1. DESCRIPTION OF THE PLAN

The following brief description of the Analytic Partners, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document, adoption agreement, and summary Plan description for a complete description of the Plan's provisions.

General

The Plan was established July 1, 2020 to provide retirement benefits to employees of Analytic Partners, Inc. (the "Plan Sponsor"). The Plan is in accordance with the provisions of Internal Revenue Code ("IRC") Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Prior to the Plan's inception, employees of the Plan Sponsor were eligible to participant in the Sequoia One 401(k) Plan, a multiple employer plan. On July 1, 2020, assets totaling $10,548,621 were transferred from the Sequoia One 401(k) Plan to the Plan. Prior to participation in the Sequoia One 401(k) Plan, the Plan Sponsor sponsored a 401(k) plan, also named the Analytic Partners, Inc. 401(k) Plan, and identified as Plan Number 001 (the "predecessor plan"). The current Plan is identified as Plan Number 002.

Eligibility

All full-time employees, except for those covered by a collective bargaining agreement, nonresident aliens, or leased employees, are eligible to participant in the Plan upon date of hire provided they have attained the age of 21. Part-time employees who complete at least 1,000 hours of service in a Plan year are also eligible to participate following the completion of a year of service. Eligible employees may participate in the Plan as of the next payroll period coinciding with, or the next following payroll period, the date that eligibility requirements are met.

Contributions

Participants are allowed to make pretax and posttax (Roth) contributions up to the limitation specified in the IRC in effect for each taxable year. Participants may contribute up to 100% of eligible compensation, as defined in the Plan document. During calendar year 2020, participants were permitted to contribute up to a maximum of $19,500 plus an additional $6,500 catch-up contribution for employees that are at least 50 years old. The Plan also includes an automatic enrollment feature, effective August 1, 2020, for all newly eligible employees, as well as previously eligible employees without a deferral rate election, to be automatically enrolled in the Plan at a contribution rate of 3%, unless the participant elects otherwise. The Plan does not contain a feature to automatically increase participants' deferral rates.

The Plan Sponsor is authorized to make a discretionary matching contribution of a discretionary percentage of the participants' deferrals or as a flat dollar amount for each participant, as determined by the Plan Sponsor each year. The Plan Sponsor elected to provide a matching contribution of 50% of participant deferrals, up to 6% of participant eligible compensation, for the period from July 1, 2020 (inception) through December 31, 2020. A participant must be employed as of the last day of the Plan year to be eligible to receive the Plan Sponsor matching contribution, unless the participant dies or terminates employment as a result of becoming disabled. Such contributions for the period from July 1, 2020 through December 31, 2020 amounted to $108,470.

Participant Accounts

Each participant may direct his or her contributions and any Plan Sponsor contributions into the investment options offered by the Plan. Each participant's account is credited/debited with the participant's contribution, Plan Sponsor's contributions, if any, the Plan's earnings (losses), distributions, if any, and administration expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, plus actual earnings (losses) thereon. Vesting in any Plan Sponsor contributions is based on years of service, without regard for hours, and vest in accordance with the following five-year graded vesting schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Without regard to the number of years of vesting service, an employee will become fully vested if, while employed with the Plan Sponsor, the employee dies or terminates employment due to becoming disabled.

Participants in the predecessor plan prior to January 1, 2018 with a balance in a prior discretionary Plan Sponsor matching contribution will vest this source of their account balance over a six-year graded vesting schedule, and participants in the predecessor plan on or after January 1, 2018 will vest this source of his or her account balance in accordance with the five-year graded vesting schedule above.

Notes Receivable from Participants
Participants are allowed to borrow from their accounts an amount equal to no less than $1,000 and no greater than the lesser of $50,000 or 50% of the participant's vested balance. General purpose loans have terms of 12-60 months, while loans for the purchase of a primary residence have terms of 61-360 months. The loans bear interest at the prime rate as of the date of origination plus 1%. Principal and interest are paid ratably through payroll deductions. For the one loan outstanding at December 31, 2020, the interest rate was 6.50% per annum with a maturity date in 2021.

Payment of Benefits
Upon termination of employment, retirement, disability, death, or as a result of a qualified domestic relations order, participants are eligible to receive distributions from their vested account balances. Participants may elect to receive a single or partial lump sum. The Plan also allows for in-service withdrawals for their account balance if the participant has attained the age of 59½ or qualifies for a hardship distribution.

Forfeitures
Forfeiture balances of nonvested Plan Sponsor contributions of terminated participants can be used to reduce Plan Sponsor contributions or to pay administrative expenses of the Plan. During the period from July 1, 2020 through December 31, 2020, $801 of forfeited balances were used to reduce Plan Sponsor matching contributions. As of December 31, 2020, the balance in the forfeiture account amounted to $88,893. The fourth quarter matching contribution to the Plan was $94,502, and the forfeiture account was used in January 2021 to cover this entire contribution.

Investment Options
Upon enrollment in the Plan, participants direct contributions into various investment options offered by the Plan. Participants may change their investment elections at any time. Fund balances may be transferred between the funds at the discretion of the participant without restriction.

Administrative Expenses

Certain administrative functions are performed by employees of the Plan Sponsor for which they are compensated by the Plan Sponsor. In addition, the Plan Sponsor pays certain other Plan-related expenditures. Certain investment-related Plan expenses, such as fees paid to administer and manage the funds, are paid from the assets of the funds and, therefore, reduce the overall return offered by the funds. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in compliance with the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year. Realized gains and losses are calculated as the difference between the proceeds from sales and the related investment's fair market value at the beginning of the Plan year, or acquisition cost if acquired during the year. Unrealized appreciation and depreciation are calculated as the difference between the fair value of investments at the end of the year less their fair values at the beginning of the year, or acquisition cost if acquired during the year. Capital gain distributions are included in dividend income.

Payments of Benefits

Benefit payments are recorded upon distribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization classified the 2019 novel coronavirus ("COVID-19") outbreak as a pandemic, triggering volatility in the financial markets and having an impact on the global economy. The Plan's investments are subject to fluctuate in response to changing market conditions, and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. INFORMATION CERTIFIED THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8; therefore, no auditing procedures were performed by the independent auditor with respect to information certified as complete and accurate by the trustee except for comparting such information with the information reported in the financial statement, as permitted under the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Reliance Trust Company has certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and the related interest income in the accompanying statement of net assets available for benefits as of December 31, 2020, the statement of changes in net assets available for benefits for the period from July 1, 2020 to December 31, 2020, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020. No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs are supported by little or no market activity and are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value:

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Common Collective Trusts ("CCTs"): The investments in CCTs are valued at fair value using net asset value ("NAV") as a practical expedient. The use of NAV is deemed appropriate as the common collective trusts do not have a finite life, unfunded commitments, or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will sell a portion of the investment at an amount different from the net asset valuation.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value, by class of asset, as of December 31, 2020:

Description	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$ 8,242,122	$ -	$ -	$ 8,242,122
Investments measured at NAV*				
Common collective trusts (CCTs)				5,557,425
Total investments				$ 13,799,547

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PARTIES-IN-INTEREST

Massachusetts Mutual Life Insurance Company ("MassMutual") serves as the Plan's third-party administrator and recordkeeper. Certain Plan investments were managed by MassMutual; therefore, these transactions qualify as party-in-interest transactions. Fees paid directly by the Plan to MassMutual for Plan administration approximated $23,000 for the period from July 1, 2020 to December 31, 2020 and are included in administrative expenses.

6. INCOME TAX STATUS

The Plan Sponsor adopted MassMutual's volume submitter profit sharing and 401(k) plan. Accordingly, the Plan is permitted to rely on the opinion letter dated March 31, 2014 from the Internal Revenue Service. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its tax exemption. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or de-recognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or de-recognize an asset) or disclosure in the financial statements. Furthermore, there are no tax-related interest or penalties for periods presented in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts and the net assets of the Plan will be distributed as prescribed by ERISA.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 14, 2021, the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to, or disclosure in, these financial statements other than the following.

On December 31, 2020, Empower Retirement acquired the retirement business of MassMutual. Following an initial transition period, Empower Retirement will become the third-party administrator and recordkeeper of the Plan. On January 4, 2021, the third-party administrator and recordkeeper functions of the Plan migrated to the Empower Retirement platform.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
