NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of Jim Burke Ford 401(k) Plan (the Plan) are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurement.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative expenses represent the Trustee's investment administration expenses. Haberfelde Ford, dba Jim Burke Ford (the Company), pays all other expenses of maintaining the Plan.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Management's Review of Subsequent Events
Subsequent events were evaluated through June 4, 2010, which is the date the financial statements were available to be issued.

NOTE B – SUMMARY DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) Profit Sharing Plan covering all full-time employees of Jim Burke Ford, Jim Burke Lincoln-Mercury, and Jim Burke Jaguar who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

NOTE B – SUMMARY DESCRIPTION OF PLAN-*(Continued)*

Contributions - Each year participants may contribute a portion of pre-tax compensation, as defined in the Plan, not to exceed the maximum allowable by the Internal Revenue Service ($16,500 for 2009, plus $5,000 catch-up contribution if age 50 or older). Participants may also contribute amounts representing distributions from other qualified retirement plans. For 2009, the Plan was amended to make the matching contribution a discretionary contribution. The Company may make discretionary matching contributions of 100% of a participant's salary deferral on the first 5% of compensation to a maximum of $2,000. The Company's matching contribution for 2009 was $138,861.

The Company may also make a profit sharing contribution and qualified non-elective contributions (QNEC) to the Plan at the discretion of the Board of Directors. None were made in 2009.

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (1) the Company's discretionary contributions, if any and (2) Plan earnings, losses and expenses. The allocation of Plan earnings, losses and expenses is based on the participant's account balances and the allocation of Company discretionary contributions is based on the participant's compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and QNEC contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after completing six years of service.

Investment options - Plan participants direct the investment of their account balances in any of the available investment options and can change their investments at any time.

Participant loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates ranging from, 5.0% to 6.50% as determined periodically by the Trustees. Principal and interest is paid ratably through payroll deductions. Generally, the term of the loan may not exceed five years.

Payment of benefits - On termination of service due to death, disability or retirement, participants will be entitled to 100% of their account balance. For termination of service due to other reasons, participants will be entitled to receive the vested percentage of their account balance. Primarily all distributions from the Plan will be made in a lump sum payment. Assets allocated to participants who have terminated but have not withdrawn from the plan as of December 31, 2009 total $1,243,620.

Forfeited accounts - At December 31, 2009 and 2008, forfeited non-vested accounts totaled $57,462 and $31,129 respectively. These accounts will be used to reduce future employer contributions. In 2009, employer contributions were reduced by $55,637 from forfeited non-vested accounts.

SFAS No. 157, *Fair Value Measurement* accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements
The fair values of mutual funds are based on quoted market prices, which represent the net asset value of the shares held by the Plan at year end.

Level 2 Fair Value Measurement
The fair value of money market funds are based on original cost.

Level 3 Fair Value Measurements
The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

NOTE E – FAIR VALUE MEASUREMENTS-*(Continued)*

Fair Value Measurement Using Significant Unobservable Inputs (Level 3)

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 % vested in their employer contributions.

NOTE G – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 9, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
