To the Participants and Plan Administrator
MMH Partners LP 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of MMH Partners LP 401(k) Plan as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note C, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

December 31, 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of the MMH Partners LP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of MMH Partners LP (the "Company," "Employer" or "Plan Sponsor") who have completed three months of service, as defined in the Plan document, and are at least 21 years of age. The Plan is a qualified profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

At December 31, 2009 and 2008, Automated Data Processing ("ADP") served as the Plan's recordkeeper and State Street Bank & Trust Company (the "Trustee") served as the Plan's trustee.

Contributions

Each year, participants may contribute from 65 percent to 100 percent of pretax annual wages, as defined by the Plan. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer contributes 100 percent of the first 3 percent of base compensation that a participant contributes to the Plan.

Vesting

Employer contributions vest according to the following schedule:

- Less than 1 year - 0%
- At least 1 year, but less than 2 - 20%
- At least 2 years, but less than 3 - 40%
- At least 3 years, but less than 4 - 60%
- At least 4 years, but less than 5 - 80%
- 5 years or more - 100%

NOTE A - DESCRIPTION OF THE PLAN - Continued

Participant Accounts

A separate account is maintained for each of the Plan's participants to reflect the participant's contributions and related matching contributions from the Employer, as well as an allocation of the Plan's income or loss and any related administrative expenses. Allocations of income or loss are based on the proportion that each participant's selected investment balances bear to the respective fund balances in the investment account of the Plan. Allocations of administrative expenses are based upon the proportion that each participant's account balance bears to the total of all participants. Participants direct their investments to any of the available investment options under the Plan.

Benefit Payments

On retirement, death, disability, or termination of services, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. As of December 31, 2009 and 2008, there were no amounts due to participants who had elected to withdraw from the Plan and requested payment of benefits but had not yet been paid.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Forfeitures

Forfeitures represent the portion of nonvested participant accounts remaining in the Plan for all terminated participants who have received benefit payments. Forfeitures are used to reduce Employer matching contributions. Forfeitures applied toward the reduction of Employer's contributions in 2009 were \$15,987. Plan assets included an unallocated forfeiture balance of \$556 and \$-0- at December 31, 2009 and 2008, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Transactional fees and expenses are paid by the respective participants. General and administrative expenses of the Plan are paid substantially by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Subsequent Events

The Plan has evaluated subsequent events through July 22, 2010, the date the financial statements were available to be issued.

Effective March 1, 2010, the Plan was amended to cease the Employer's matching contributions. The Plan Administrator and Plan's tax counsel believe that the amendment has not affected the Plan's qualified status and related trust's tax-exempt status.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, as permitted under such election, the plan administrator has obtained certifications from the Trustee of the Plan that the investment information, and related activity, included in the accompanying financial statements and supplemental schedule is complete and accurate. Information included in the accompanying financial statements and supplemental schedule as to investments in the trust fund administered by the Company and investment income is presented in reliance solely upon this certification.

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the closing price reported in the active market in which the individual funds are traded or the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Plan during 2009; therefore, these transactions qualified as party-in-interest transactions.

NOTE H - INCOME TAXES

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I - PLAN TERMINATION

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants will become fully vested in their Employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.
