INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Rolled Alloys 401(k) Plan

We were engaged to audit the financial statements of Rolled Alloys 401(k) Plan as of December 31, 2009 and 2008, and for the years then ended, and the supplemental schedules as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by ING Life Insurance and Annuity Company, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that ING holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from ING as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by ING is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by ING Life Insurance and Annuity Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ROLLED ALLOYS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

NOTE A - DESCRIPTION OF PLAN

The following plan description of the Rolled Alloys 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan became effective October 1, 2000 and is a single employer defined contribution plan covering all eligible employees of Rolled Alloys (Company). All employees of the Company who have three months of service and are age eighteen or older are eligible to participate in the Plan. On October 1, 2000, the effective date of the Plan, all employees became eligible regardless of whether they met the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has a 401(k) Plan Benefits Committee to serve as the Fiduciary and Plan Administrator of the 401(k) Plan. Responsibilities of the Committee include, but are not limited to, ensuring that the Plan is operating in accordance with all applicable laws and regulations, communicating with participants, and filing all IRS and DOL annual reports.

Contributions

The Company makes contributions to the 401(k) Trust on behalf of eligible employees at the direction of the employees (participant's contribution). Currently, employees may elect to have the Company contribute up to the maximum percentage allowable (including up to 30% of their annual discretionary bonus), not to exceed the maximum IRS limit, to the Trust.

Participant accounts

Each participant's account is credited with the participant's contribution and allocation of Plan earnings. Allocations are based on participants' earnings or account balances, as defined. Participants are immediately vested in their contributions.

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Payment of a participant's account is available upon death, disability or attainment of normal retirement age (sixty-five years of age).

ROLLED ALLOYS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2009 and 2008

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Payment of benefits - Continued

However, if so elected, upon termination of employment, the Administration will direct ING to distribute the benefit before the date it would normally be distributed. If the value of the participant's benefit is less than \$1,000, a distribution will be automatically made within a reasonable time after termination of employment. The plan also provides for special advance hardship distributions in the case of certain financial or physical hardships.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments

The Plan's investments are held by ING Life Insurance and Annuity Company and are invested in a fixed account and pooled separate accounts. The investments are reported at fair value determined by obtaining the closing net asset values for each fund from ING.

Administrative expenses

All Plan administrative expenses are paid by the Company unless the Company directs ING to pay them from the trust fund. The trust fund incurred no administrative expenses during 2009 and 2008.

Commission expense

Investment commissions are paid by the trust fund and allocated to each respective participant. The amount is netted against participant earnings. The trust fund incurred \$14,080 and \$14,914 of commission expense during 2009 and 2008, respectively.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent events

Subsequent events have been evaluated through July 26, 2010, which is the date the financial statements were available to be issued.

NOTE D - PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right to terminate the Plan at any time. In the event of Plan termination, the Plan Administrator will distribute all assets remaining in the Trust Fund after payment of any expenses properly chargeable against the Trust.

NOTE E - TAX STATUS

The Company has adopted the Prototype Plan of ING Life Insurance and Annuity Company. The Internal Revenue Service has determined and informed ING that the Prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company relies on ING for legal matters relating to plan design and believes the Plan is currently being operated in compliance with the applicable requirements of the IRC.

NOTE F - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles for fair value measurements establishes a framework for measuring a fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE F - FAIR VALUE MEASUREMENTS - CONTINUED

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Fixed account: Credited with declared rates of interest daily and adjusted for potential surrender charges and market value adjustments.

Pooled separate accounts: Valued at the accumulation unit value (AUV) of units held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and December 31, 2008:

Assets at Fair Value as of December 31, 2009
