We were engaged to audit the financial statements of Longview Fibre Paper and Packaging, Inc. Branch Plant Employees' 401(k) Plan as of December 31, 2009 and 2008 and for the year ended December 31, 2009, and the supplemental schedule for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. Notes to Financial Statements
December 31, 2009

1. Plan Description

The following description of the Longview Fibre Paper and Packaging, Inc. Branch Plant Hourly Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible branch plant employees of Longview Fibre Paper and Packaging, Inc. (the "Company") who have completed one year of service. For purposes of eligibility, one year of service is each consecutive twelve-month period ending on the day preceding the anniversary of an employee's date of hire during which the employee has rendered at least 870 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 31, 2009, the Plan was merged into the Hourly Employees 401(k) Savings Plan. In accordance with the terms of the Plan, all assets and liabilities of the Plan transferred to the Hourly Employees 401(k) Plan as of December 31, 2009, and all benefits that would have been payable under this Plan shall instead be payable from the Hourly Employees 401(k) Plan after December 31, 2009. Beginning January 1, 2010, the merged Plan name will be Longview Fibre Paper and Packaging, Inc. Union Hourly 401(k) Plan.

Investment of Plan Assets

Upon enrollment in the Plan, a participant may direct contributions in whole percentage increments into the following funds:

- American Funds EuroPacific Growth Fund seeks long-term growth of capital by investing in equity securities of companies in Europe and the Pacific Basin.
- American Funds Growth Fund of America seeks capital growth by investing primarily in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital.
- Columbia Real Estate Equity Fund seeks a high level of dividend income and long-term growth of capital by investing in equity securities of companies in the real estate industry.
- Lazard Emerging Markets; Open Shares Fund seeks long-term capital appreciation by investing primarily in equity securities of companies in countries with emerging markets.

the targeted time horizon. As the years progress, the funds' allocations to the underlying investments will shift toward a more conservative stance.

- Vanguard Windsor II Fund seeks to provide long-term growth of capital and income from dividends by investing in a diversified group of out-of-favor stocks of large-capitalization companies. Contributions

Each year, participants may contribute up to 19 percent of their compensation for each payroll period as a pre-tax and/or after-tax contribution, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Of the locations which have Company matching contributions, four have bargained with the Company for the match. For one location, the matching amount is equal to 20 percent of the participants' pre-tax contributions up to four percent of compensation. For three locations, the matching amount is equal to 50 percent of participants' pre-tax contributions with the match not to exceed \$800. The matching Company contributions are invested in various investment options, as directed by the participants. Contributions are subject to limitations established in the Internal Revenue Code (IRC) Section 415 (c). Additionally, the Tax Reform Act of 1986 limits annual amounts deferred by participants under all deferral arrangements to \$16,500 for taxable year 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions and allocations of any applicable fund earnings or losses. Allocations are based on participant earnings on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

During the year, various employees transferred from hourly to salary jobs as part of the normal course of business. Occasionally, an employee may also transfer from salary to hourly as part of the normal course of business. Under terms of the Plans, when an employee moves from one plan to another, their Plan assets are transferred between Plans. All terms such as vesting, contributions and loans continue from their original date. The net transfers between this Plan and other Company sponsored plans totaled \$11,393 for the year ended December 31, 2009.

Vesting

Participants are immediately and fully vested in their pre-tax and after-tax contributions, including earnings thereon.

The Company's matching contributions become vested as follows:

Years of Service

Fewer than 3	0%
3 or more	100%

Notes to Financial Statements
December 31, 2009

In addition, the Plan provides for full vesting of the Company's contributions, including earnings thereon, upon retirement, death or permanent and total disability. Normal retirement age is 65.

If a participant who is not fully vested terminates employment and returns to service after a break of five years or more, the value of the Company's unvested contributions credited to the participant's account prior to termination of employment is permanently forfeited. If a participant terminates employment but returns to service after a break in service of less than five years, the current value of the Company's unvested contributions credited to the participant's account prior to termination of service is credited to the participant's account upon the participant's return to service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 9.50 percent, which are commensurate with the prime rate as announced the last business day of each calendar quarter. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

If a participant's account balance exceeds \$5,000 upon termination due to retirement, death or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial payment (up to four per year), or quarterly installments over a period not to exceed the life expectancy of the participant and his or her beneficiary. If upon termination, a participant's account balance does not exceed \$5,000, it will be distributed in the form of a single lump-sum distribution. A lump-sum withdrawal may also be made upon attainment of age 59-1/2 or in the event of hardship. Withdrawal requests for financial hardship are limited to the amount of a participant's fully vested account balance.

Forfeited Accounts

As of December 31, 2009 and 2008, the Plan had amounts totaling \$ 0 and \$9,284, respectively, representing forfeited, nonvested amounts resulting from employee terminations. These amounts will be allocated back into the Plan subsequent to employee terminations, and will be used to restore accounts of rehired former participants, pay Plan fees and expenses, and to reduce future matching contributions.

Fees and Expenses

The Plan provides that the Company will pay administrative costs and expenses of the Plan, including trustee and management fees. Fees for participant loans are paid by the participants receiving the loans.

Plan Merger

As outlined in Note 1, effective December 31, 2009, the Plan has transferred all assets and liabilities to another plan. As a result, the Plan continues in its new merged form under the plan name of Longview Fibre Paper and Packaging, Inc. Union Hourly 401(k) Plan. This merger does not constitute a Plan termination under the provisions of ERISA and, as such, has had no impact on the Plan's vesting schedule. See Note 7.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments and changes in net assets are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at amortized cost, which approximates fair value. The net depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments held by the plan. See Note 8 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update No. 2010-06, Improving Disclosures about Fair Value Measurements (Topic 820) - Fair Value Measurements and Disclosures (ASU 2010-06) to add additional disclosures about the different classes of assets and liabilities measured at fair value, the valuation techniques and inputs used, the activity in Level 3 fair value measurements, and the transfers between Levels 1, 2, and 3. Levels 1, 2 and 3 of fair value measurements are defined in Note 8 below. The Plan will adopt this new accounting standards update in the year ending December 31, 2010 except for the provisions of this update that will be effective in the year ending December 31, 2011. The Plan is currently evaluating the impact of its pending adoption on the Plan's financial statements.

3. Risks and Uncertainties

The Plan provides investment options in various combinations of investment securities. Investment securities are exposed to various risks including, but not limited to, interest rates, market conditions and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

4. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets:

Vanguard Target Retirement 2015 Fund	-	538,681

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2009</u>
Mutual Funds	\$ 1,386,184

5. Certified Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information regarding the value of investments, at fair value, interest and dividend income and net appreciation in the fair value of investments included in the statements of net assets available for benefits, the statement of changes in net assets available for benefits and the supplemental schedule have been certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee of the Plan, as of December 31, 2009 and 2008 and for the year ended December 31, 2009. Therefore, this information has not been audited by independent auditors.

6. Related Party Transactions

Certain Plan investments are shares of mutual funds issued by Vanguard Fiduciary Trust Company (the "Trustee" as defined by the Plan). These transactions qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan amounted to \$2,386 for the year ended December 31, 2009.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. As a result of the merger outlined in Note 1, the Plan continues in its new merged form under plan name Longview Fibre Paper and Packaging, Inc. Union Hourly 401(k) Plan. This merger does not constitute a Plan termination under the provisions of ERISA and, as such, has had no impact on the Plan's vesting schedule.

8. Fair Value Measurements

The Plan measures the fair value of its assets based upon certain valuation techniques that include observable or unobservable inputs and assumptions that market participants would use in pricing these assets under a fair value hierarchy. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value and are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Investments classified within level 3 whose fair value measurements consider several inputs may include level 1 or level 2 inputs as components of the overall fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

9. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated August 14, 2002 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

10. Plan Amendments

Effective January 1, 2009, the Plan was amended to allow a participant or beneficiary who was required to receive required minimum distributions for years prior to 2009, who would have been required to receive required minimum distributions for 2009 but for the enactment of Code Section 401(a)(9)(H) ("2009 RMDs"), and who would have satisfied that requirement by receiving distributions that are (A) equal to the 2009 Required Minimum Distributions or (B) one or more payments in a series of substantially equal distributions made at least annually and expected to last for the life expectancy of the Participant, the Participant and the Beneficiary, or for a period of at least 10 years, will receive those distributions for 2009 unless he or she chooses not to receive such distributions. For participants or beneficiaries who were not required to receive required minimum distributions for years prior to 2009, who would have been required to receive such distributions for 2009 but for the enactment of the Code Section mentioned above, and who would have satisfied that requirement by receiving distributions mentioned above, will not receive those distributions for 2009 unless the participant or beneficiary chooses to receive such distributions.

Effective April 1, 2010, the Longview Fibre Paper and Packaging, Inc. Union Hourly 401(k) Plan was amended to revise the definition of Earnings under the plan to exclude achievement awards and all other special awards in regards to 401(k) deferrals. This amendment is effective for plan years ending December 31, 2010 and thereafter.
