AMBULATORY SERVICES OF AMERICA, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ambulatory Services of America, Inc. (the “Company” or “Sponsor”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan was adopted on January 1, 2008 by the Board of Directors of the Sponsor and is a defined contribution plan covering all eligible employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent amendments. The Plan has been amended since adoption. The Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (the “Code”).

Participation - An employee is eligible to participate in the Plan, with respect to making salary reduction contributions, upon completion of 250 hours in three months of service and having attained age 18. Employees are eligible with respect to safe harbor, employer matching, qualified non-elective, and discretionary profit sharing contributions upon completion of 1,000 hours in one year of service and having attained age 18.

Tax status - The Plan is a prototype plan offered by First State Trust Company (the “Custodian”). The Internal Revenue Service has determined and informed the Custodian by letter, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the “Code”). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Contributions - Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary contributions made by the Company, and (iv) rollovers from new participants from another qualified plan.

Participant contributions - Participant salary reduction contributions to the Plan may be deferred as a flat amount or as a percentage of regular compensation. However, the total of these salary deferral contributions may not, in any calendar year, exceed limitations set by the Internal Revenue Code.

AMBULATORY SERVICES OF AMERICA, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF PLAN, Continued

Sponsor contributions - The Sponsor may, at its discretion, match participant contributions to the Plan. Sponsor contributions are determined annually by the Sponsor and may equal (i) the total amount of the salary reduction elected by the employee to defer (including “catch-up contributions”), (ii) in addition to depositing the total amount of the employee’s salary reduction (including “catch-up contributions”), the “safe harbor” contribution, (iii) a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction the employee elects to defer, which percentage the Sponsor will determine each year, (iv) on behalf of each non-highly compensated participant and non-key employee, the Sponsor will make a qualified non-elective contribution equal to a uniform percentage of the employee’s compensation, which percentage will be determined each year by the Employer.

For the year ended December 31, 2009, the Sponsor contributed \$841,712 to the Plan.

During December 2008, the Board of Directors of the Sponsor voted unanimously to cease employer non-elective safe harbor contributions to the Plan effective February 1, 2009.

Participant accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, the Sponsor's matching and “safe harbor” contributions, and any allocation of the Sponsor's profit sharing contributions. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the custodian.

Vesting - Participants are immediately vested in their contributions, safe harbor, and matching contributions, plus actual earnings thereon. Vesting in the Sponsor’s discretionary profit sharing contributions, if any, plus actual earnings thereon, is based on years of continuous service, as follows:

<u>Year of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

AMBULATORY SERVICES OF AMERICA, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF PLAN, Continued

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution, a series of installments or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59 ½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Participant loans - Participants may borrow against their vested account balance, at the discretion of the Plan's administrator, in amounts subject to restrictions and limitations determined by the Internal Revenue Code. Repayment schedules for loans are as agreed upon by the participant and the Plan administrator. Interest on participant loans is determined by the Plan administrator as a reasonable interest rate based on a review of the interest rates charged for similar types of loans by other lenders.

Hardship withdrawals - In the event a participant experiences a financial hardship as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. For the years ended December 31, 2009 and 2008, there were no hardship withdrawals.

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to reduce future payments of the Sponsor's matching contributions or Plan administration fees. During 2009 and 2008, there were no forfeited non-vested accounts available to reduce Sponsor contributions.

Plan termination - Although it has not expressed an intent to do so, the Sponsor reserves the right under the Plan, to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and subject to the provisions of ERISA and the Internal Revenue Code. Upon termination of the Plan, all participants become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

AMBULATORY SERVICES OF AMERICA, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investment in various combinations of interest-bearing money market and certificate of deposit accounts, registered investment companies, and common/collective trusts (Note 3). The investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of the investments, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair value measurements - The Plan defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date under a hierarchy that maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. The three levels of inputs which prioritize the inputs used in measuring fair value are:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (for example interest rates and yield curves, credit risks and default rates) or other inputs that are principally derived or corroborated by observable market data, correlation, or by other means.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities (such as discounted cash flows).

Participant loans - Participant loans are valued at cost. Loans outstanding at December 31, 2009 and 2008 bear interest at rates ranging from 4% to 7% and mature through 2014.

Participant distributions - Benefits paid to participants are recorded when paid.

AMBULATORY SERVICES OF AMERICA, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on the contract and market values of the assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

Net assets transferred-in to Plan - During 2009 and 2008, \$42,178 and \$123,929, respectively, in cash was transferred to the Plan from the plan of a former subsidiary of the Sponsor.

Plan expenses - Non-investment costs and most administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are also paid by the Plan.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events - Subsequent events have been evaluated by the Sponsor through July 6, 2010, which is the date these financial statements were issued, and no subsequent events have arisen other than those described herein that would require disclosure in these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Interest bearing cash - The carrying value approximates fair value and is classified as a Level 1 financial instrument.

Registered investment companies - The shares in registered investment companies are valued at quoted market prices in an exchange and active market, which represents the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

NOTE 3 - FAIR VALUE MEASUREMENTS, Continued

Common/collective trusts - Investments in common/collective trusts consist of investments in the Balanced Fund. The fair value of these investments is determined by the fund's trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year end. Investments in the common/collective trusts are classified as Level 2 investments.

Participant loans - Participant loans are valued at their outstanding balances. The fair value of participant loans is equal to the amortized cost of the loans as the loans are secured by each borrowing participant's account balance (Level 3).

The following table provides the hierarchy and fair value for each major category of assets measured at fair value on a recurring basis at December 31:
