Independent Auditor's Report

To the Plan Administrator and Participants
Goellner, Inc. Retirement Savings Plan
Machesney Park, Illinois

We were engaged to audit the accompanying statement of net assets available for benefits of Goellner, Inc. Retirement Savings Plan as of December 31, 2010 and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule as of December 31, 2010. These financial statements and schedule are the responsibility of the Plan's management. The financial statements of Goellner, Inc. Retirement Savings Plan as of and for the year ended December 31, 2009, were audited by Farrell & Associates CPAs, LLC, which practice was acquired by Clifton Gunderson LLP by merger on November 1, 2010. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Charles Schwab Trust Company, the Trustee of the Plan. Their report, dated July 21, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Charles Schwab Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2010, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and schedule taken as a whole. The form and content of the information included in the 2010 financial statements and schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GOELLNER, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 1 – PLAN DESCRIPTION

The following description of the Goellner, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Goellner, Inc. (the Company) and affiliated companies, Hennig, Inc. and Advanced Machine and Engineering, Inc., who are at least 18 years old and have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make salary deferral contributions from a minimum of 1% up to the maximum amount allowed by the Internal Revenue Code (IRC). If employee contributions cause the Plan to exceed the 401(k) discrimination limits, excess contributions are refunded to the participants. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company is permitted to make discretionary matching and discretionary profit sharing contributions. The Company contributed a matching contribution for the first quarter of 2009. No other contributions were made for 2009. A discretionary matching contribution was made in 2010. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary salary deferral contribution, the Company's matching contributions (if applicable), and an allocation of (a) the Company's profit sharing contribution (if applicable) and (b) Plan earnings and is reduced for certain fees. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The Company's profit sharing contributions are allocated based on participant's eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and earnings thereon vest immediately. Participants vesting in Company contributions is based on years of service. A participant becomes vested in the Company contributions according to the following schedule:

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Vesting (Continued)

Years of Service	Vested Percentage
Less than 1	0%
1	20
2	40
3	60
4	80
5 or more	100

A participant must work at least 1,000 hours during a Plan year to increase the vested portion of Company contributions.

Investment Options

Participants must direct all contributions to selected investments as made available and determined by the Plan administrator. Participants have the option to transfer monies between funds and change the allocation of their investment options daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50% of their employee deferral account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate + 1%, which range from 4.25% to 9.25% on existing loans. Loan terms range from one to five years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination, a participant may elect to receive an amount equal to the participant's vested account balance as a lump-sum distribution. Upon reaching 62 years of age, a participant with a fully-vested account may receive an in-service distribution prior to separation from service.

If the vested benefits are less than $5,000, the balance will be distributed as either a cash distribution to the participant or transferred to an eligible retirement plan, at the direction of the participant. If the participant does not elect a method of payment and the balance is greater than $1,000, it will automatically be rolled over into an individual retirement account (IRA). Balances of less than $1,000 will be distributed in cash to the participant. If the balance is more than $5,000, an election to receive the benefit must be made.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Administrative Expenses

Administrative expenses incurred by the Plan are paid from the assets of the Plan.

Forfeited Accounts

Forfeitures are used to reduce employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Tax Status

The Plan is operating under a standardized adoption agreement sponsored by Alliance Benefit Group of Illinois for which the prototype sponsor has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in an investment contract through a common collective trust. Contract value for the collective trust is based on the net asset value of the funds as reported by the investment advisor. The statements of net assets available for benefits presents the fair value of the investment contracts (common collective trust) as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could vary from those estimates.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant note receivables are reclassified as distributions based upon the terms of the Plan documents.

Change in Accounting Principles

The Plan adopted a new accounting standard, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides clarification of how loans to participants should be classified and measured by defined contribution pension benefit plans. This guidance requires that loans to participants be reported as notes receivable from participants in the statement of net assets available for benefits and be measured at their unpaid balances plus any accrued but unpaid interest. The Plan adopted this standard in its December 31, 2010 financial statements and has reclassified participant loans of $419,700 and $417,374 from participant-directed investments to notes receivable from participants as of December 31, 2010 and 2009, respectively. The Plan also reclassified interest income from participant loans of $19,015 and $19,060 from investment income to interest income from notes receivable from participants for the years ended December 31, 2010 and 2009, respectively. Net assets of the Plan were not affected by the adoption of this standard.

Reclassifications

Certain reclassifications have been made in the prior year financial statements to conform to current year presentation.

NOTE 3 - INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules & Regulations for Reporting & Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

NOTE 3 – INVESTMENTS (CONTINUED)

a) Total participants' directed investments as shown in the accompanying statements of net assets available for benefits of $9,316,881 and $8,101,738 as of December 31, 2010 and 2009, respectively.

b) Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $419,700 and $417,374 as of December 31, 2010 and 2009, respectively.

c) Net investment income as shown in the accompanying statements of changes in net assets available for benefits of $1,108,357 and $1,663,361, for the years ended December 31, 2010 and 2009, respectively.

d) Interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits of $19,015 and $19,060, for the years ended December 31, 2010 and 2009, respectively.

Investment income is comprised of the following for the years ended December 31:

	2010	2009
Interest and dividends	$ 135,246	$ 125,353
Net appreciation in fair value of investments:		
Common collective trust	$ 45,844	$ 49,812
Mutual funds	927,267	1,488,196
	$ 973,111	$ 1,538,008

NOTE 3 - INVESTMENTS (CONTINUED)

The fair values of individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2010	2009
Common/collective trust funds:		
MetLife Stable Managed GIC ABG (Contract #25157)	$ 1,557,371	$ 1,500,196

Selected American Shares Inc S	656,364	565,276

*Below 5% threshold in the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:
  - Quoted prices for similar assets and liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2010 and 2009:

- Money market fund: Valued at the net asset value ("NAV") of the shares held by the Plan at year end.

- Mutual funds: Valued at the net asset value ("NAV") of the shares held by the Plan at year end. NAV is determined based on quoted prices in active markets.

- Common collective fund: The common collective fund invests in collective investments and reinvestment in one or more bank, insurance company, or synthetic investment contracts, and in short-term investments which are not publicly traded. The fund is valued at the net-assets value per unit on the valuation date (December 31, 2010 and 2009). There are no redemption restrictions for Plan participants with this fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

December 31, 2010	Level 1	Level 2	Level 3	Total
Money market funds	$ 13,480	$ -	$ -	$ 13,480
Mutual funds:

Total assets at fair value	$ 6,601,542	$ 1,500,196	$ -	$ 8,101,738

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2009 and 2010, the Plan participated in a common collective trust managed by Charles Schwab Trust Company (Trustee), which invests solely in a managed group annuity contract with Metropolitan Life Insurance Company called MetLife Stable Managed GIC ABG (Contract #25157) (the Fund). The Trustee maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for Plan benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed quarterly for resetting.

The Fund could be limited in its ability to transact with issuers at contract value. Such events include the Fund raising its risk profile or being subjected to an extended period of significant cash outflow, amendments to the plan documents, bankruptcy of the plan sponsor, or failure of the Trust to qualify for tax exempt status. The Plan administrator does not believe that the occurrence of any such event is probable.

The fair market value of the specific contracts inside the Fund was $1.01 and $.96 per $1.00 of contract value at December 31, 2010 and 2009, respectively.

Average yields:	**2010**	**2009**
Based on actual earnings	8.97%	15.01%
Based on interest rate credited to participants	3.73	3.80

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are funds managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the custodian, as defined by the Plan, and therefore, transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company for which they receive no compensation from the Plan.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2010	2009
Net assets available for benefits per the financial statements	$ 9,835,163	$ 8,615,268
Adjustment for fair market value related to common/collective trust funds	23,983	(44,804)
Net assets available for benefits per the Form 5500	$ 9,859,146	$ 8,570,464

The following is a reconciliation of the changes in net assets per the financial statements to the Form 5500 for the years ended December 31:

	2010	2009
Change in net assets available for benefits per the financial statements	$ 1,219,895	$ 1,097,954
Change in adjustment from contract to fair market value related to Common/collective trust funds	68,787	165,722
Net assets available for benefits per the Form 5500	$ 1,288,682	$ 1,263,676

NOTE 9 – SUBSEQUENT EVENTS

Management evaluated subsequent events through September 1, 2011, the date the financial statements were available to be issued. Events or transactions occuring after December 31, 2010, but prior to September 1, 2011, that provided additional evidence about conditions that existed at December 31, 2010, have been recognized in the financial statements for the year ended December 31, 2010. Events or transactions that provided evidence about conditions that did not exist at December 31, 2010, but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended December 31, 2010.

Plan Administrator
Goellner, Inc. Retirement Savings Plan
Machesney Park, Illinois

This letter is to provide you with information about significant matters related to our audit of the financial statements of Goellner, Inc. Retirement Savings Plan for the year ended December 31, 2010. It is intended solely for the Plan Administrator and management and should not be used by anyone other than these specified parties.

We have provided a separate letter, dated September 1, 2011, concerning the internal control conditions that we noted during our audit.

The following are our observations arising from the audit that are relevant to your responsibilities in overseeing the financial reporting process.

Auditor's Responsibilities Under Generally Accepted Auditing Standards. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to the financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not expressed an opinion on the financial statements and schedules as a whole. Our audit does not relieve you or management of your responsibilities. Professional standards require that we communicate to you the following information related to our audit.

Significant Issues Discussed With Management Prior to Retention. We discuss various matters with management each year prior to retention as the Plan's auditors. These discussions occur in the normal course of our professional relationship. There were no significant issues, including the application of accounting principles and auditing standards, which were discussed with management prior to our retention as auditors.

Consultations With Other Accountants. We were informed by management that they made no consultations with other accountants on the application of generally accepted accounting principles and generally accepted auditing standards.

Qualitative Aspects of Accounting Practices

Accounting Policies
Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Goellner, Inc. Retirement Savings Plan are described in Note 2 to the financial statements. The following is a description of a significant accounting policy which was initially selected during the year.

The plan adopted a new accounting standard, *Reporting Loans to Participants by Defined Contribution Pension Plans*. This guidance requires that loans to participants be reported as

notes receivable from participants in the statement of net assets available for benefit and be measured at their unpaid balances plus any accrued but unpaid interest.

We noted no transactions in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

There were no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting Estimates
Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant accounting estimates of financial data which would be particularly sensitive and require substantial judgments by management.

Financial Statement Disclosures
Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures.

Difficulties Encountered in Performing the Audit. We encountered no significant difficulties in dealing with management related to the performance of our audit.

Representations from Management. We have requested the representations from management that are shown in the attached Exhibit.

Disagreements With Management. There were no disagreements with management on financial accounting and reporting matters, auditing procedures, or other matters which would be significant to the Plan's financial statements or our report on those financial statements.

Please contact Mike Abrahams if you have any questions regarding the matters included in this letter.

We are providing this letter in connection with your limited scope audit of the financial statements of Goellner, Inc. Retirement Savings Plan as of December 31, 2010, and for the year then ended. We confirm that we are responsible for the fair presentation in the financial statements of net assets and changes in net assets in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, as of September1, 2011, the following representations made to you during your audit.

1. The financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America and the notes include all disclosures required by laws and regulations to which the Plan is subject.

2. We have made available to you all:

   a. Financial records and related data.

   b. Minutes of the meetings of the 401(K) Investment Committee, or summaries of actions of recent meetings for which minutes have not yet been prepared.

   c. Amendments to the plan instrument (including amendments made to comply with applicable laws), the trust agreement, or insurance contracts.

3. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.

4. We have reviewed and approved all adjustments and corrections made to the financial statements and acknowledge that the adjustments are complete and accurate.

5. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.

6. We have no knowledge of any fraud or suspected fraud affecting the entity involving:

a. Management.

b. Employees who have significant roles in internal control.

c. Others where the fraud could have a material effect on the financial statements.

7. We have no knowledge of any allegations of fraud or suspected fraud affecting the entity received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

8. The methods and significant assumptions used to estimate fair values of financial instruments result in a measure of fair value appropriate for financial measurement and disclosure purposes.

9. We have no:

a. Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

b. Present intentions to terminate the Plan.

10. The following have been properly recorded or disclosed in the financial statements:

a. Related-party transactions and related amounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements and guarantees. In this regard, there were no nonexempt transactions with parties in interest as defined in ERISA Section 3(14) and regulations under that section that are not disclosed in the supplementary schedules or financial statements.

b. Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances, line of credit, or similar arrangements.

c. Guarantees, whether written or oral, under which the Plan is contingently liable.

d. Agreements to repurchase assets previously sold have been properly disclosed.

e. Estimates that might be subject to material change within one year from the date of the financial statements. We have identified all accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances.

f. Concentrations existing at the date of the financial statements that make the Plan vulnerable to the risk of severe impact within one year from the date of the financial statements. We understand that concentrations include the nature and type of investments held by the Plan, or markets for which events could occur which would significantly disrupt normal finances within the next year.

g. Amendments to the plan instrument, if any.

11. The current versions of the plan and trust documents have been filed with the appropriate agency.

12. We believe the Plan and trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified plan and trust. Required nondiscrimination testing under Code Section 401(k) and 401(m), as applicable, has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.

13. The Plan has complied with the fidelity bonding requirements of ERISA.

14. There are no:

    a. Violations or possible violations of laws or regulations whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.

    b. Other material liabilities or gain or loss contingencies that are required to be accrued or disclosed by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 450, *Contingencies*.

    c. Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or loans in default, events reportable to the Pension Benefit Guaranty Corporation, or events that may jeopardize the tax status) that legal counsel have advised us that must be disclosed.

15. We are not aware of any pending or threatened litigation, claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with FASB ASC 450, and we have not consulted a lawyer concerning litigation, claims, or assessments.

16. There are no:

    a. Material transactions that have not been properly recorded in the accounting records underlying the financial statements.

    b. Transactions with parties in interest as defined in ERISA Section 3(14) and related regulations that have not been disclosed in the supplemental schedules or financial statements.

    c. Investments, loans, or leases in default or considered to be uncollectible that have not been disclosed in the supplemental schedules.

    d. Reportable transactions as defined in ERISA Section 103(b)(3)(H) and related regulations that were not disclosed in the supplemental schedules.

17. The Plan has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets, nor has any asset been pledged (except as has been made known to you and disclosed in the financial statements).

18. The Plan has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

19. The Plan has complied with the Department of Labor's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the Plan.

20. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

21. No events have occurred subsequent to the financial statement date and through the date of this letter that would require adjustment to, or disclosure in, the financial statements.
