Independent Auditor's Report

To the KM Strategic Management 401(k) Retirement Savings Plan and Participants:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of KM Strategic Management 401(k) Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note J, which was certified by Principal Life Insurance Company, the trustee/custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the

trustee/custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee/custodian as of December 31, 2018 and 2019 and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee/custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held for investment purpose and delinquent participant contributions as of and for the year ended December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee/custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulation for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

KM Strategic Management 401(k) Retirement Savings Plan

Notes to Financial Statements

Note A—Description of Plan

1. **General**: The following description of KM Strategic Management 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

   The Plan is a 401(k) profit sharing plan covering all employees of the Company who have two or more months of service and a minimum age is not a requirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

   The Plan sponsor has added Pacific Diagnostic Imaging, LLC's employees and their contributions to the KM Strategic Management 401(k) Retirement Plan effective January 1, 2018.

2. **Contributions:** Each year, participants may contribute up to certain limits of pretax annual compensation, as defined in the plan. Participants may also contribute amounts representing distributions from other qualified defined contribution plans as rollover contributions. The Company may make an employer discretionary contribution to the Plan. It may be contributed at the option of the Company's board of directors. All contributions are invested through the custodian's Principal Life Insurance Company. Contributions are subject to certain Internal Revenue Code (IRC) annual limitations. Participants direct the investment of their deferrals into various investment options offered by the Plan. The Plan offers guaranteed interest investments and pooled separate account investments.

3. **Participant Accounts:** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on continuous services. A participant is vested in the Company's share of contribution at 25% after two years, 50% after three years, 75% after four years, and 100% after five years of credited services.

5. **Forfeitures:** Forfeitures of non-vested Company contributions are first used to pay plan expenses. Any forfeiture left after paying plan expenses are reallocated to employee contributions. There are no forfeited amounts in year 2018 and 2019.

Note A—Description of Plan—continued

6. **Notes Receivable from Participant:** Participants may borrow from their accounts a minimum of $1,000 up to a maximum, equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participants account and bear interest at rates, which are commensurate with local prevailing rates at a commercial U.S. bank and are determined at the time of loan is made, currently ranging from 5.25% to 6.50%. Loan transactions are treated as transfer to (from) the investment funds from (to) a participant's loan receivable. Principal and interest payments are made through payroll deductions. Loans that are considered uncollectible are treated as deemed distributions and therefore there is no allowance for uncollectible loans.

7. **Payment of Benefits:** On termination of services due to death, disability, hardship or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments and the optional form chosen. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note B—Summary of Accounting Policies

1. **Basis of Accounting:** The financial statements of the Plan are prepared on accrual method of accounting.

2. **Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosers. Actual results may differ from these estimates.

3. **Investment Valuation and Income Recognition:** The investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2018 and 2019. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

   Investment contracts are valued at contract value which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transitions under the terms of the plan.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on

Note B—Summary of Accounting Policies—continued

investments bought and sold as well as held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded

4. **Payment of Benefits**: Benefits are recorded when paid.

5. **Administrative Expenses:** Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

6. **Subsequent Events:** For the year-ended December 31, 2019, the Company has evaluated subsequent events for potential recognition and disclosure through October 14, 2020; the date of the financial statements was available to be issued.

   Subsequent to December 31, 2019, as COVID-19 spreads globally, local, U.S., and world governments have encouraged self-isolation to curtail the spread of the global pandemic, by mandating temporary work stoppage in various sectors, limiting travel, and size and duration of group meetings. Most industries will be experiencing disruptions to their business operations. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. While management cannot quantify the financial and other impact to the Plan as of October 14, 2020, management believes that a material impact on the Plan's net assets and results of future changes in net assets is reasonably possible.

7. Investments are evaluated on a recurring basis and reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note I for discussion of fair value measurements.

8. **Excess Contributions Payables:** Amounts payable to participants for contributions in excess of amount allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the participants prior to March 15, 2020.

Note C—Nonparticipant-Directed Investments

The Plan has only participant directed investments.

Note D—Guaranteed Investment Contract

The Plan has a fully benefit responsive investment contract with Principal Insurance Services (Principal). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net asset available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal represents contributions made under the contract, plus earnings, less participant withdrawal and administrative expenses. Participant may ordinarily direct the withdrawal or transfer of all or in portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately .74% to .75% for 2018 and 1.05% to 1.06% for 2019. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including the complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to Financial Statements

Note E—Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2018 and 2019 to Schedule H of Form 5500:

	2018	2019
Net assets available for benefits per financial statements	$2,177,142	$2,761,770
Participant contribution receivable	< 5,585>	< 6,427>
Adjustment to fair value for investment contract	<2,072>	< 804>
Corrective contribution payable	-	14,912
Net assets available for benefits per Schedules H to the Forms 5500	$2,169,485	$2,769,451

The following is a reconciliation of contribution received from participants per financial statements for the year ended December 31, 2019, to Schedule H of Form 5500:

Contribution received from participants per financial statements	$345,291
Add—Corrective contribution payable	14,912
Add—Participant contribution receivable at 12/31/2018	5,585
Less—Participant contribution receivable at 12/31/2019	<6,427>
Contribution received from participants per Schedule H of Form 5500	$359,361

Note F—Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

Note G—Department of Labor (DOL) Compliance

The current year audited financial statements will be filed timely by extended due date of October 15, 2020.

Note H—Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated 8/7/2001 that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the plan's design is currently being operated in compliance with the applicable requirement of the IRC. The Plan has been re-stated and amended on July 10, 2017 and the Company has adopted the re-stated plan as of December 31,

Note H—Tax Status--continued

2017. Therefore, no provision for income taxes has been made in the Plan's financial statements.

The Plan adopted the accounting standards for accounting for uncertainty in income taxes. These standards provide accounting and disclosure guidance about uncertain tax positions taken by a Plan. Management believes that all of the positions taken by the Plan in its federal returns are more likely than not to be sustained upon examination. The Plan's returns are subject to examination generally for the three years after they are filed.

Note I—Fair Value Measurements

Fair Value measurements provide a framework for measuring fair value under Generally Accepted Accounting Principles (GAAP), which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other mean.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note I—Fair Value Measurements—continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2019.

Mutual Funds: Mutual funds are valued at daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commissions. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2019

Investment Category	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Self - directed brokerage Accounts	$2,043,913	-	-	$2,043,913
Investment in fully benefit- responsive investment at contract value				94,821
				$2,138,734

Investment Category	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Self - directed brokerage Accounts	$2,634,490	-	-	$2,634,490

Note J—Information Certified by the Trustee/Custodian (Unaudited)

At December 31, 2018 and 2019, the Plan's investments and notes receivables form participants were held by the Principal Life Insurance Company, Trustee/Custodian. The Plan's financial information that is included in the financial statements is based on information certified by the Trustee as complete and accurate pursuant to 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments and investment income at December 31, 2019 and December 31, 2018 and for the year ended December 31, 2019 was certified by the trustee are summarized in the Exhibit A.

Note K—Risks and Uncertainties

The Plan invests in a variety of investment securities. Investment securities in general are exposed to various risks such as interest rate, market and credit. The financial markets in recent months have shown heightened volatility and the markets are significantly down. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term could materially affect investment balances and the amounts reported in the financial statements. Additionally, many mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their market may be less liquid and their prices more volatile than similar type of securities of comparable U.S. companies.

Note L—Related Party Transactions

Certain Plan investments are issued and managed by Principal Life Insurance Company (PLIC) and its affiliates. The Principal Life Insurance Company is the Plan's trustee as defined by the Plan and, therefore, investments issued and managed by PLIC qualify as party-in-interest transactions (see Exhibit A). Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for the investments management services amounted to $16,862 for the year ended December 31, 2019. The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

Note M—Prohibited Transactions

Participant contributions of $116 were withheld from participants' pay during pay periods in July 2019 and November 2019 but were not remitted to the Plan's trust within fifteen days of the pay date. This constituted a loan of $116 from the Plan to the Plan sponsor. Any lost earnings on participant contributions based on the Internal Revenue Code Underpayment Rate during the period were not considered material.

See Schedule of Delinquent Participant Contribution on Exhibit B.
