120 months certain. Annuities are only available to participants who transferred money from a prior plan where this option was available.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rates on loans outstanding at December 31, 2010 range from 3.25% to 8.25%. Principal and interest is paid ratably through bi-weekly payroll deductions.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Each participant account is credited with the participant's contributions, the Company's contributions, and a pro rata share of the earnings of each fund in which the participant has invested.

NOTE B PLAN DESCRIPTION (CONTINUED)

Administration - Three directors of the Company comprise the administrative committee for the Plan. The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Plan will be paid by the Company. Substantially all Plan expenses were paid by the Plan.

Plan Termination - The Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments at December 31, 2010 and 2009 are recorded at fair value as certified by Charles Schwab Trust Company. The following table details the investments of the Plan at fair value as of December 31, 2010 and 2009:

Net investment gain from registered investment companies	$ 1,008,954
Net investment gain from common/collective trusts	$ 109,248
Dividend income from registered investment companies	$ 387,920
Interest income from participant loans	$ 60,441

NOTE C INVESTMENTS AND CERTIFIED INFORMATION (CONTINUED)

Charles Schwab Trust Company has also certified the participant loans receivable and information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active and inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the techniques used during 2010 and 2009.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

The common/collective trust is valued at fair value by each fund's trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of shares held by the Plan at year end.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of investments are categorized as follows at December 31, 2010 and 2009:

	2010			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies				
Growth Funds	$ 6,362,085	$ -	$ -	$ 6,362,085
Blended Funds	2,959,772	-	-	2,959,772
Fixed Income Funds	3,409,333	-	-	3,409,333
Common Collective Trust	-	4,899,343	-	4,899,343
Total Investments at Fair Value	$ 12,731,190	$ 4,899,343	$ -	$ 17,630,533

	2009			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies				
Growth Funds	$ 6,099,908	$ -	$ -	$ 6,099,908
Blended Funds	2,619,559	-	-	2,619,559
Fixed Income Funds	2,824,934	-	-	2,824,934
Common Collective Trust	-	3,411,908	-	3,411,908
Total Investments at Fair Value	$ 11,544,401	$ 3,411,908	$ -	$ 14,956,309

There were no significant transfers in and/or out of the fair value categories during 2010 and 2009.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds offered by Charles Schwab Trust Company. These investments are considered party-in-interest transactions because Charles Schwab Trust Company serves as trustee of the Plan. The Employer, as the Plan Sponsor, has approved of these investment options.
