NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding the Company's financial statements. The financial statements and notes are representation of the Company's management, who is responsible for their integrity and objectivity. These accounting policies reflect industry practices and conform to generally accepted accounting principles. They have been consistently applied in the preparation of the financial statements,

Company Operations

The Company is a general contractor/concrete subcontractor designing and building parking structures, multi-level cement structures for commercial use, industrial tilt-up construction, multi-unit residential projects, custom homes and a wide variety of foundations, including on-grade slabs, decks and mezzanine construction. Contracts are performed under fixed price contracts. The Company operates solely within the State of California.

Revenue and Cost Recognition

The Company recognizes revenues from long-term construction contracts on the percentage of completion method. Under this method, the completion percentage is measured by the percentage that costs incurred to date bears to total estimated final costs for each contract. Whenever contract costs and estimated earnings on an uncompleted contract are in excess of billings, the net balance is reported as an asset. In the event billings are in excess of costs and estimated earnings, the net balance of the uncompleted contract is stated as a liability.

Due to inherent uncertainties in estimating costs, it is reasonable to assume that estimates will change in the future. When changes in job performance, job conditions and estimated profitability occur, these changes will result in revisions to final estimated revenue, costs and income and are recognized in the period in which the revisions are determined.

Revenue and Cost Recognition (continued)

Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined.

Contract costs include all direct labor, labor burden, material, subcontract and equipment costs and those indirect costs related to contract performance. General and administrative expenses are charged to expense as incurred.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results will differ from those estimated.

Depreciation

Depreciation is provided using the straight-line method over estimated useful lives of the assets. When property or equipment is sold or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in income. Depreciation expense for the year ending December 31, 2022 was $173,717.

S Corporation – Income Tax Status

The Company, with the consent of the shareholders, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporation income taxes, the shareholders of the S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements.

Concentration of Risk

The Company maintains cash in demand deposit accounts with federally insured banks. At times, the balances in these accounts are in excess of federally insured limits.

Concentration of Risk (continued)

The Company extends credit to its customers including private owners, developers and general contractors. The Company does not believe that it is exposed to any significant credit risks in connection with cash or the extension of credit to its customers.

Date of Management Review

Management has evaluated subsequent events through March 24, 2023 as a requirement to the issuance of the financial statements as of the date of this report.

NOTE 2: ACCOUNTS RECEIVABLE

Management believes that all accounts receivable are fully collectible. Consequently, no allowance for uncollectible accounts was recorded.

NOTE 4: BANK LINE OF CREDIT

The Company has a Standby Letter of Credit with Pacific Premier Bank (PPB) in the amount of $2,000,000. NOTE 5: EMPLOYEE RETENTION TAX CREDIT (CARES PROGRAM)

The Coronavirus Aid, Relief and Economics Security Act (CARES Act) enacted on March 27, 2020 provided the Company a notable tax credit for retaining employees on its payroll despite challenges from the Covid-19 pandemic. A national tax-credit consulting firm was contracted to assess and evaluate the Company eligibility for this credit. The assessment included an in-depth analysis of the employment payroll records during the specified periods outlined in the Act.

The Company was determined to be eligible for the employee retention tax credit. The consultants filed all the amended payroll reports for the calendar quarters outlined in the Act. The cumulative tax credits applied for amounted to $5,735,420. These funds were received by the Company in late December 2022. The consultant fee for the services rendered ($860,290) was remitted upon receipt of the ERTC funds.

These refundable credits are treated as tax-exempt income in the financial presentation for the year ending December 31, 2022.
