INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of Zaheri Group Retirement Plan
San Jose, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Zaheri Group Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by John Hancock Life Insurance Company (U.S.A.), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee/custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H- Schedule of Assets held for Investment Purposes at End of Year, as of or for the year ended December 31, 2019, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion*, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee/custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Zaheri Group Retirement Plan
Notes to Financial Statements
For the year ended December 31, 2019

A. Description of the Plan

The following description of the Zaheri Group Retirement Plan ("Plan") is adopted by Zaheri Group, provides only general information. The employer adopted the profit sharing/401(k) plan which is acceptable under code section 401 of the Internal Revenue Code. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General**. The Plan is a defined contribution plan covering all employees of Team Volkswagen of Hayward Corporation, Mathew Enterprise, Inc., Hayward Nissan Corporation, 3566 Stevens Creek Holdings of CA, LLC and Zaheri Group (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Any union or leased employees or nonresident aliens who have no earned income sources within the United States are excluded from the Plan. The Plan was originally adopted on January 1, 2001. However, the current Plan has been restated in order to comply with current law effective on January 1, 2016.

2. **Eligibility.** In order to qualify as a participant under the Plan, the participant must: 1) be an eligible employee; 2) satisfy the Plan's minimum age and service conditions, and 3) satisfy any allocation conditions required under the Plan. The employee must meet the following:
   -Minimum age requirement- the participant must be at least age 21,
   -Minimum service requirement- the participant must complete at least 1 hours of service during his/her first 6 months of employment. If the participant does not work at least 1 hour during the first 6 months of employment, he will satisfy the Plan's minimum service once he has completed a Year of Service. In determining whether he completes the required hours of service, he must be employed continuously during the first 6 months of employment.

3. **Contributions.** Each year, participants may elect to contribute and thereby reduce taxable compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pre-tax basis as an elective deferral. The limit for 2019 is $19,000 for pretax annual compensation, as defined in the Plan. Participants may also be permitted to deposit into the Plan distributions received from other qualified defined benefit or defined contribution plans and certain IRAs; such a deposit is called a "rollover". Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The investment options are comprised of JH multi-index lifetime mutual funds, various major growth mutual funds, and growth and bond funds. The Employer will also make additional contributions to the Plan. The Employer

will make a matching contribution equal to 100% of a participant's elective deferrals each payroll period, however the they will but not match more than 3% of the participant's Compensation each payroll period. And Fixed Matching Contribution cannot exceed $250 per calendar month. The matching contribution is invested directly into participant-directed of various investment options.

4. **Participant Accounts**. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, (c) forfeitures and charged with an allocation of administrative expenses. Allocations are based on participant's account balances or may be charged equally to each participant. All contributions and allocations are held in pooled separate accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. **Vesting**. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching portion plus actual earnings thereon in based on vesting years of service. A participant is 100% vested after six years of service.

6. **Note Receivable from Participants**. Participants may borrow from their non-forfeitable accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by 50 percent of the participant's vested interest in the plan and bears interest at a commercially reasonable rate. The maximum number of Plan loans that participants may have outstanding at any one time is one. The loan period generally cannot exceed 5 years from the date of the loan. The participant may be able to enter into a longer loan period if the loan is for the purchase of principal residence. Interest is paid ratably through monthly payroll deductions. Loans are treated as participant directed investments.

7. **Payment of Benefits**. Under the Plan, payments of benefits may be made at the following times: 1) normal retirement; 2) termination of employment of the participant; 3) financial hardship; 4) death or disability. If a participant's vested account balance does not exceed $5,000, the participant's vested account balance may only be distributed to the participant in a single lump-sum payment in cash. If a participant's vested account balance exceeds $5,000, then a participant may elect to receive a distribution of the participant's vested account balance in: 1) a single lump-sum payment in cash; 2) installments over a period of not more than the participant's assumed

life expectancy; 3) ad-hoc distributions; 4) various annuity options are available from the John Hancock Life Insurance Company (U.S.A.).

8. **Forfeited Accounts**. If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures will be allocated in accordance with the method chosen by the Employer. At December 31, 2019 and 2018 forfeited non-vested accounts totaled $26,505 and $28,709, respectively.

9. **Administrative Expenses**. Certain expenses incurred in the administration of the Plan are paid directly by the Company.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are stated at fair market value, based on the quoted market prices of the underlying securities within each fund at December 31, 2019 and 2018. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable (loans) from Participants

Notes Receivable (loans) from Participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximate fair value. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and distribution from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

For the year ended December 31, 2019, the Plan has evaluated subsequent events for potential recognition and disclosures through October 7, 2020, the date the financial statements were available to be issued.

Income Taxes

The Plan has adopted a prototype plan which has obtained a favorable opinion letter on November 27, 2001, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, there is no provision for income taxes. The Plan's tax returns are subject to examination by Federal taxing authorities for a period of three years from the date they are filed and a period of four years for California taxing authorities.

C. Investment Information Certified by John Hancock Life Insurance Company (U.S.A.) (Unaudited)

At December 31, 2019, the Plan's investments were held by John Hancock Life Insurance Company (U.S.A.) (the Trustee). The Schedule of Assets (Held at end of year) attached is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor‘s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

D. Related-Party Transactions and Party in Interest Transactions

The Plan allows for transactions with certain parties who perform advisory and book-keeping services to the Plan, including the organization. Fees charged for any investment advisories are paid by the organization, whereas fees charged for record-keeping are paid by the Plan. These transactions are qualified as parties in interest. As of December 31, 2019, the Plan had paid $12,589 in fee to the third party.

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

F. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment options, it is at least reasonably possible that changes in the values of investment options will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

G. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities(Level 1 measurements) and the lowest priority to unobservable inputs(Level 3 measurements).The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2-Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term, the Level 2 input must be observable substantially for the full term of the asset of liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The attached Note G-(continued) sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$9,327,915	$7,166,694
Participant contribution receivable	-0-	(8,889)
Employer contribution receivable	-0-	(3,275)
Net assets available for benefits per the Form 5500	$9,327,915	$7,154,530

J. Subsequent Events

The management of the Plan has reviewed the results of operations and evaluated subsequent events for the year ended December 31, 2019 through October 7, 2020, the date the financial statements were available to be issued and have determined that no adjustments are necessary to the amounts reported in the accompanying financial statements. However, the following events have occurred and the nature of which would require disclosure.

a. Many people have been affected by pandemic COVID-19 starting in the month of March throughout the country. As a result, the shelter-in-place orders were declared on March 19, 2020 and remain in effect today. The operation was closed for six weeks and reopened in May, 2020. The impact of this pandemic on the Plan's contribution in the coming year has not been determined as of today.

b. The Company has applied Paycheck Protection Program (PPP) administered by Small Business Administration of Federal government. The program is to provide economic relief to small businesses and non-profit entities adversely affected by the pandemic nationwide. The Company had received the relief to keep their employees employed during this pandemic.

K. Concentration of Credit Risk

The Plan allows participants to invest into multiple investment contracts which belong to one major family of an investment company. However, each investment contract bears various kinds of risks in the same investment company. The management believes that these contracts have not only reduced various risks, but also kept the costs down.

L. Contingencies

a. Incorrected W-2

In the month of December, 2019, the Company had switched the 3rd party payroll service provider from ADP to Paycom. As a result, some employees' wage & tax statement (Form W-2) were not correct or missing. The new service provider has promised to amend year-end statements.

b. Failed Actual Deferral Percentage Test

The Plan failed the Actual Deferral Percentage test due to inadvertent over contribution to the Plan by a few employees. This may cause a 10% IRS excise tax penalty to the Plan. The Plan administrator would refund the excess contribution back to these employees in current year.
