PROFIT SHARING & SAVINGS TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Chicago White Metal Casting, Inc. Profit Sharing & Savings Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Sponsor/Employer – The Plan is sponsored by Chicago White Metal Casting, Inc. (the Company).

General - The Plan is a defined contribution plan covering all full-time employees of the Company who have completed one year of service and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, at the discretion of the Board of Directors, the Company may contribute to the plan an amount of its current or accumulated net income, which shall not exceed the amount deductible by the Company under the applicable section of the Internal Revenue Code in effect for such year. The Company will also contribute each participant's elective deferral to the Plan subject to statutory limitations. The Company may match the employee elective deferrals at the discretion of the Company's Board of Directors.

Participant Accounts - Each participant's account is credited with an allocation of (a) the Company's contribution, (b) participant elective deferrals, (c) Plan earnings, and (d) forfeitures of former plan participants' nonvested account balances. Allocations are based on participant compensation or participant account balances, as defined. The benefit to each participant is the accumulated sum of the Company's contributions, plan earnings and forfeitures allocated to each participant's account. Employee voluntary contributions and Company matching contributions are held in a separate account for each participant.

Vesting - A participant's vested interest in his account increases incrementally for each year of continuous service. In 2010 and 2009, a participant is 100 percent vested after six years of credited service, as defined. Each participant is fully vested in their participant elective deferral account.

Forfeitures - Forfeitures of non-vested Company contributions are used to reduce future Company contributions. During 2010, there were forfeitures of $4,088. At December 31, 2010, there were $4,205 of forfeitures that have not been applied to reduce the Company's contributions.

Administrative Expenses - Certain expenses incurred in the administration of the Plan are paid directly by the Company. The Company paid approximately $5,000 and $8,000 on behalf of the Plan in 2010 and 2009, respectively.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their account, or annual installments over their remaining life expectancy. Beneficiaries of deceased participants may elect to receive distributions in full within five years of the death of the participant or over the beneficiaries life expectancy.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.25% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and benefit obligations, and claims payable and changes in net asset amounts for benefits and benefit obligations. Actual results could differ from those estimates.

Investments

Investments are valued at fair value based on quoted market prices as of the last day of the year, except for the Hartford Fixed Account. The Fixed Account is fully benefit-responsive and is reported at fair value and adjusted to contract value. The Plan's investments are held by a trust fund administered by a third-party. Employees are entitled to choose investments in several common stock and/or fixed income funds. The Plan's investments consist primarily of equity in mutual funds administered by registered investment companies.

Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Contributions

Employer contributions are recognized as income in the period declared by the employer's Board of Directors.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 3 - TAX STATUS

The Plan has obtained its latest determination letter dated March 31, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code . The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 4 - PLAN TERMINATION PROVISION

Although the plan sponsor has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 5 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

On July 1, 2009, The Plan changed trustees. Prior to July 1, 2009, Principal Trust Company held custody of all investments and participant's accounts. On July 1, 2009, all the assets were transferred over to Hartford Retirement Services. Currently, Hartford Retirement Services has custody of all the Plan's investments. The Plan Administrator has received certification from both Principal Trust Company and Hartford Retirement Services regarding investment gains and losses. The value of investment assets held by the Plan as of December 31, 2010 and 2009 have been certified by Hartford Retirement Services. The following is a summary of the Plan's financial information that was included in the financial statements based on information certified by the trustees as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2010 and 2009, as reported by the trustee, is summarized as follows:

Participant directed plan investments	$5,549,038	$5,387,246

NOTE 6 – RELATED PARTY TRANSACTIONS

The Company is the plan sponsor and administrator. Certain plan investments are shares of mutual funds managed by Hartford Retirement Services, the current trustee and custodian, in 2010 and 2009, therefore, these investments are party-in-interest transactions. Notes receivable – participants are also considered party-in-interest transactions.

NOTE 7 - FAIR VALUE MEASURMENTS

Effective January 1, 2008, the Plan adopted FASB ASC 820, *Fair Value Measurement and Disclosures*. FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements.

FASB ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC 820 also establishes a fair value hierarchy which requires a plan to maximize use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The codification describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in an active market for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted market prices for similar assets in an active or non-active market; or other inputs that are observable or can be corroborated by observable market data

Level 3 Unobservable assumptions and judgments outside of quoted market prices

INVESTMENTS

The mutual funds held in the Plan qualify as Level 1 securities. The Hartford Fixed Account utilizes unobservable inputs and is classified as a Level 3 security.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Hartford Retirement Services (Hartford). Hartford maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by Hartford. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not draw more than the 17% of the prior month end value without incurring a penalty without the consent of Hartford. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Hartford may not terminate the contract at any amount less than contract value.

NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY, Continued

Hartford is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. Hartford has guaranteed a minimum return of 3%. The following are the average yields for 2010 and 2009:

	2010	2009
Based on annualized earnings (1)	2.33%	3.49%
Based upon interest rate credited to participants (2)	1.49%	1.93%

(1) Computed by dividing the annualized one-day actual earnings of the contract on the last day of the plan year by the fair value of the investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the plan year by the fair value of investments on the same date.
