NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Mediterranean Shipping Company (USA), Inc. Employee Savings and Protection Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Mediterranean Shipping Company (USA), Inc. (the "Company") and other participating affiliates who have completed a three month period of service and are age twenty-one or older. It also covers hourly employees who have a minimum of 1,000 hours of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The purpose of the Plan is to provide retirement benefits for the Company's employees.

The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code. Under the Code, participants are not liable for federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

Contributions

For 2010 and 2009, participants were able to contribute a maximum of $16,500. Employees over fifty years old were able to contribute an additional $5,500 in 2010 and 2009. Participants were also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 3% of base compensation, subject to limitations as defined in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions made to these accounts are directed by the participant into a particular investment offered by the administrator and the allocations between investments can be changed at will.

1. DESCRIPTION OF PLAN (cont'd)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Loans

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the remaining balance in the participant's account and bear interest at one and one-half percent above the prime rate. Principal and interest is paid ratably through payroll deductions. A participant can have only one outstanding loan at any one time.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2010 and 2009, available forfeitures of $30,546 and $29,721 were reallocated to the remaining active participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Date of Management's Review

Management has evaluated subsequent events through September 30, 2011, which is the date the financial statements were available to be issued.

3. TAX STATUS

The Plan obtained its latest determination letter on June 3, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, amounts contributed by the Company, Plan participants and Plan earnings are not taxable to the participants until distributed and no provision for income taxes has been included in the Plan's financial statements.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into an investment contract with MetLife Insurance Company. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by MetLife.

6. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the custodian.

	2010	2009
General Investments		
Value of interest in pooled separate accounts	$26,368,445	$21,687,001
Value of interest in insurance contract	$ 3,672,223	$ 3,760,250
Participant loans	$ 1,143,242	$ 1,087,805
Net investment income	$ 2,703,904	$ 4,622,705

7. ERISA BOND REQUIREMENT

The Employee Retirement Income Security Act of 1974 ("ERISA") requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the Plan's assets at the beginning of the plan year or $500,000. At December 31, 2010 and 2009, the Plan's sponsor maintained bond coverage in the amount of $500,000.

8. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than the quoted prices in Level 1, such as quoted prices for similar assets or liabilities, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 because they generally provide the most reliable evidence of fair value. Level 2 inputs were not used.

Level 1 Fair Value Measurements

The fair value of the mutual funds are based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the investment contract is based on the current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Fair Value Measurements are as follows:

	Fair Value	Level 1	Level 3
December 31, 2010			
Mutual funds	$26,368,445	$26,368,445	$ -
Investment contract with insurance company	3,672,223	-	3,672,223
Total	$30,040,668	$26,368,445	$ 3,672,223

8. FAIR VALUE MEASUREMENTS (cont'd)

	Fair Value	Level 1	Level 3
December 31, 2009			
Mutual funds	$21,687,001	$21,687,001	$ -
Investment contract with insurance company	3,760,250	-	3,760,250
Total	$25,447,251	$21,687,001	$ 3,760,250

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the investment contract with the insurance company for the years ended December 31, 2010 and 2009:

Year Ended December 31, 2010	
Beginning balance	$3,760,250
Purchases, sales, issuances and settlements (net)	(88,027)
Total	$3,672,223
Year Ended December 31, 2009	
Beginning balance	$3,016,663
Purchases, sales, issuances and settlements (net)	743,587
Total	$3,760,250

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010 are reported in net appreciation in fair value of investments.

9. RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect amounts reported in the statements of assets available for plan benefits.

10. RELATED PARTY TRANSACTIONS

Some of the investments of the Plan are shares of mutual funds and insurance contracts managed by the custodian, and therefore, these transactions qualify as party-in-interest transactions.

11. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets as of December 31:

	2010	2009
American Growth Income	$2,761,284	$2,431,744
