We were engaged to audit the financial statements of Samuel Engineering, Inc. 401(k) Savings Plan as of December 31, 2009, and for the year then ended December 31, 2009, and the supplemental schedule of assets held at year end, for the year ended December 31, 2009. The financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Principal Financial Group, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental schedule of assets held at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2009

Note 1: Description of Plan

The following brief description of Samuel Engineering, Inc.'s ("the Company") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible for participation in the Plan once they become employed with the company, and are at least 21 years of age. Participants may enter the Plan on the first quarterly entry date after meeting the participation requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted on August 1, 2001, and amended on August 29, 2009. The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code (Code). Under the Code, participants are not liable for federal income taxes on employee contributions, company contributions, or plan earnings until such time as they are partially or completely withdrawn from the Plan.

Contributions

Each year, participants may contribute pretax annual compensation to the Plan. Contributions are subject to certain limitations and are invested at the direction of the participant. Participants may also rollover amounts from other qualified plans. The Plan currently offers twenty-six mutual funds as investment options for participants and all assets in the Plan are subject to participants' investment direction. The Company may also make discretionary profit sharing contributions based on certain formulas as defined in the Plan. Participants may make hardship withdrawals from elective deferral contributions (but not the income earned on such contributions), matching contributions, and discretionary contributions of their vested accounts.

Participant Accounts

Each participant's account is adjusted by the following increases and decreases: (a) Plan earnings; (b) payment of benefits; (c) increase (or decrease) in the fair value of applicable investments; (d) Company contributions; (e) participant contributions; and (f) administrative expenses incurred in the operations and maintenance of the Plan and its investments. Allocations to each participant's account are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Note 1: Description of Plan, continued

Vesting

Vesting service is described as any period of service from the day the participant started working for the Company, and ends the earlier of the day the participant stopped working for Company or the date the participant is absent from work for one year. Participants are vested in the Plan as follows:

- Under 1 year – 0%
- Over 1 year under 2 years – 33%
- Over 2 years under 3 years – 66%
- 3 or more years – 100%

In the case of termination of a participant prior to being 100% vested, the participant will forfeit any unvested amounts in the participant account. Forfeitures may be used to pay Plan expenses. Amounts remaining after paying Plan expenses are reallocated based on an integrated formula.

Administration of Plan Assets

Contributions are held and managed by Principal Financial Group, the Trustee, who invests cash received, allocates interest and dividend income, and makes distributions to Participants. Employees of the Company perform certain administrative functions for the Plan. Such employees do not receive compensation from the Plan. Administrative expenses can be paid directly by the Company, through the Plan, and from forfeitures.

Participant Loans

Loans are available under the Plan. Loan amounts are limited and may not be more than 50% of the participant's vested account or $50,000, and cannot be less than $1,000. Each participant can have only two loans outstanding at a time and may only take out one loan during any one year. During the year ended December 31, 2009, the Plan issued 11 loans to participants. At December 31, 2009, balance of participant loans totaled $111,244.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, receive payment in installments, or roll over the account balance to an IRA or to another employer's qualified plan in accordance with the terms of the Plan agreement. For participants whose account balance at termination is:

- $5,000 or less, amounts are automatically distributed.

Note 1: Description of Plan, continued

Payment of Benefits, continued

- Greater than $5,000, the participant may direct whether to receive an immediate lump-sum cash distribution, elect to rollover the distribution to another qualified plan or leave the account in the Plan, it will continue to participate in the Plan investments and provide benefits when the Participant retires or dies.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting from information supplied by the Company, the Plan Administrator, and the Trustee.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair Values of Financial Instruments

The Plan adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10-50-8 (formerly Statement of Financial Accounting Standards (SFAS) No. 157), *Fair Value Measurements*, which provides a framework for measuring fair value under GAAP. FASB ASC 820-10-50-8 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

Under FASB ASC 820-10-50-8, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.

- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Note 2: Summary of Significant Accounting Policies, continued

Fair Values of Financial Instruments, continued

- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Company's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Under FASB ASC 820-10-50-8, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Fair value measurements for assets and liabilities recorded at fair value on a recurring basis at December 31, 2009 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Separate accounts	$2,657,505	$ -	$2,499,378	$ 158,127
Investment contracts	446,628	-	-	446,628
Participant loans	111,244	-	-	111,244
Total Assets	$3,215,377	$ -	$2,499,378	$ 715,999

	Beginning balance	Total gains (losses)	Interest credited	Purchase, issuance, settlement	Ending balance	Unrealized gains or (losses)
Separate accounts	$197,176	$(66,371)	$ -	$ 27,322	$158,127	$ (66,110)
Investment contract	403,108	(2,477)	15,671	30,326	446,628	(2,477)
Participant loans	88,046	-	-	23,198	111,244	-
Total	$688,330	$(68,848)	$15,671	$ 80,846	$715,999	$ (68,587)

Note 2: Summary of Significant Accounting Policies, continued

Fair Values of Financial Instruments, continued

Level 2 securities consist of pooled separate accounts that invest in mutual funds (50%), domestic stocks (12%), international stocks (15%), short-term securities such as commercial paper (16%), and fixed securities such as asset-backed securities, residential mortgaged-back securities, commercial-backed securities, and corporate bonds (7%). The majority of the underlying securities have observable level 1 or level 2 inputs including publically quoted pricing inputs and quoted prices for similar assets in active or non-active markets obtained from a pricing service. These inputs are used in determining the net asset value per unit of the pooled separate accounts which are not publically quoted. For international stocks, when markets move outside of set thresholds in a day, Principal will use prices determined by the Fair Market Value mode (a multi-factor regression model) instead of exchange quotes from the pricing service to adjust closing prices on foreign markets for activity between the closing of the foreign and domestic markets.

Level 3 securities consist of participant loans (16%), commercial real estate (22%), and a guaranteed investment contract (62%). Participant loans are reported at unpaid balances which approximate fair value. There is no existing external exit market for these loans as all transactions are restricted to participants and the plan sponsor and cannot be assumed or sold to outside parties. There is no credit risk involved with these loans as any participant defaults are then deemed taxable distributions to the participant. The commercial real estate is a pooled separate account that included mortgage loans which are backed by the associated properties and have unobservable level 3 pricing inputs that are determined by a pricing service company used by the Trustee. The guaranteed investment contract is a group annuity contract established by the Trustee and fair value is the amount plan participants or the plan sponsor would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity.

Note 3: Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net (depreciation) appreciation in the fair value of its investments which consists of the realized gains and losses and the unrealized (depreciation) appreciation on those investments.

The following presents the fair values of the Plan's investments that represent 5% or more of the Plan's net assets as certified by the Trustee and asset custodian on December 31, 2009:

Note 3: Investments, continued

During 2009, the Plan's mutual fund investments and insurance contracts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $410,957.

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is qualified under the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter.

However, the Plan Administrator and the Plan's tax council believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Plan Expenses

For the year ending December 31, 2009, a total of $188,226 of benefits were paid out of the Plan consisting of $82,901 in new loans to current participants, of which $63,822 in

Note 7: Plan Expenses, continued

related fees, interest, and principle was collected and returned to the Plan assets, and $169,147 of benefits to terminated participants, respectively. The Trustee pays quarterly administrative fees to the Plan. These fees are reimbursed by the Company, and amounted to $10,222 for the year ended December 31, 2009.

Note 8: Forfeited Accounts

For the year ended December 31, 2009, forfeitures totaled $2,808. Forfeitures may first be used to pay administrative expenses, and the remaining will be used to reduce the employer contributions.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009:

Net assets available for benefits per the financial statements	$ 3,232,579
Contributions receivable	(17,202)
Net assets available for benefits per the Form 5500	$ 3,215,377

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2009:

Net increase in net assets available for benefits per the financial statements	$ 689,312
Net change in contributions receivable	11,877
Net (decrease) increase in assets available for benefits per the Form 5500	$ 701,189

Note 10: Summary of Information Furnished by Trustee (Unaudited)

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has received certification from the Trustee of the Plan as to the accuracy and completeness of certain financial information of the Plan. The following items were provided by, or were derived from data provided by the Trustee of the Plan:

Note 10: Summary of Information Furnished by Trustee (Unaudited), continued

- Statement of Net Assets available for Plan Benefits at December 31, 2009:

  Investments including separate account assets and their valuation.

- Statements of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2009:

  Interest, dividends, and realized and unrealized (depreciation) appreciation in the fair value of investments.

  Changes in net assets arising from investment activities.

- Supplemental Schedules for the year ended December 31, 2009:

  - All information included in the schedules.

Note 11: ERISA Bond Requirements

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the Plan year or $500,000. At December 31, 2009, the Plan's sponsor maintained bond coverage in the amount of $1,000,000.

Note 12: Subsequent Events

The Company has evaluated subsequent events through July 26, 2010, the date at which the financial statements were available to be issued, and determined that no events have occurred that required disclosure.
