INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Precision Task Group 401(k) Profit Sharing Plan

We were engaged to audit the statement of net assets available for benefits (modified cash basis) and supplemental schedule of Precision Task Group 401(k) Profit Sharing Plan as of December 31, 2010, and the related statements of changes in net assets available for benefits (modified cash basis) for the year then ended. These financial statements are the responsibility of the Plan's management.

As described in Note B, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by John Hancock Life Insurance Company, except for comparing the information with the related information included in the 2010 financial statements. The plan administrator has informed us that John Hancock Life Insurance Company holds the Plan's investment assets as of December 31, 2010 and executed investment transactions from January 1, 2010 to December 1, 2010. The plan administrator has obtained a certification from John Hancock Life Insurance Company as of and for the periods noted above that the information provided to the plan administrator is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and schedule taken as a whole. The form and content of the information included in the 2010 financial statements, other than that derived from the information Certified by John Hancock Life Insurance Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Precision Task Group 401(k) Profit Sharing Plan
August 19, 2011

We have compiled the accompanying statement of net assets available for benefits (modified cash basis) of Precision Task Group 401(k) Profit Sharing Plan as of December 31, 2009 in accordance with the Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying 2009 financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

PRECISION TASK GROUP 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE A - Description of the Plan:

The following description of the Precision Task Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General -

The Plan is a defined contribution plan covering most full-time employees of Precision Task Group, Inc. (the Company) that have six months of service and are at least 21 years of age. It is subject to the provisions of the Employment Retirement Income Security Act of 1974. (ERISA)

Contributions –

Each year participants may contribute up to 90% of the annual compensation as defined by the Plan. The amount of this deferral is limited to the amount allowed by law. In 2010 the amount was $15,500, exclusive of "catch-up" contributions for certain employees. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, the Company may make discretionary matching contributions based upon a percentage of each participant's salary or a dollar amount. During the 2010 plan year, the Company contributed $20,356 of matching contributions. The Company may also make discretionary profit sharing contributions but none were made in 2010.

Participant Accounts –

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting –

Participants are immediately vested in their contributions and the actual earnings thereon. Vesting in the Company's discretionary portion of their accounts (if any) plus actual earnings thereon is based on years of continuous service. The following schedule describes the participant's level of vesting after each year of service.

Number of Years of Completed Service	Percentage of Vested Interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A – Description of Plan (Continued):

Investment Options –

Upon enrollment in the Plan, participants may direct the investment of their accounts among alternative investment funds provided under the Plan.

Payment of Benefits –

On termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or in installments only to meet minimum distribution requirements. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures –

Forfeitures arise when participants terminate employment before being fully vested in matching and discretionary Company contributions. Forfeitures are maintained in a separate account and are allocated to participants based upon eligible compensation. Forfeitures in 2010 were $5,819.

Administrative Expenses –

The costs of administering the Plan are partially paid for by the Company.

NOTE B – Summary of Significant Accounting Policies:

Basis of Accounting –

The financial statements of the plan are reported on the modified cash basis. This is a comprehensive basis of accounting other than generally accepted accounting principles. Revenues are recognized when received rather than accrued and expenses are recognized when disbursed. Since investments are recognized at fair value, the Statement of Changes in Net Assets Available for Benefits recognizes as income the net appreciation or depreciation in fair value of the investments.

Estimates –

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America or on the modified cash basis requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B – Summary of Significant Accounting Policies (Continued):

Investment Valuation–

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximate fair value

Payment of Benefits –

Benefits are recorded when paid.

NOTE C – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded. These are Level 1 inputs and comprise nearly all of the investments of the Plan.

The fair value of participant loans (notes receivable from participants) is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. These are Level 3 fair value measurements using significant unobservable inputs:

Beginning balance of participant loans January 1, 2010	$19,810
Payments, issuances and settlements (net)	(14,862)
Ending balance of participant loans December 31, 2010	$4,948

NOTE D – Terminated Participants:

Account balances attributed to participants who have separated from service from the Company, but have not yet received a complete distribution, totaled $85,646 at December 31, 2010. None of these participants had requested a distribution as of the balance sheet date.

NOTE E – Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F – Tax Status:

The Plan is a volume submitter 401(k) profit sharing plan of Nova 401(k) Services. The Internal Revenue Service has determined and informed Nova 401(k) Services that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G – Fidelity Bonding Requirements:

The Department of Labor (DOL Reg. 2580.412-11) requires the Plan Administrator to obtain fidelity bond coverage totaling at least $1,000 or 10% of plan assets at the beginning of the plan year not to exceed $500,000. This coverage provides protection to the Plan against loss by reason of acts of fraud or dishonesty on the part of such administrator, officer, or employee, directly or through connivance with others. The Company was in compliance with this regulation in 2010.

NOTE H – Subsequent Events:

Subsequent events were evaluated through August 19, 2011, which is the date the financial statements were available to be issued.

NOTE J – Reconciliation of Financial Statements to Schedule H of Form 5500:

The financial statements and the books of the Plan are prepared and maintained on the modified cash basis of accounting as described in Note B above. The form 5500 for 2009 reflected an accrual for the Company matching contribution. There also appears to be a minor discrepancy in the fair value of the Plan's assets as reported on the form 5500 and as reflected in the Plan's books. Since these financial statements and the form 5500 for 2010 were prepared on the modified cash basis and due to the discrepancy in the beginning balances noted above the net income per the form 5500 differs from the increase in assets available for benefits in these financial statements by $13,367. Following is the reconciliation:

Net increase in assets available for benefits	$157,050
Less employer contribution receivable on the 2009 schedule H Amount included in employer contributions in the financial statements for 2010.	(20,000)
Difference in beginning value of mutual funds on the Schedule H and the books of the Plan	6,633
Net income (loss) on the form 5500, Schedule H for 2010	$143,683

Neither of these differences impacted the individual account balance of any participant.
