INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Buxton Company 401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of Buxton Company 401(k) Savings Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Buxton Company 401(k) Savings Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BUXTON COMPANY 401(k) SAVINGS PLAN
Notes to Financial Statements

1 - Description of Plan

The following description of the Buxton Company 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution 401(k) plan, covering substantially all employees of Buxton Company (the "Sponsor"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is intended to be a qualified retirement plan under the Internal Revenue Code.

B. Contributions - Participants may voluntarily contribute to the Plan up to an annual maximum of 100% of eligible compensation, pursuant to a salary reduction arrangement. Total participant contributions in any calendar year are restricted to the applicable limit under Internal Revenue Code Section 402(g). The applicable limit for the plan year ended December 31, 2009 is $16,500 with an additional $5,500 catch-up provision for participants age fifty or older. The Sponsor's matching contribution for 2009 is based on a percentage of pretax employee contributions subject to a maximum of 50% of 5% of participants' eligible compensation. The matching contribution is a discretionary amount equal to a percentage of each contributing participant's elective deferral, which will be determined by the Sponsor from year to year.

C. Expenses of Administrating the Plan - Administrative expenses recorded in the financial statements represent expenses that were absorbed by participants related to administration of the Plan.

D. Participants' Accounts - Each participant's account is credited with the participant's contributions, the Sponsor's matching and discretionary contributions and an allocation of Plan gains and losses. Allocations for Plan gains and losses are based upon the ratio of each participant's account to the total participants' accounts. The benefit to which a participant is entitled is the vested amount in the participant's account.

E. Eligibility and Vesting - Employees of the Sponsor become eligible to participate in the Plan after they have attained the age of twenty-one and have completed six months of service with the Sponsor.

Participants' contributions plus actual earnings thereon are 100% vested at all times. Vesting of Sponsor contributions plus earnings thereon is based upon five full years of credited service allowing for various severance periods as follows:

Year of Service	Vested Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

A participant is 100% vested upon termination by reason of retirement, death, or disability. Upon termination, any amount in which the participant is not vested shall be forfeited. Forfeitures may be used to pay administrative expenses of the Plan or may be applied to reduce future Sponsor contributions.

F. Participant Loans - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance. A participant may not have more than one loan outstanding. The loans bear interest at variable rates and are secured by the balance in the participants' accounts. Principal and interest payments are redeposited in the participants' accounts based on their current allocation election within the Plan.

1 - Description of Plan (continued)

G. Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant entitled to payment under the Plan will have the option of receiving a lump sum distribution equal to their vested account balance or rollover their distribution to an IRA or other qualified retirement plan.

H. Forfeited Accounts - At December 31, 2009, there were no forfeited non-vested accounts. The Plan applied forfeited non-vested accounts in the amount of $14,503 to reduce Sponsor contributions during the Plan year ended December 31, 2009.

2 - Summary of Significant Accounting Policies

A. Basis of Presentation - The accompanying financial statements were prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recognized when the obligation is incurred.

B. Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investments - Investments are stated at fair value as determined by American Funds Service Company (the "Custodian"). Purchases and sales of securities are recorded on a trade-date basis. Loans to participants are valued at amortized cost, which approximates fair market value.

D. Subsequent Events - The Plan sponsor has evaluated subsequent events through July 7, 2010, the date the financial statements were available to be issued.

3 - Plan Termination

Although they have not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

4 - Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7 - Fair Value Measurements

As required by the Fair Value Measurements topic of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), all financial assets and liabilities are measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and enhances disclosure requirements for fair value measurements. The topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The topic establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant drivers are observable.

Level III – Significant inputs to the valuation model are unobservable.

7 - Fair Value Measurements (continued)

The following is a listing of assets and liabilities required to be measured at fair value on a recurring basis and where they are classified within the hierarchy as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level I	Level II	Level III	Total
Interest in registered investment companies:

Participant loans	-	-	36,265	36,265
Total assets at fair value	$ 2,661,232	$ -	$ 36,265	$ 2,697,497

Interest in registered investment companies includes money market funds and marketable securities that are valued using quoted prices on nationally recognized securities exchanges.

Participant loans are valued at amortized cost, which approximates fair value. The preceding method described may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in the fair value of the Plan's Level III assets for the year ended December 31, 2009.

	Participant Loans
Balance 12/31/2008	$ 36,265
