To the Trustee of
The Ergonomic Group, Inc. 401(k) Plan
Westbury, New York

We were engaged to audit the accompanying statements of net assets available for benefits of The Ergonomic Group, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company and JPMorgan Chase Bank, N.A., the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2010 to December 31, 2010, and that JPMorgan Chase Bank, N.A. held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2009. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of The Ergonomic Group, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the original Plan document for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution plan covering all employees of the Company who have three months of service and are age 21 or older. There are two types of salary deferrals, Regular 401(k) deferrals and Roth 401(k) deferrals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions - Each year, participants may contribute up to 75% of pre-tax annual compensation within statutory limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Each eligible employee hired by the Company is automatically enrolled in the Plan, unless the employee makes an affirmative election not to enroll. The employee is enrolled to contribute 1% of their eligible compensation to the Plan.

C. Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting - Participants vest immediately in their contributions plus the actual earnings thereon.

E. Participants Loans - Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000, reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the 12 month period ending on the day before such a loan is made, over the outstanding balance of loans from the Plan on the date the loan is made; or 50% of their vested account balance. Loan terms may not exceed 5 years unless the loan is used to purchase a participant's residence, in which case repayment terms may not exceed 30 years. The loans are secured by the balance in the participant's account and bear an interest rate of the prevailing prime rate at the time of the advance plus 1%. Principle and interest is paid ratably through bi-weekly payroll deductions.

F. Payment of Benefits - Participants may receive a full distribution of their benefits upon retirement, in the event of death or disability, in the event of immediate and heavy financial need, upon termination of employment or upon attaining the age

NOTE 1 - DESCRIPTION OF PLAN *(Continued)*

of 59½. Participants may elect to receive either a lump-sum amount equal to the participant's interest in his or her account or installment payments over a period of years which does not exceed the life expectancy of the participant or his or her beneficiary. Minimum distributions shall be made in accordance with Treasury Regulation Section 1.401 (a) (9). The entire interest of a participant must be distributed or begin to be distributed no later than the April 1 of the calendar year following the calendar year in which the participant attains the age of 70 ½. If the value of a participant's account is $5,000 or less, the Plan shall immediately distribute the participant's entire vested account balance.

G. Forfeited Accounts - At December 31, 2010 and 2009, the forfeited non-vested account totaled $9,090 and $8,352, respectively. The balance in this account represents forfeiture contributions that accumulated over time prior to the July 1, 2007 amendment to the Plan. This account continues to accumulate gains and losses and dividend income while a balance remains within the account. This account will be used to reduce future Plan expenses when needed.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting. Certain prior year amounts have been reclassified to conform to the current year's presentation. Such reclassifications did not affect the net assets available for benefits.

B. Accounting Change - The Plan adopted a new accounting standard, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides clarification of how loans to participants should be classified and measured by defined contribution pension benefit plans. The guidance requires that loans to participants be reported as notes receivable from participants in the Statements of Net Assets Available for Benefits and be measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted this standard in its December 31, 2010 financial statements and has reclassified loans from participants from participant-directed investments to notes receivable from participants as of December 31, 2009. Net assets for the Plan were not affected by the adoption of this standard.

C. Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES *(Continued)*

income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. There are no allowances for credit losses, as repayments of principal and interest are generally received through payroll deductions and the notes are fully collateralized by the participants' account balances.

F. Payment of Benefits - Benefits are recorded when paid.

G. Administrative Expenses - All expenses of maintaining the Plan are paid by either the Plan or the Company. Fees charged to process participants' requests are paid by the participant as provided by the Plan document.

H. Subsequent Events - The Plan has evaluated subsequent events through October 7, 2011 the date the financial statements were available to be issued.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 - FAIR VALUE MEASUREMENTS *(Continued)*

Level 2 - Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; and Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds*: Valued at the net asset value of shares held by the Plan at year end.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010:

NOTE 6 - EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed to pass the Average Deferral Percentage (ADP) test for the year ended December 31, 2010. Accordingly, excess contributions amounting to $36,912 were recorded as a liability in the accompanying statement of net assets available for benefits, and as a reduction of participant directed contributions for the year on the statement of changes in net assets available for benefits. The Plan also recorded a liability in the amount of $14,270 related to excess contributions made by the Plan sponsor during 2009. These excess participant contributions payable as of December 31, 2010 and 2009 were returned by the Plan to certain participants on March 9, 2011 and February 24, 2010, respectively.

NOTE 7 - CONTRIBUTION PAYABLE

During 2010, the Plan administrator discovered that one ineligible employee participated in the Plan for the year ended December 31, 2010. The Company corrected this error in accordance with the provision of the Internal Revenue Services' Employee Plan's Compliance Resolution System ("EPCRS"). The amount refunded for the correction amounted to $25, which was recorded as a liability as of December 31, 2010 in the accompanying statement of net assets available for benefits and as a reduction of participant contributions on the statement of changes in net assets available for benefits. The Company reimbursed the participant on September 22, 2011.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Reliance Trust Company, the Plan's Trustee as defined by the Plan for the year ended December 31, 2010. All fees incurred related to investment management services performed by the Trustee on the Plan for the year ended December 31, 2010 are paid directly by the Company which amounted to $47,112 and therefore have not been

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS *(Continued)*

included in the accompanying financial statements. Fees paid by the Plan for the administration of the Plan by Automatic Data Processing, Inc. ("ADP"), the third party administrator as defined by the Plan, for the year ended December 31, 2010, amounted to $852. Accordingly, these transactions qualify as party-in-interest transactions.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 10 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - TAX STATUS

The Company adopted a non-standardized prototype plan for which the Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2008, covering the qualification of the Plan under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS or Treasury. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.
