THE WINSFORD CORPORATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE 1--SUMMARY DESCRIPTION OF PLAN

The following description of the Winsford Corporation 401(K) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General--The Plan is a defined contribution 401(k) profit sharing plan covering all full-time employees of the Winsford Corporation (the Company) who have completed at least six months of service and are at least 21 years of age.

Contributions--The Plan permits eligible employees to contribute a percentage of their base compensation, subject to certain Internal Revenue Code limitations. The Company may make matching contributions equal to a percentage of the employee before-tax contributions. Every January 1 and July 1, participants have the opportunity to change their contribution percentages. The Company matches a percentage of participants' contributions up to a maximum of five percent of the employee's compensation, and the match percentage is set every year. For the year ended December 31, 2010, the Company match was 25 percent of the participants' contributions.

Participant Accounts--Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (1) Company discretionary contributions and (2) Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan states investments be participant-directed.

Vesting--Participants in the Plan vest immediately in their contributions and allocable income, and vest at the rate of 20 percent per year in the Company's matching contribution (contingent upon a minimum of 1,000 hours service within the Plan year) over a five-year period.

Plan Termination--Although it has not expressed an interest to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of the Plan's termination, participants become fully vested.

Payment of Benefits--Upon normal retirement, the participant may elect, in writing, to receive benefits equal to the vested value of their account in the form of a single-sum payment.

NOTE 1--SUMMARY DESCRIPTION OF PLAN--Continued

Participant Loans--The Plan permits participants to borrow from the participant's Plan account for certain specified purposes or in the event of financial hardship. Loans are available to all participants. The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their account balance with a minimum loan of $1,000. The interest for the loans is determined as of the date of the loan, at the prime rate plus 2 percent.

Forfeitures--The Plan states that unvested forfeitures by participants first be used to reduce administrative fees and then reduce employer matching contributions. Forfeitures in 2010 were $436.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting--The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Investments--Investments are carried at fair value on the last business day of the year as determined by John Hancock.

Investment Contracts with Insurance Company--The Plan invests in benefit responsive contracts with John Hancock. John Hancock maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by Manulife. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administration expenses. Contract value is considered to be equal to fair value as earnings includes mark to market adjustments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Payment of Benefits--Benefits are recorded when paid. There were no benefits payable at December 31, 2010 and 2009.

NOTE 3--SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by John Hancock Life Insurance Company, the Custodian of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Custodian that such information is complete and accurate:

a) Investments as indicated on the statements of net assets available for benefits as of December 31, 2010 and 2009;

b) Investment income as indicated on the statement of changes in net assets available for benefits for the year ended December 31, 2010;

c) All information included in Note 4; and

d) Investments included in the supplemental schedule of assets held for investment purposes as of December 31, 2010.

NOTE 4--INVESTMENTS

During 2010, the Plan's investments in insurance company pooled separate accounts (including gains and losses on investments bought and sold, as well as held, during the year) increased in value by $430,259.

NOTE 5--RELATED PARTY TRANSACTIONS

Certain of the Plan's investments are insurance company pooled separate accounts managed by John Hancock. The Plan also has insurance policies with John Hancock. John Hancock is the Custodian and insurance provider and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services and insurance commissions amounted to $25,179 for the year ended December 31, 2010.

NOTE 6--TAX STATUS

The Plan has applied for but has not received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code). However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and, therefore, the Plan and related trust are exempt from taxation.

NOTE 7--FAIR VALUE MEASUREMENTS

The Winsford Corporation has adopted Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, for fair value measurements that are recognized and disclosed at fair value in the financial statements on a recurring basis. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1--Quoted market prices in active markets for identical assets or liabilities.

Level 2--Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3--Unobservable inputs that are not corroborated by market data.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

NOTE 7--FAIR VALUE MEASUREMENTS--Continued

Fair values of assets and liabilities measured on a recurring basis at December 31, 2010 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Investments				
Insurance company guaranteed accounts	$ 409,326	$	$ 409,326	$
Pooled accounts	3,115,414	3,115,414		
Participant loans	181,831			181,831
TOTAL INVESTMENTS	$ 3,706,571	$ 3,115,414	$ 409,326	$ 181,831

Fair values of assets and liabilities measured on a recurring basis at December 31, 2009 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Investments				
Insurance company guaranteed accounts	$ 456,529	$	$ 456,529	$
Pooled accounts	2,603,063	2,603,063		
Participant loans	180,311			180,311
TOTAL INVESTMENTS	$ 3,239,903	$ 2,603,063	$ 456,529	$ 180,311

For assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the period, SFAS 157 requires a reconciliation of the beginning and ending balances, separately for each major category of assets and liabilities, except for derivative assets and liabilities, which may be presented net. A reconciliation of the Winsford Corporation's investment activity for the year ended December 31, 2010 with regard to its beneficial interest in assets held at John Hancock follows:

	Participant Loans
Beginning balance	$ 180,311
Purchases, sales, issuances and settlements	1,520
ENDING BALANCE	$ 181,831
