1. DESCRIPTION OF PLAN (Continued)

General

The Plan is a qualified defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code (IRC). The Plan covers substantially all of the employees of Admar Supply Co., Inc., The DiMarco Group, LLC, Admar PA, LLC, Admar PENN, LLC, Admar OH, LLC, Admar Holdings, Inc., DiMarco Constructors, LLC, DiMarco Builders, Inc., 1950 Brighton Henrietta Town Line Road, DRO Greece LLC, DiMarco Staffing LLC, Baytown Liquor, LLC, and Baldwin Real Estate Corporation (collectively, the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

Admar Supply Co., Inc. is the sponsor and administrator of the Plan. Enhanced Retirement Solutions serves as the third-party administrator. Reliance Trust Company (Reliance) is the directed custodian of certain of the Plan's assets that were transferred in during December 2019. Massachusetts Mutual Life Insurance Company (MassMutual) provides record-keeping services and is a custodian for certain of the Plan's assets, through December 31, 2020, at which time the retirement business of MassMutual was acquired by Empower Retirement LLC (Empower), and following an initial transition period, Empower will replace MassMutual as sole administrator of this business. Three shareholders of Admar Supply Co., Inc. serve as trustees to the Plan.

CARES Act and SECURE Act Plan Changes

The Plan has implemented certain requirements by the Coronavirus, Aid, Relief and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act). The optional features that the Plan operationally followed included allowance of COVID related distributions, loan payment deferrals, and suspending required minimum distributions. The Plan has stopped loan payment deferrals and reactivated required minimum distributions within the allotted timeframe of the CARES Act. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Eligibility

Effective January 1, 2020, employees of the participating employers are eligible to participate in elective deferrals and the employer match provisions of the Plan upon the attainment of age 18. Participants are eligible to contribute to the Plan immediately upon the attainment of these eligibility requirements under the Plan amendment. Participants are eligible for profit-sharing contributions upon the first day of the quarter following attainment of age 18 and upon completion of one year of continuous employment with at least 1,000 hours of service and must be employed on the last day of the plan year.

Prior to January 1, 2020, employees were eligible to participate in elective deferrals and the employer match provisions of the Plan upon the first day of the month following the date of hire, as defined in the plan document, and the attainment of age 18. Participants were eligible for profit-sharing contributions upon the first day of the quarter following attainment of age 18 and upon completion of one year of continuous employment with at least 1,000 hours of service, and must be employed on the last day of the plan year.

1. DESCRIPTION OF PLAN (Continued)

Contributions

Active participants may make voluntary contributions in the form of salary reductions. Participants are permitted to make elective deferrals in any amount up to 90% of compensation, not to exceed the maximum contribution limits established by the Internal Revenue Code (IRC). The Plan includes an automatic enrollment provision. Newly eligible employees who have not affirmatively opted out of enrollment or made an alternative deferral election in the Plan are automatically enrolled at 4% of their compensation. As long as a participant does not opt out of the automatic increase provision, the participant's elective deferral amount will automatically increase by 1% each year at the beginning of each plan year, up to a maximum of 10%.

Effective January 1, 2020, the Plan was amended to include a Qualified Automatic Contribution Arrangement (QACA) Safe Harbor Match. The matching formula was also amended to be calculated based on 100% of the participant's first 1% of elective deferrals, and 50% on the next 5% of participant elective deferrals. Participants will be fully vested in these matching contributions upon the completion of two years of service. QACA Safe Harbor Match contributions were $819,611 for the year ended December 31, 2020. There were no QACA Safe Harbor Match contributions for the year ended December 31, 2019.

Prior to January 1, 2020, the Company made matching contributions to each eligible participant's account in an amount equal to 50% of the participant's elective deferrals, up to a maximum of 4% of compensation. Employer matching contributions totaled $2,001 and $295,163 in 2020 and 2019, respectively.

The Company may also make discretionary profit-sharing contributions to the Plan on behalf of eligible participants. Such contributions shall be allocated to one group per participant, in an amount designated by the Company to be allocated to each group. The contribution shall be allocated to each group in a manner determined by the Company. The amount allocated to one group need not bear any relationship to amounts allocated to any other group. The Company shall notify the plan administrator and/or the trustees in writing of the amount of contributions allocated to each group. There were no profit-sharing contributions made during 2020 or 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching and discretionary profit-sharing contributions, and investment earnings or losses, and is reduced by benefit payments and administrative expenses. Company contributions, investment income and losses, and plan expenses are allocated to each participant's account based on compensation or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and actual earnings and losses thereon. QACA Safe Harbor Match contributions become fully vested after two years of service. Company matching and profit-sharing contributions vest 20% per year beginning upon completion of two years of service. Participants are fully vested in the company matching and profit-sharing contributions upon completion of six years of service.

1. DESCRIPTION OF PLAN (Continued)

Benefit Payments

Normal retirement age is 65, at which time participants are entitled to 100% of their account balance. On termination of service due to death, disability, retirement or termination of the Plan, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the account balance is less than $1,000, it will be distributed as a lump-sum payment. If the account balance is greater than $1,000 but less than $5,000, the Plan may make an automatic rollover of the entire account balance if the participant does not make an affirmative election to take the distribution. If the account balance is greater than $5,000, the participant may choose a lump-sum distribution, equal installments over various periods based on life expectancy, or partial withdrawal of any amount.

Actively-employed participants that have reached the age of 59 ½ may elect to receive in-service distributions. Hardship withdrawals are also permitted from the Plan for actively-employed participants. Distributions from the rollover source are permitted at any time.

Forfeitures

If an employee terminates their employment before their account has become fully vested, they will forfeit the unvested balance of their account and the forfeitures are used to reduce employer contributions. Any remaining forfeitures are used to offset plan expenses for the Plan year in which the forfeiture occurs. The Company used $141,284 and $65,053 of forfeitures to reduce employer match contributions and plan expenses in 2020 and 2019, respectively. Amounts forfeited by participants, including related investment earnings totaled $135,432 and $90,314 in 2020 and 2019, respectively. Unapplied, forfeited, non-vested accounts totaled $52,196 and $58,048 at December 31, 2020 and 2019, respectively.

Notes Receivable from Participants

While the Plan does not permit new loans, the outstanding loans from transferred plans continue to be amortized in accordance with the provisions of the transferred plan's documents. The notes are collateralized by the balance in the participant's account and bear interest at a rate as determined by the Plan Administrator.

Plan Termination

While the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the guaranteed interest contract is a fully benefit-responsive investment contract.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Change in Accounting Principle

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU eliminates, adds and modifies certain disclosure requirements for fair value measurements. The standard is effective for financial statements issued for years beginning after December 15, 2019. The Plan adopted this standard in 2020, using a retrospective approach. The adoption of this guidance had no impact on the statements of net assets available for benefits or the statements of changes in net assets available for benefits.

Investments

The Plan's investments in mutual funds and pooled separate accounts are reported at fair value as reported by MassMutual. Pooled separate accounts are valued based on the net asset value (NAV) of the underlying investments. The underlying net assets have observable Level 1 or Level 2 quoted pricing inputs, which are used to determine the unit value of the pooled separate account. The Plan's investment in its guaranteed interest contract is a fully benefit-responsive investment contract reported at contract value as reported by MassMutual. Purchases and sales are recorded on a trade-date basis. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments purchased and sold as well as held during the year.

The Plan's guaranteed interest contract is comprised of a general investment account. Contract value is calculated as accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals and fees.

The guaranteed interest contract is a guaranteed interest account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The crediting rate for the account is established for a twelve-month period of time and all assets invested in the account are credited with that rate. The guaranteed crediting rate for both the years ending December 31, 2020 and 2019 was 3.40%.

Certain events, which plan management believes are not probable of occurring, may limit the ability of the Plan to currently transact at contract value and may result in a deferral of the payment at contract value for up to twelve months.

Such events include, but may not be limited to, a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (1) removal from the plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board *Accounting Standards Codification 820* (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

Benefit Payments
Benefit payments are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded.

Administrative Expenses
The Company pays certain administrative expenses of the Plan. Investment management and distribution fees are charged directly to the participants for the transactions.

Risks and Uncertainties
The United States is presently in the midst of a pandemic related to a virus, commonly known as Novel Coronavirus (COVID-19). As a result of COVID-10, there has been heightened market risk, and volatility associated with the pandemic, and this could materially affect participant's account balances and the amounts reported in the financial statements. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by MassMutual, the custodian of the plan and by Great-West on behalf of MassMutual, as agent for the custodian of the plan, and by Reliance, as directed custodian of the Plan, as of and for the years ended December 31, 2020 and 2019 and is included in the financial statements and accompanying supplemental schedule at December 31:

	2020	2019
Investments, at fair value	$ 31,884,687	$ 23,088,461
Investments, at contract value	$ 5,237,549	$ 7,410,924
Investment income:		
Net appreciation in fair value of investments	$ 3,858,071	$ 3,443,093
Interest and dividend income	884,846	274,421
Total investment income	$ 4,742,917	$ 3,717,514
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,611,054	$ -	$ -	$ 23,611,054
Pooled separate accounts	-	8,273,633	-	8,273,633
Total investments, at fair value	$ 23,611,054	$ 8,273,633	$ -	$ 31,884,687

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,774,978	$ -	$ -	$ 12,774,978
Pooled separate accounts	-	10,313,483	-	10,313,483
Total investments, at fair value	$ 12,774,978	$ 10,313,483	$ -	$ 23,088,461

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: valued at fair value based on quoted market prices in active markets.

4. FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts: valued based on the NAV of the underlying investments. The underlying net assets have observable Level 1 or Level 2 quoted pricing inputs, which are used to determine the unit value of the pooled separate account. The investment strategies of the pooled separate account funds are to invest in underlying funds with the goal of producing favorable long-term returns and growth, depending on the overall fund objectives. There are no restrictions on redemption of the pooled separate accounts. There are no unfunded commitments.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of pooled separate accounts and a guaranteed interest contract managed by an affiliate of MassMutual. MassMutual acts as a custodian for these investments. As such, transactions between MassMutual and the Plan qualify as party-in-interest transactions. In addition, transactions involving notes receivable from participants also qualify as party-in-interest transactions.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter on December 12, 2015, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving that determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RECONCILIATION TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2020 and 2019, certain classifications differ between the financial statements and Form 5500.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 27, 2021, which is the date the financial statements were available to be issued.
