DOCUTAP, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN

The following description of DocuTAP, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all employees of the Company on date of hire and who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions. Participants may contribute up to 100% of their wages and bonuses for the Plan year subject to certain limits as defined under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make a contribution of an amount equal to a matching percentage of the participants' salary reduction contributions for the Plan Year. Additional profit-sharing contributions may be made at the option of the Company sponsor.

3. Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, if any, (b) Plan earnings, (c) forfeitures of terminated participants' non-vested account balances, and (d) charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

5. Payment of Benefits. On termination of service due to any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefits are recorded when paid.

6. Forfeitures. These amounts are used to reduce employer contributions. Forfeited non-vested amounts applied were $97,782 and $247,191 for 2019 and 2018, respectively.

7. Administration Expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Accounting fees and other administration expenses are paid directly by the Company. Custodian administration expenses and participant fees are paid by the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Date of Management's Review. Subsequent events were evaluated through September 28, 2020, which is the date the financial statements were available to be issued.

2. Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. The plan administrator has determined that fair value is equal to contract value at December 31, 2019 and 2018, as there are no adjustments on withdrawal or termination for the plan assets held under contract.

3. Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Investment Valuation and Income Recognition. Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value for pooled separate accounts held by the plan are measured using investment company guidance and qualify for measuring fair value using the net asset value per share, equivalent to fair value. See Note E for discussion of fair value measurements.

   Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits. Benefits are recorded when paid.

C. RELATED PARTY TRANSACTIONS

Certain Plan investment accounts are managed by Principal. Principal is the custodian of trust assets as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. In addition, the named Trustees for the Plan are selected officers and employees. No such officer or employee receives compensation from the Plan. However, these individuals are also participants in the Plan and are currently making elective deferrals. All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

D. TAX STATUS

The Company has adopted a prototype non-standardized profit-sharing plan that allows for 401(k) deferrals. Principal Financial Group, the sponsor of the prototype plan, has obtained a favorable opinion letter from the Internal Revenue Service. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

E. FAIR VALUE OF INVESTMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net assets values of the shares by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U. S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price.

Level 2 Fair Value Measurements

Pooled separate accounts are made up of a wide variety of underlying investments such as preferred stock, bonds, real estate and mutual funds. The net asset value (NAV) of the shares held by the plan at year end are classified in Level 2 of the fair value hierarchy and are based on the market value of the underlying investments, but the pooled separate account net asset value is not a publicly quoted price in an active market.

		Fair Value Measurements the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets Level 1	Other Observable Inputs (Level 2)
December 31, 2019			
Mutual funds	$ 85,003	$ 85,003	$ -
Pooled separate accounts	11,655,879	-	11,655,879
December 31, 2018			
Mutual funds	$ 44,774	$ 44,774	$ -
Pooled separate accounts	9,024,749	-	9,024,749

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation of investments.

The Plan's policy is to recognize transfers into and out of levels as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers into or out of Levels 1 or 2.

NOTES TO FINANCIAL STATEMENTS

F. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

All information included in the accompanying financial statements was obtained from data that was prepared and certified to as complete and accurate by the Custodian in accordance with 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 28, 2020, which is the date the financial statements were available to be issued.

Effective January 30, 2020 (Freeze Date), the Plan was amended to freeze participants' Plan benefits. On February 10, 2020 the DocuTAP, Inc. 401(k) Plan was liquidated (sold) and invested in similar funds in the Experity 401(k) Plan. New participants beginning January 1, 2020 were directed to the new plan with similar funds. As of the date of issuance of the financial statements, complete distribution of the Plan's net assets available for benefits has occurred.
