NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Tobin Lucks, LLP, (the "Partnership") 401(k) Profit Sharing Plan (the "Plan") provides only general information. The specific provisions of the Plan are contained in the Plan document, which governs the legal operation of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Description and Eligibility

The Plan is a qualified, defined contribution plan covering all employees who have attained age 21 of the Partnership and who have completed 1,000 hours of service for the twelve-month period that begins with their employment date. The purpose of the Plan is to provide retirement, disability, and death benefits for the Partnership's eligible employees and their beneficiaries. The Plan is designed to qualify under Section 401(a) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The Plan's effective date was January 1, 1997. Participants can enter the Plan either on January 1 or July 1 after meeting the Plan's eligibility requirements.

Contributions

Under the 401(k) arrangement eligible employees participating in the Plan shall file a salary reduction agreement with the Plan Administrator specifying the amount of compensation or percentage of compensation subject to limitations. The Plan provides rules for excess contributions and its distribution.

Participants may make pretax contributions to the Plan through salary deferrals in any amount not to exceed the annual maximum defined by law, as defined in the Plan. A participant may discontinue contributions at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. The Partnership contributes 50% of the first 4% of compensation that a participant contributes to the Plan. The amount of contribution for the plan year ending December 31, 2010 and 2009 was $54,369 and $58,609, respectively. The Partnership may also, at its discretion, make a profit sharing contribution. There were no profit sharing contributions for 2010 and 2009.

Participant Accounts

The Plan Administrator maintains the accounts of each participant. Each participant's account is credited with the participant's contributions, the participant's share of the Partnership's matching contribution and is charged with an allocation of administrative expenses. Investment income and losses are allocated to participant accounts based on the ratio of their account balance to the total account balances of all participants in the same investment, as defined. Discretionary contributions are allocated among eligible participant accounts in the ratio that each such participant's compensation for the Plan year is to the total compensations for all eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting
Participants are immediately 100% vested in their voluntary contributions and actual earnings thereon. Vesting in the Partnership's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant's employer contribution portion of their account shall vest ranging from 20% to 100% for two to six years of service. The participant's interest in the matching contribution account shall vest 100% upon death and disability.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate of interest charged by any lending institution as of the date of the loan, plus 2 percent. The term of the loan may not exceed five years except when loan proceeds are used to purchase the participant's principal residence, in which case the maximum term is 20 years. Principal and interest is paid ratably through a salary reduction each pay period.

Payment of Benefits
As a general rule, termination by resignation or dismissal, disability, retirement or financial hardship, fully vested accounts will be distributed. If a participant dies before distribution of the participant's interest commences, the participant's entire interest shall be disbursed immediately following the calendar year in which the participant died.

There is only one form of payment under the Plan. The distribution will be in the form of a lump-sum distribution equal to the value of the participant's vested interest in their account, or the participant may select an alternate form of payment, if permitted under the Plan at the time of the distribution.

Forfeited Accounts
Any portion of a participant's account, which is nonvested upon separation from service, is forfeited. Forfeitures reduce discretionary Partnership matching and profit sharing contributions, if any. Any remaining forfeitures are allocated among the participants. At December 31, 2010 and 2009, forfeitures totaled $8,819 and $5,964, respectively.

Investment and Management Administration
The assets of each fund within the Plan are invested under an arrangement with the Trustee. All expenses incurred in maintaining the Plan are paid by the Plan unless the Partnership, at its discretion, elects to pay all or part of the expenses. These expenses include fees of the Plan Trustee, third-party administrators and accountants. The Plan paid substantially all administrative expenses of the Plan, except for accounting fees, during the year ended December 31, 2010 and 2009.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The statement of changes in net assets available for benefits presents the net appreciation (depreciation) in the fair value of the Plan's investments, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Investment Valuation and Income Recognition

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits may present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value if benefit contracts exist. As of December 31, 2010 and 2009, the Plan does not contain any benefit-responsive contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a fair value basis.

If available, quoted market prices are used to value investments. Investments that have no quoted market price are valued at estimated fair market value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at the amount of unpaid principal, which approximates fair value.

Realized and unrealized gains and losses on investments are calculated from fair value as of the previous Plan year-end or from cost if acquired during the Plan year and are included in net appreciation or depreciation in fair value of investments in the financial statements. The net appreciation of investments relates to mutual funds.

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid, as required by generally accepted accounting principles.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses
Administrative expenses of the Plan are paid by the Partnership, a party-in-interest, except for loan processing fees, which are paid from participant accounts.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statement of Net Assets for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 3 - PLAN TERMINATION

The Employer expects that the Plan will be continued indefinitely and the Trust is irrevocable but continuance of the Plan by the Company is not assumed as a contractual obligation. The Employer reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 – INVESTMENTS

The following investments represent 5% or more of the Plan's assets at December 31, 2010 and 2009:

	2010	2009
Pooled separate investment accounts (at fair value):		
John Hancock Lifestyle Growth	$ 362,466	$ 355,634
John Hancock Conservative	459,010	290,836
John Hancock Lifestyle Balanced	424,450	370,065
John Hancock Money Market	624,107	745,790

During 2010 and 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $758,776 and $1,152,598, respectively.

NOTE 5 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has investment contracts with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintains the contributions in a general account. The account is credited with the earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at fair value as reported to the Plan by John Hancock Financial. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value.

There are no reserves against the investment contract for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was $7,554,249 and $6,408,667 respectively.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)

The Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with DOL Regulation 29 C.F.R. Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Trustee.

NOTE 7 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, Fair Value Measurements and Disclosures (Prior authoritative literature: FASB Statement 157 "Fair Value Measurements") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest propriety to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009:

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common/Collective Trusts: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value

The preceding methods described may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market value participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 - FAIR VALUE MEASUREMENTS (continued)

The following table presents by level, within the fair value hierarchy, the plans assets measured at fair value on a recurring basis as of December 31, 2010 and 2009.

NOTE 8 - INCOME TAXES

The Plan obtained its latest determination letter on December 5, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, constituted a qualified plan under Section 401(a) of the Internal Revenue Code and was therefore exempt from federal income taxes under the provisions of Section 501(a). Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 9 - FEDERAL INCOME TAXES APPLICABLE TO PARTICIPANTS

The income tax rules affecting Plan participation are complex, subject to interpretation by the Secretary of the Treasury, and subject to change. A general summary of the federal tax consequences of participation in the Plan follows.

In general, Partnership contributions are not subject to tax when made. In addition, earnings and gains on a participant's account are not subject to tax when credited.

Generally, distributions from the Plan are subject to tax when in the year received from the Plan. However, under certain circumstances, a distribution, or part thereof, may not be taxed if rolled over to an Individual Retirement Account or other qualified plan. If taxable, a distribution may be eligible for special tax treatment under Internal Revenue Code.

NOTE 10 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are units of funds managed by the Trustee (John Hancock Life Insurance Company); these transactions qualify as party-in-interest to the Plan. Certain administrative expenses are paid by the Plan are paid to the Trustee; these transactions qualify as party-in-interest to the Plan. Additionally, the Plan has authorized Investment Managers to execute transactions in accordance with a Designation of Investment Responsibility. If the Investment Manager executes a transaction for which the Plan's investment is also managed by the Investment Manager, this would qualify as party-in-interest transaction.

NOTE 11 – PROSPECTIVE BENEFIT PAYMENTS

As of December 31, 2010 and 2009, the Plan had benefits payable to a participant of $0 and $39,971, respectively, who had elected to withdraw from the Plan.

NOTE 12 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009 to Schedule H of Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 7,984,440	$ 6,768,244
Net assets available for benefits per Schedule H of the Form 5500	$ 7,984,440	$ 6,768,244

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2010 and 2009 to Schedule H of Form 5500:

	2010	2009
Benefits paid to participants per financial statement	$ 439,124	$ 336,017
Benefits paid to participants per Schedule of Form 5500	$ 439,124	$ 336,017

NOTE 13 – SUBSEQUENT EVENTS

Management has evaluated the need for disclosures and/or adjustments resulting from subsequent events through October 4, 2011, the date the financial statements were available to be issued. Based on this evaluation, no disclosures or adjustments were required to the financial statements as of December 31, 2010.

NOTE 14 – RECENT ACCOUNTING PRONOUNCEMENTS

In January 2010, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2010-06 *Improving Disclosures about Fair Value Measurements.* ASU No. 2010-06 clarifies existing disclosure and requires additional disclosures regarding fair value measurements. Effective for interim and annual reporting periods beginning after December 15, 2009 entities will be required to disclose significant transfers into and out of Level 1 and 2 measurements in the fair value hierarchy and the reasons for those transfers. Effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years, entities will need to disclose information about purchases, sales, issuances, and settlements of Level 3 securities on a gross basis, rather than as a net number as currently required. The Plan is currently evaluating the impact, if any, ASU No. 2010-06 will have on its financial statement disclosures.

In September 2010, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2010-25 *Reporting Loans to Participants by Defined Contribution Pension Plans.* ASU 2010-25 changed the reporting of loans to participants. Prior to ASU 2010-25, loans to participants were reported as investments at fair value. Effective for periods ending after December 15, 2010, ASU requires that loans to participants be reported as notes receivable from participants at the unpaid principle balance plus any accrued but unpaid interest.
