NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of The Change Company CDFI LLC, formerly The Capital Corps, LLC, (the "Company") who have completed 1 month of service for the elective employee contribution and 6 months of service for other types of contribution, and who meet the Plan's eligibility requirements. The Plan excludes from eligibility those employees who are non-resident aliens, employees who are governed by a collective bargaining agreement and leased employees. The Plan is subject to the provisions of ERISA.

Effective January 1, 2020, the Plan was amended to adopt a new Plan trustee and recordkeeper. The Company completed the migration of the Plan's net assets to the successors on January 17, 2020. The Plan was also amended to allow for employer discretionary matching contribution.

Plan Administrator

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. For the years ended December 31, 2020 and 2019, custodial and recordkeeping services were provided by Principal and TRS, respectively.

Contributions

Eligible participants are automatically enrolled to defer 3.00% of eligible compensation as of the date they become participants in the Plan, unless they elect an alternative deferral percentage, or elect not to defer, by completing a salary deferral agreement. Participants may choose to make contributions before paying taxes and/or make after-tax contributions through the Plan's Roth 401(k) account option.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

Eligible participants may contribute 100% of eligible compensation up to a maximum of $19,500 and $19,000 in 2020 and 2019, respectively. Eligible participants who are age 50 or more may make an additional catch-up contribution up to $6,500 and $6,000 in 2020 and 2019, respectively. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into the various investment options offered by the Plan.

Effective January 2020, the Company may make a discretionary matching contribution equal to a uniform percentage of 50.00%, up to 6.00% of an employee's compensation, for a total maximum of 3.00% of an employee's salary. The Company may also make discretionary profit sharing contributions. There were no discretionary profit sharing contributions made for both of the years ended December 31, 2020 and 2019. The Company may also make qualified non-elective contributions to certain nonhighly paid employees to the Plan. There were no qualified non-elective contributions made for both of the years ended December 31, 2020 and 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's matching, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50.00% of their account balance. Loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Maturity dates range from January 1, 2021 to May 25, 2052. Principal and interest are paid ratably through monthly payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, a lump-sum distribution will be made for account balances less than $5,000 regardless of consent. For account balances greater than $5,000, the participant may elect to receive a lump-sum distribution of the vested balance in a lump-sum distribution or partial withdrawals. For account balances more than $1,000 and less than $5,000, where the participant does not elect to receive or to roll over the distribution, the Plan will establish an IRA rollover account for the benefit of the participant. Account balances can be distributed prior to termination or retirement age for hardship claims, death or disability as defined in the Plan agreement. The normal retirement age under the Plan is 65 years of age.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) was signed into law. The CARES Act provides participants with optional relief provisions related to distributions and loans from the Plan. In April 2020, the Company has evaluated and authorized the implementation of certain relief provisions. Amendments to the Plan document to reflect the CARES Act provisions adopted by the Plan will be made at a later date in accordance with applicable law and IRS guidance.

Hardship Withdrawals

As permitted by the Internal Revenue Code ("IRC") of the United States, an active participant may apply for an in-service distribution from their vested account balance if they have a qualifying hardship. Such distributions are taxable and the participant is not required to cease participation in the Plan.

Vesting and Forfeitures

Participants are vested immediately in their elective contributions, qualified nonelective contributions, rollover contributions plus actual earnings thereon. Vesting in account balances attributable to certain employer discretionary contributions is based on years of continuous service. A participant is 100% vested after 3 years of credited service. If a participant terminates employment, the non-vested portion is used to pay administrative expenses of the Plan, and any remaining forfeitures are used to reduce Company expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Vesting and Forfeitures (Continued)

The following represents the forfeiture activity for the year ended December 31, 2020:

Balance at December 31, 2019	$	-
Forfeited Amount		21,142
Dividends		230
Capital Gains		52
Earnings		2,820
Administrative Expenses		(35)
Forfeitures Available at December 31, 2020	$	24,209

Basis of Presentation and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America. This requires the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities, net assets available for benefits, disclosure of contingent liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Although the Plan uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in investment income. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are deemed distributions to the participants for income tax purposes in the year the note becomes delinquent. The delinquent balance remains in notes receivable for Plan purposes. At December 31, 2020, there were no notes receivable from participants deemed distributed. At December 31, 2019, $39,052 notes receivable from participants were deemed distributed.

Allowance for Loss on Notes Receivable from Participants

A loan is in default if any scheduled payment remains unpaid 90 days after the participant missed the scheduled payment. Upon default, the participant has the opportunity to repay the loan, resume current status of the loan by paying any missed payment plus interest or requesting distribution of the note, if distribution is available under the Plan. If the loan remains in default, the Plan administrator will offset the participant's vested account balance by the outstanding balance of the loan to the extent permitted by law.

The Plan administrator will treat the note as repaid to the extent of any permissible offset. Pending final disposition of the note, the participant remains obligated to any unpaid principal and accrued interest. At December 31, 2020 and 2019, the Plan determined there was no need for an allowance for loss on notes receivable from participants.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Significant administrative costs of the Plan may be absorbed by the Company rather than using Plan assets. To the extent the Company does not pay Plan expenses with its own assets, the Plan generally will pay the administrative expenses of the Plan and will assess the expenses paid against each participant's account pro-rata based on the value of each participant's account balance or participant earnings. However, the Plan may assess to an individual participant's account certain expenses incurred by or attributable to the individual participant.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting Standard Adopted in the Current Year

Fair Value Measurement - In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, *Disclosure Framework (Topic 820) - Changes to the Disclosure Requirements for Fair Value Measurement*. This guidance removes or modifies various disclosures relating to the activity or reconciliations of Level 1, Level 2 and Level 3 fair value measurements. The guidance in this standard is effective for interim and annual periods beginning after December 15, 2019. The adoption of the guidance did not have a material impact on the Plan's financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan determines the fair values of its assets and liabilities based on a fair value hierarchy established under applicable accounting guidance which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There are 3 levels of inputs that may be used to measure fair value. The 3 levels are defined as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 inputs are quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Plan's own financial model using assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

Valuation Process and Techniques

The Plan has various processes and controls in place to ensure that the fair value is reasonably estimated. Market conditions are consistently monitored for fluctuations that could impact value.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Valuation Process and Techniques (Continued)

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 that had, or are expected to have, a material impact on the Plan's financial position or results of operations.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Therefore, mutual fund investments are classified as Level 1.

The pooled separate account ("PSA") at December 31, 2020, Principal Short-Term Income Fund, invests in a single mutual fund. The fair value of the mutual fund is a publicly quoted pricing input used in determining the NAV of the PSA, which is not publicly traded but is available to current participants via the employer website or when participants access their account value. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. Therefore, this investment has a readily determined fair value ("RDFV"). The fair value of the underlying mutual funds is based on third-party pricing vendors and utilize observable market information. Because it is valued similar to mutual funds, this PSA is classified as Level 1.

The TRS PSAs at December 31, 2019 were valued based on NAV of the underlying mutual funds or securities that are publicly available. Similar to the PSA described above, the NAV of the TRS PSAs was available to current participants via the employer website. Therefore, Plan management has determined these PSAs have an RDFV and, as such, it has changed the presentation from Level 2 in the 2019 presentation to Level 1 in the 2020 presentation. This did not have a material impact on the financial statements or disclosures.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's fair value hierarchy for its assets measured at fair value on a recurring basis as of December 31,

	2020		
	Level 1	Level 2	Level 3
Mutual Funds	$ 14,406,736	$ -	$ -
Pooled Separate Accounts	492,966	-	-
Total Investments at Fair Value	$ 14,899,702	$ -	$ -

	2019		
	Level 1	Level 2	Level 3
Pooled Separate Accounts	$ 8,427,198	$ -	$ -
Total Investments at Fair Value	$ 8,427,198	$ -	$ -

Due to their short term nature, the carrying values of participant contributions, employer contributions and interest receivable approximate their fair values at December 31, 2020 and 2019.

At December 31, 2020 and 2019, there were no non-recurring assets recorded at fair value.

NOTE 4 - GROUP INSURANCE CONTRACTS WITH INSURANCE COMPANIES

As of December 31, 2020 and 2019, the Plan participates in a group annuity contract with Principal Life Insurance Company and Transamerica Life Insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guarantee investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. At December 31, 2020 and 2019, the net crediting rate was 1.60%. The crediting rate is reviewed on a quarterly basis for resetting. The guarantee investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 4 - GROUP INSURANCE CONTRACTS WITH INSURANCE COMPANIES

These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported as contract value. The contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The contract value, as reported to the Plan by the contract issuers, is $1,820,951 and $1,249,473 at December 31, 2020 and 2019, respectively, and represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due is dependent on the insurance company's ability to meet its financial obligations. The insurance company's ability to meet its contractual obligations may be affected by future economic and regulatory obligations.

The difference between the book and market value of each contract is periodically amortized into each contract's crediting rate. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events might limit the Plan's ability to transact at contract value with the insurance company. Such events include: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; bankruptcy of the Plan sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan; failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; and premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the insurance company and that also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the insurance company to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: an uncured violation of Plan's investment guidelines, a breach of material obligations under the contract, a material misrepresentation, and a material amendment to the agreement without the consent of the insurance company.

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments are currently held in safekeeping with Principal. Investments are in accordance with the policy set by the Plan administrator or by subsequent policy amendments. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Principal has certified the completeness and accuracy of the following information:

- Investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2020.
- The related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2020.
- The supplemental Schedule H - Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020.

TRS certified the completeness and accuracy of investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2019.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants have a 100% non-forfeitable interest in their accounts, including Company contributions.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service has defined and informed the Company by a letter dated December 12, 2002 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

NOTE 7 - INCOME TAX STATUS (CONTINUED)

Generally accepted accounting principles in the United States of America require the Company to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by the trustee. These transactions qualify as party-in-interest transactions. Participant contributions receivable and notes receivable from participants also qualify as party-in-interest transactions. Fees paid by the Plan for investment management and recordkeeping services amounting to $70,112 for the year ended December 31, 2020 are party-in-interest transactions.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31,

	2020	2019

Add: Participant Contributions Receivable at December 31, 2019		187,065
Participant and Employer Contributions per Form 5500	$	5,652,714

The following is a reconciliation of benefits paid to participants per the financial statements to Form 5500 at December 31, 2020:

Benefits Paid to Participants per the Financial Statements	$	1,980,646
Less: Deemed Distributed Loans		(39,052)
Benefits Paid to Participants per Form 5500	$	1,941,594

NOTE 11 - NON-EXEMPT TRANSACTIONS

During the year ended December 31, 2020, the Company had certain operational delays that caused untimely Plan participant contributions and loan repayments. The accompanying Schedule H - Line 4(a) - Schedule of Delinquent Participant Contributions discloses these transactions in accordance with the DOL's Rules and Regulation for Reporting and Disclosure under ERISA. A correction plan was executed and completed for all contributions, loan payments, and foregone earnings.

Management believes that these corrected untimely remittances will not impact the Plan's tax status.

NOTE 12 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued, and there were no subsequent events to report.
