INDEPENDENT AUDITORS' REPORT

Plan Administrator and Retirement Committee
U.S. Transport Inc. 401(k) Plan
Denver, Colorado

We were engaged to audit the financial statements of U.S. Transport Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedules as of and for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedules of assets (held at end of year). We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of U.S. Transport Inc. 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established September 15, 1995, amended and restated. The Plan is available to employees age 21 years or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of U.S. Transport, Inc. (the "Company") administers the Plan. Principal Life Insurance Company ("Principal") serves as trustee, manages Plan investments, and maintains the Plan's records. Principal offers Plan participants a variety of investment options through various investment portfolios. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions

Participants may make before-tax contributions up to 100% of their annual eligible compensation, not to exceed annual limits established by the Internal Revenue Service ("IRS"). This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company may contribute a discretionary percentage, up to 50% of elective deferrals up to 6% of compensation. To the extent matching contributions are designated as qualified, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company contributed $37,312 for the year ended December 31, 2010.

Participants' Accounts

Each participant's account is credited or charged with the participant's contributions and an allocation of the Company's contributions, Plan earnings, administrative expenses, and forfeitures. Allocations are based upon Plan earnings and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age or early retirement age, becoming totally disabled, or if the Plan is terminated.

Participant Loans

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balances in the participants' accounts and bear interest at 4.50%, which are commensurate with local prevailing rates as determined at the initial date of the loan by the Plan administrator, and mature at various dates through February 2015. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or several annuity options. For termination of service for other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution. Accounts with balances less than $5,000 may be immediately distributed upon a distribution event. Benefits are recorded when paid.

Participant Termination and Forfeitures

If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be reallocated on the earlier of the fifth consecutive one-year break in service or the end of the Plan year following the payment of the vested account balance. Forfeitures shall be allocated to participants in the same manner as the employer's discretionary contribution.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The assets for the Plan are comprised of pooled separate investment accounts and guaranteed interest accounts under a group annuity contract, which are reported at fair value as determined by the Plan trustee based on the quoted market prices of the underlying investments. The interest rates on the guaranteed interest accounts ranged from 0.71% to 4.24% at December 31, 2010, and averaged approximately 3.04% during the year then ended. The maturity dates of the guaranteed interest accounts held by the Plan during the year ranged from December 31, 2010 through December 31, 2014.

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Risk and Uncertainties

The Plan provides for various investments, which in general are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequently Issued Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires participant loans to be classified as loans receivable and measured at unpaid principal balance plus accrued but unpaid interest. Previously, these participant loans were classified as Plan investments, and were subject to the fair value measurement and disclosure requirements of Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*. As permitted under ASU No. 2010-25, the Plan has retrospectively adopted ASU No. 2010-25 for the Plan years ending December 31, 2010 and 2009. The adoption of ASU No. 2010-25 did not have a material impact on the Plan's financial statements.

In January 2010, FASB issued ASU No. 2010-06, *Improving Disclosures about Fair Value Measurements*. This guidance requires additional disclosure of transfers of assets and liabilities between Levels 1 and 2 of the fair value hierarchy and disclosure of activities, on a gross basis, including purchases, sales, issuances, and settlements in the reconciliation of the assets and liabilities measured under Level 3 of the fair value hierarchy. This standard also clarifies existing disclosure requirements on levels of disaggregation and disclosures about inputs and valuation techniques. ASU No. 2010-06 was effective for the Plan's year ended December 31, 2010, except for the disclosure requirements on Level 3 activity that will be effective for the Plan's year ending December 31, 2011. The adoption of this standard did not have a material impact on the Plan's financial statements.

Subsequent Events

The Company has evaluated all subsequent events through October 10, 2011, which is the date the financial statements were available for issuance, and determined that there were no subsequent events requiring disclosure.

Note 2 - Assets Certified by Principal

Principal has certified in writing to the Plan administrator that the stated amounts for investments at fair value and loans at amortized cost as of December 31, 2010 and 2009, and the income earned on thereon for the year ended December 31, 2010, as reflected in the accompanying financial statements and the supplemental schedule of assets held (at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

Note 2 - Investments (continued)

Included in investments were the following that exceeded 5% of net assets available for benefits:

	December 31,	
	2010	2009
Guaranteed interest account	$ 186,549	$ 251,702

Principal US Property Separate Accounts	$ 56,368	$ 53,169
Principal Diversified International Separate Account	$ 50,655	$ 51,894

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value measured on a recurring basis as of December 31, 2010 and 2009.

Note 3 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2010, are as follows:

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Large U.S. equity	$ -	$ 246,716	$ -	$ 246,716

Assets at fair value as of December 30, 2009, are as follows:

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
Large U.S. equity	$ -	$ 209,000	$ -	$ 209,000
Small/mid U.S. equity	-	93,147	-	93,147

Guaranteed interest contracts	-	-	251,702	251,702
Total	$ -	$ 535,358	$ 304,871	$ 840,229

The valuation technique used to measure fair value of the pooled separate accounts is based upon the quoted market prices of the underlying value of the investments comprising the pooled separate accounts.

Guaranteed interest accounts are stated at fair value, which is determined by the trustee based upon the value of the contract less contractually defined early withdrawal charges.

There were no changes to the valuation techniques used during the year ended December 31, 2010.

Note 3 - Fair Value Accounting (continued)

Level 3 Changes

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2010:

	Guaranteed Interest Contracts	Principal U.S. Property Separate Accounts	Total
Beginning balance	$ 251,702	$ 53,169	$ 304,871
Total gains or losses (realized/ unrealized) included in earnings	6,666	7,886	14,552
Purchases, issuances, and settlements, net	(71,819)	(4,687)	(76,506)
Ending balance	$ 186,549	$ 56,368	$ 242,917

Note 4 - Income Taxes

On March 31, 2008, the IRS issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself and has since been amended; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or their beneficiary.

Note 7 - Related Party Transactions

Certain Plan investments are pooled separate accounts, and a guaranteed interest contract managed by Principal. Principal is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest.

Note 8 - Reconciliation to Form 5500

Corrective distributions payable at December 31, 2009, and the net change in net assets available for benefits for the year ended December 31, 2009, presented for financial reporting purposes differ from the amounts shown on the Plan's 2010 and 2009 Form 5500 due to the accrual in the Plan's financial statements of corrective distributions payable at December 31, 2009.

Note 9 - Compliance Testing

The Plan is required to operate in compliance with the applicable requirements of the IRC and ERISA to maintain its qualified tax status. During the year ended December 31, 2007, the Plan performed certain compliance testing required under IRC Section 410(b) and ERISA for the years ending December 31, 2004 through 2007. These tests include but are not limited to, the Minimum Plan Coverage Test, the Ratio Percentage Test, the Average Benefit Test, the Actual Deferred Percentage Test, and the Actual Contribution Test. The Plan failed certain compliance tests and the Plan sponsor is working with Principal to complete any required corrective actions. The failure of these tests could result in disqualification of the tax status of the Plan, penalties, and interest.

We are providing this letter in connection with your audit of the financial statements and supplemental schedules of U.S. Transport Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and for the year ended December 31, 2010.

As permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), we have instructed you not to perform any auditing procedures with respect to information prepared and certified by Principal Life Insurance Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and schedules taken as a whole.

We are responsible for the fair presentation in the Plan's financial statements of net assets available for benefits and changes in net assets available for benefits in conformity with U.S. generally accepted accounting principles and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of October 10, 2011, the following representations made to you during your audit.

1. The financial statements and related footnotes are fairly presented in conformity with U.S. generally accepted accounting principles, and the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

2. We have made available to you all:

   a. Financial records and related data;

   b. The only minutes for meetings of the Plan administrative committee dated were August 12, 2010, October 1, 2010 and September 8, 2011.

   c. Plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws; and

3. There have been no communications from regulatory agencies, other than the disclosure in the 2010 financial statements, concerning noncompliance with, or deficiencies in, financial reporting practices, that could have a material effect on the financial statements in the event of noncompliance.

4. We acknowledge our responsibility for the design and implementation of programs and controls to prevent and detect fraud.

5. We have no knowledge of any fraud or suspected fraud affecting the Plan involving:

   a. Management;

   b. Employees who have significant roles in internal control; or

   c. Others where the fraud could have a material effect on the financial statements.

6. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

7. We have no:

   a. Plans or intentions that may materially affect the carrying value or classification of assets and liabilities;

   b. Intentions to terminate the Plan;

8. The following have been properly recorded or disclosed in the financial statements:

   a. Related-party transactions, including transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations there under, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties;

   b. Guarantees whether written or oral under which the Plan is contingently liable to a bank or other lending institution; and

c. All significant estimates and material concentrations known to management that are to be
disclosed. We understand that the significant estimates covered by this disclosure are estimates at the date of the statements of net assets that are reasonably possible of changing materially within the next year. Concentrations refer to the nature and type of investments held by the Plan or markets for which events could occur which would significantly disrupt normal finances within the next year.

9. There are no:

a. Violations or possible violations of laws or regulations (including ERISA, DOL, and Internal Revenue Service ("IRS") regulations), other than disclosed in the financial statements, whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency;

b. Unasserted claims or assessments that our lawyer has advised us are probable of assertion and must be disclosed in accordance with generally accepted accounting principles;

c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed in accordance with generally accepted accounting principles;

d. Material transactions that have not been properly recorded in the accounting records underlying the financial statements; or

e. Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, or events that may jeopardize the tax status) that legal counsel has advised us that must be disclosed.

10. All required filings of Plan or trust documents with the appropriate agencies have been made. The Plan obtained its latest determination letter on March 31, 2003, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, we believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

11. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Code, and we intend to continue as a qualified plan (and trust). The Plan sponsor(s) has operated the Plan and trust or insurance contract in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to the Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

12. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.

13. The Plan has complied with the fidelity bonding requirements of ERISA.

14. There are no:

    a. Non-exempt party-in-interest transactions (as defined in ERISA Section 3(14) and regulations under the section) that were not disclosed in the supplemental schedules or financial statements;

    b. Investments or loans in default or considered to be uncollectible that were not disclosed in the supplemental schedules; or

    c. Reportable transactions (as defined in ERISA Section 103(b)(3)(H) and regulations under that section) that were not disclosed in the supplemental schedules.

15. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

16. No events have occurred subsequent to the date of the Plan's financial statements and through the date of this letter that would require adjustment to, or disclosure in, the aforementioned financial statements.

17. The Company will contribute a discretionary percentage, up to 50% of elective deferrals up to 6% of compensation. The Company contributed $37,312 for the year ended December 31, 2010.

18. The Plan failed certain compliance tests between the years 2004 and 2007, and the Plan sponsor is working with Principal to complete any required corrective actions. The Plan sponsor is aware that the failure of these tests could result in disqualification of the tax status of the Plan, penalties, and interest.
