INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
SM&A 401(k) Plan

We were engaged to audit the financial statements of the SM&A 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by The Charles Schwab Trust Company, the custodian of the Plan, except for comparing the information with related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the SM&A 401(k) Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally established by SM&A (the "Company") on January 1, 1993 under the provisions of section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of the Company's employees. The Plan covers all permanent, part-time and full-time employees of the Company. Employees are immediately eligible to make contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Company and certain members of management are the Plan administrator, and are responsible for monitoring investments and maintaining the individual participant account balances. The Charles Schwab Trust Company (the "Custodian") is the custodian of the Plan's assets and the Plan's trustee.

Contributions

Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan. For employees who elect to participate, such percentage shall not be less than 1% nor exceed 20% of compensation as defined under the Plan, subject to certain IRC limitations, up to a maximum amount of $16,500 for the 2010 Plan year. Participants that are 50 years of age or older who have met the IRC annual deferral limit or the specified plan limit of deferral, may contribute a catch-up contribution of up to $5,500 for 2010. Participants may also rollover amounts representing distributions from other qualified plans.

All contributions to each participant's account are self-directed by the participant in one or more of the investment options offered under the Plan, including the option of having a self-directed brokerage account under the Personal Choice Retirement Account option.

NOTE 1 - DESCRIPTION OF PLAN, continued

The Plan provides for discretionary employer matching contributions for all plan participants. For 2010, the Company made discretionary matching contributions equal to 100% of each participant's deferral contribution, up to the lesser of 2.5% of participant 2010 compensation or $245,000. For the year ended December 31, 2010, employer matching contributions totaled $543,012.

The Plan also permits the Company to make employer non-elective contributions and qualified matching contributions to participants' accounts, which may be used to help satisfy certain IRC discrimination testing. Such contributions are allocated in the same ratio as each participant's compensation bears to the total compensation of all participants for that Plan year. During the Plan year ended December 31, 2010, there were no employer non-elective and qualified matching contributions.

Vesting

Participants are fully vested in their contributions and the earnings thereon. Vesting in employer contributions is based on years of continuous service. Participants vest in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Forfeited Amounts

For participants that have no vested balances, their unvested balance is forfeited immediately upon their termination. For participants with partially vested balances, their unvested balance is allocated to forfeitures the earlier of the date of distribution of their vested balance, or the last day of the Plan year in which they incurred five consecutive one-year breaks in service as defined by the Plan.

Forfeited amounts from terminating participants' non-vested accounts may be used to pay reasonable Plan expenses or reduce employer contributions for the Plan year immediately following the Plan year in which the forfeiture occurs. During 2010, employer contributions were reduced by $67,013 using forfeited non-vested accounts. As of December 31, 2010, unallocated forfeited balances totaled $21,851.

NOTE 1 - DESCRIPTION OF PLAN, continued

Participants' Accounts and Investment Options

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of the Plan income and expenses are based on the proportion that each participant's account balance has to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions made on behalf of the participants are invested in various funds according to participant elections. Participants' contributions must be allocated among the available funds in whole percentages. Participants may change investment elections at any time via telephone or via internet access with the Custodian.

Payment of Benefits

Upon termination of service including death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. These payments may be paid in a lump sum payment or paid in installments over time.

Any withdrawal made prior the participant attaining age 59½ for any reason other than death or disability, is subject to a 10% federal excise tax and a 20% federal income tax withholding.

Benefit distributions for the Plan year ended December 31, 2010 totaled $6,187,570.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document. There was one hardship withdrawal of $16,803 for the year ended December 31, 2010.

Participant Notes Receivable

Participants may borrow against their vested account balances. The minimum note amount is $1,000. The maximum note is 50% of the vested account balance, not to exceed $50,000. Notes are to be repaid by payroll deductions over five years or less, unless the note is for the purchase of a principal residence; in this case, the repayment period may be extended up to 30 years.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

Investment Valuation

Investments are stated at fair value (see Note 4). Net appreciation or depreciation for the period is reflected in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade date basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company for the administration of the Plan.

Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* ("ASU 2010-06"). ASU 2010-06 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* (see Note 4), to clarify certain existing fair value disclosures and to require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and to present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. The Plan adopted ASU 2010-06 for the plan year ended December 31, 2010. However, the adoption did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes are related to the fair value measurement disclosures.

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* ("ASU 2010-25"). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as receivables from participants, and segregated from Plan investments. Previously, participant loans receivable were measured at fair value and classified as investments. The Plan adopted ASU 2010-25 for the year ended December 31, 2010. Participant loans receivable of $484,903 have been reclassified from investments to receivables on the accompanying statement of net assets available for benefits as of December 31, 2009.

NOTE 3 - INVESTMENTS (Unaudited)

The *Personal Choice Retirement Accounts* are individual self-directed brokerage accounts that allow participants to invest in a wide range of investments traditionally offered by brokerage accounts. At December 31, 2010 and 2009, investments in the *Personal Choice Retirement Accounts* consisted of the following:

	2010	2009
Cash	$ 1,422,279	$ 1,290,018
Corporate bonds	9,997	13,778
Common stock	848,203	837,290

Mutual funds	760,167	825,418
Publicly traded limited partnerships	125,048	12,092
Unit investment trusts and exchanged traded funds	443,692	169,612
	$ 3,617,786	$ 3,162,981

During 2010, the Plan's investments appreciated in value (including realized and unrealized gains and losses) by $3,704,674 as follows:

	Net Appreciation in Fair Value of Investments
Mutual funds	$ 2,854,895
Investments held in collective trusts	363,687
Self-directed brokerage accounts	486,092
	$ 3,704,674

The following is a summary of the Plan's investments which exceeded 5% of net assets available for benefits as of December 31, 2010 and 2009 that was derived from information prepared by the Custodian of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Custodian that such information is complete and accurate (see Note 7).

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan measures fair value of its investments in accordance with ASC Topic 820 ("ASC 820"). ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. ASC 820 also provides for a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 describes three levels of inputs in priority that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates and yield curves, credit risks, and default rates) or other inputs that are principally derived from or corroborated by observable market data by correlation or by other means.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

NOTE 4 - FAIR VALUE MEASUREMENTS, continued

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy:

Money Market Funds

The fair value of investments in money market funds is based upon quoted market prices which represent the net asset value of shares of the fund held by the Plan at year-end and are classified as Level 1 investments.

Common Collective Trusts

Investments in common collective trust funds are valued at their net asset value, which is based upon the fair value of the underlying investments. While the underlying asset values are primarily based on quoted prices, the net asset values of the common collective trusts are not publicly quoted. These investments have been classified within Level 2 of the valuation hierarchy.

Mutual Funds

The fair value of the Plan's investments in mutual funds is based upon quoted prices in active markets, which represent the net asset value of the shares held, and are classified as Level 1 investments. The Plan's classes of mutual funds are as follows:

Large Cap includes a mix of predominantly U.S. common stocks, all of which have market capitalization in excess of $10 billion.

Mid Cap includes a mix of predominantly U.S. common stocks, all of which have market capitalization between $2 billion and $10 billion.

Small Cap includes a mix of predominantly U.S. common stocks, all of which have market capitalization between $300 million and $2 billion.

Bonds include debt securities of any maturity, such as bonds, notes, bills and debentures.

Blended includes a mix of predominantly assets in stocks and other equity securities and the remainder in bonds and other debt securities. The stocks and other equities are predominantly U.S. common stocks.

NOTE 4 - FAIR VALUE MEASUREMENTS, continued

Self-Directed Brokerage Accounts

The self-directed brokerage accounts hold various investments of publicly traded securities, such as mutual funds, common stocks, corporate bonds, and interests in publicly traded limited partnerships. The fair value of these investments is based on quoted market prices, and such investments are included in Level 1 of the valuation hierarchy.

As of December 31, 2010, the Plan's investments measured at fair value on a recurring basis were as follows:

	December 31, 2010		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated August 6, 2010 stating that the Plan was designed in accordance with applicable IRC requirements as of that date. In addition, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is reflected in the accompanying financial statements.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 7 - SUMMARY OF UNAUDITED INFORMATION

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010;
- Schedule I: Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010, except for participant notes receivable of $494,444; and
- Investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009 as reflected in Note 3.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain plan investments are funds held in common collective trusts in which the Custodian is the trustee of the trust and manages the investments. Also, the Plan's investments include loans with Plan participants which totaled $494,444 and $484,903 as of December 31, 2010 and 2009, respectively. Administrative fees paid by the Plan to the Custodian amounted to $2,800 for the year ended December 31, 2010. The Custodian, Company, and Plan participants are considered parties-in-interest under ERISA. All of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for investments in any combination of investment funds with different investment strategies. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment funds and the level of uncertainty related to changes in their value, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated and determined that no events have occurred subsequent to the balance sheet date and through October 13, 2011, the date of issuance of these financial statements, which would require recording or disclosure in its financial statements.
