POLYMEDCO, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF THE PLAN

The following brief description of the Polymedco, Inc. 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the summary plan description or the plan document for complete information.

General – The Plan is a participant directed, defined contribution plan covering all eligible employees of Polymedco, Inc. (the "Company"). All full-time employees who have met certain age requirements are automatically enrolled in the plan to defer 4% of pre-tax compensation beginning on the first day after the second month following the date the employee is hired, unless they complete a waiver to either choose a different contribution percentage or not participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). JP Morgan Chase Bank N.A. is the Plan's trustee as of December 31, 2009.

Contributions – Employees who are eligible and elect to participate in the Plan may contribute through payroll deductions, 90% of their pre-tax income up to a statutory maximum of $16,500 for 2009. Certain eligible participants (age 50 and over) are permitted to contribute an additional $5,500 as catch-up contributions, resulting in a total pre-tax contribution of $22,000 for 2009.

The Company contributes to the Plan, on behalf of each, an amount equal to 50% of the first 4% and 25% of the next 2% of his or her base compensation that the participant contributes to the Plan. The maximum matching contribution is $6,125.

The Company may make a profit-sharing contribution in an amount determined by the board of directors. Profit-sharing contributions shall be allocated to each eligible participant based on the ratio that such participant's compensation, as defined, bears to the total compensation paid to all eligible participants. No profit-sharing contributions were made for 2009.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and an allocation of Plan earnings or losses. Allocations of earnings or losses are based on the proportion that each participant's account bears to the total of all participant account balances. Participants may change their investment elections at any time through the Plan's recordkeeper.

Vesting – Plan participants are fully vested in their contributions plus actual earnings thereon. In addition, participants vest in employer matching contributions at a rate of 20% per year after two years of service, with 100% vesting after six years of service.

A participant will be 100% vested in the Company contributions if he or she attains age 65, incurs a total and permanent disability or dies while employed by the Company.

1. DESCRIPTION OF THE PLAN (continued)

Benefit Payments – Under the Plan, normal retirement age is 65. On termination of service due to death, disability, retirement or termination of employment, a participant shall have the option to leave the balance in the plan, receive an annuity payment over their life expectancy, or a lump-sum amount equal to the full value of the participant's account balance. Prior to age 65, in-service withdrawals from the Plan are allowed for unusual hardship and upon attaining the age of 59 1/2.

In the event a participant's employment is terminated, the participant's accumulated vested benefits will be distributed to the participant in accordance with the provisions of the Plan. A participant's account in excess of his or her vested interest shall be forfeited upon termination.

Participant Loans – Participants may borrow from their individual account balances in accordance with the Plan's provisions. The maximum amount of any loan is the lesser of (a) $50,000 or (b) one-half the value of the participant's vested account but not less than $1,000. Loans are collateralized by the participant's vested account.

Loans are repaid via payroll withholding in equal installments, one per pay period, representing a combination of interest and principal sufficient to amortize the loans over their terms.

Each loan bears interest commensurate with the prevailing interest rate charged on similar commercial loans under circumstances by persons in the business of lending money. Generally, loans must be repaid within a five-year period; however, loans used to acquire any dwelling unit which is to be used as a principal residence of a participant shall provide for periodic repayment over a reasonable period of time which may exceed five years.

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions and pay expenses of the Plan. For the year ended December 31, 2009, forfeitures utilized to reduce employer contributions totaled $12,787 and forfeitures utilized to pay administrative expenses totaled $2,200. At December 31, 2009, unallocated forfeitures totaled $28.

Administrative Expenses – The Plan provides for all administrative expenses, except certain loan transaction fees, to be paid either by the Company or the Plan, solely at the discretion of the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported and related disclosures. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year. Mutual funds are valued at the quoted market price, which represents the net asset value of shares held by the Plan at year-end. Loans to participants are valued at outstanding loan balances, which approximates fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in increments among various investment options. Participants may change their investment options on any normal business day.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Accounting Pronouncements Adopted During 2009 - In June 2009, the FASB issued guidance under ASC 105, Generally Accepted Accounting Principles, which was formerly referred to as *FASB Statement of Financial Accounting Standards No. 168*, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting Standards Codification (the "Codification") as the source of authoritative U.S. generally accepted accounting principles ("GAAP") for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's financial statements.

During 2009, the Plan adopted FASB Statement No. 165, *Subsequent Events*, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

In January 2010, the FASB issued ASC Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010, and interim periods within those fiscal years. The adoption of this guidance is reflected, where applicable, throughout these financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520:103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments, contributions and net appreciation in the fair value of investments, interest and dividends, interest from participants' loans, distributions to participants, and administrative expenses were certified as complete and accurate by JP Morgan Chase Bank N.A. (the "Trustee") as of December 31, 2009 and 2008, respectively, and for the year ended December 31, 2009 and was not subjected to any auditing procedures performed by the independent public accountants.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED) (continued)

During the year ended December 31, 2009, the Plan's investments in the mutual funds and the common/collective trust (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value by $1,129,264. Dividend and interest income from mutual funds and common/collective trust for the year ended December 31, 2009 was $118,348. Interest income on participant loans for the year ended December 31, 2009 was $5,092.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy has been established which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs are described below that may be used to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,486,398	$ -	$ -	$ 5,486,398
Collective investment funds	-	294,089	-	294,089
Participant loans	-	-	134,860	134,860
Total	$ 5,486,398	$ 294,089	$ 134,860	$ 5,915,347

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Year Ended December 31, 2009
Participant loans balance at beginning of year	$ 61,870
New loans issued and acquired, and loan principal repayments, net	72,990
Participant loans balance at end of year	$ 134,860

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee of the Plan. Therefore, these transactions qualify as permitted party-in-interest transactions.

6. FEDERAL INCOME TAX STATUS

The Plan's administrator adopted a prototype non-standardized 401 (k) plan with cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on May 3, 2002, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

8. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 23, 2010, the date which the financial statements were available to be issued.

9. RISK AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and common/collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The Plan's exposure to concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into various financial instruments.

A portion of the underlying assets of the common/collective trust in which the Plan has invested may include derivative financial instruments. The Plan does not own any of these instruments directly. These instruments are used primarily to hedge exposures associated with currency exchange rates, interest rates, and other factors which may affect the value of securities.

10. RECONCILIATION TO 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2009 and 2008 to the Form 5500:

	2009	2008
